C. B. Bartley, formerly of this place, but now a citizen of Altoona, fell from the roof of a house which he was preparing to shingle, on the afternoon of the 28th inst., in Altoona. The distance of the fall was twenty-five feet. His shoulder and hip were badly bruised as well as the right side of his face.
Last week it was no uncommon thing for people who live away from the railroad, to ask when they came to town, "who is dead in that house?" pointing the places where the emblems of mourning hung. They had not heard of the death of General Grant, or if they had they had not thought of hanging out the drapery of mourning.
A correspondent of the Cincinnati Gazette writes that Mrs. Grant thinks \$12,000 would be a respectable remuneration for the medical attendants of General Grant, who have put in no bill whatever. Six thousand dollars of this money was raised by Stanford, Huntington and Crocker, of the Central Pacific Railroad, and Mackey and others raised the balance.

The most deadly foe to all malarial diseases is Ayer's Sarsaparilla, a combination of vegetable ingredients only, of which the most valuable is used in no other known preparation. This remedy is an absolute and certain specific, and succeeds when all other medicines fail. A cure is warranted.
The Blair County Radical says: A "circle hunt" is talked of to destroy a colony of forty wild dogs infesting the foot of the mountain near Altoona, between Dry Gap Road and Mill Lane. The beasts recently killed a cow, and not long since ten of them blocked the way of a farmer on a country road, and growled so fiercely that his horse refused to pass them.
The Drexel Cottage in which General Grant died on Mount McGregor was struck by lightning on the evening of July 25, after a night of no damage was done excepting the lights were extinguished, and some plastering was knocked off in an upper room and a guard was stationed and almost fell on the coffin of the General. Two officers were knocked down by the bolt in a hotel near by.
The Town Council are advertising for proposals to relay certain Avenues and gutters, and by inference announce that grades are to be changed. Certain property holders have not protested against relaying of pavement, but have protested against gutters, and among other reasons, state, that buildings erected along the proposed changes of grade were built not many years ago according to present grade and that no private or public interest unless it be the interest of the jobber requires or demands a change of grade and that such a piece of work would be useless, uncalled for and extravagant.
The Newport News of last week says: Tuesday last week Mr. George W. Barber, of Liverpool township, met with an accident that may result in his death if it has not already done so. He was riding his powerful and famous stallion to work, when the animal became fractious and Mr. Barber reined him up quite severely. The horse reared until he stood almost straight on his hind legs and then fell backward. Mr. Barber remained astride of him, as the horse's movements were only the work of a moment, and both went to the earth together, the horse, with all its great weight, falling on his owner. In another moment the stallion had rolled away from the wounded man and arising to his feet unscathed off, while his victim lay in the public road, badly injured. Both bones of his left arm between the elbow and wrist were broken. The latter was dislocated and his left hip bone was split. His back weighed heavily on a small stone, which almost was imbedded in his flesh, while his horse was on top of him. Severe internal injuries were also experienced. He was swollen about the loins and upper part of his body on Saturday so badly that the skin had the appearance of succumbing to the great pressure to which some places on his person had turned blue, threatening mortification, which is speedily followed by death in the ordinary nature of things.—Mr. Barber is probably 40 years old, married and has a family.

EXAMINATIONS.
Thirteen regular and one special examination were held during the year. One hundred and thirty-two teachers were examined. Nine failed to pass and were not licensed. Many of those who passed had been attending school and took a higher grade of certificate than formerly. There are still a few teachers who are satisfied with present attainments, and who make no effort to improve.
COUNTY INSTITUTE.
All the teachers in the county, except three, were present. The attendance of directors and friends of education was very pleasing and encouraging, indeed the work all through was practical, full of enthusiasm and adapted to the ability and want of our teachers. Our teachers were prompt and punctual in their attendance, of the both day and evening sessions, and are worthy of commendation for the aid rendered to make the institute a success.
LOCAL INSTITUTE.
Three local institutes were held at Thompsonstown, Richfield and McCoyville. The meetings were well attended by teachers, directors and patrons. I have every reason to believe that all who attended these meetings were benefited, and that much good resulted from them.
CONCLUSION.
My thanks are due to many of our directors and citizens at whose hands I have received hospitable entertainment, and hearty sympathy and support in my labors. My thanks are also due to the teachers for their support and kindness received at their hands. I am also very grateful to the Department for the many acts of courtesy and kindness received, and especially to Dr. E. E. Higbee, for services rendered at the County Institute.
W. E. AUMAN, Co. Superintendent.

Festival.
There will be a festival at McKinley's school house, one mile north of McCoyville, on Saturday afternoon and evening, August 8. The proceeds of the festival will be devoted to promote Sabbath school interests. People from far and near are cordially invited to come and have a good time.

Cheer Up! Help is at Hand.
"I'm afraid I shall have to be taken to a hospital or to the poorhouse. I've been sick so long that my husband, good and patient as he is, can't stand the worry and expense much longer." No, you won't die, dear wife and mother. See what Parker's Tonic will do for you. Plenty of women as badly off as you are, have been rescued from the grave by it. It will build you up, curing all ailments of the stomach, liver and kidneys, and is simple, pleasant and safe.
Harvest Home.
The Indian Mound Harvest Home will be held in Milliken's grove on August 16. The opening exercises will be, music; Long metrical Doxology; Prayer by the Rev. C. S. Denton; response by J. W. Spedy; music; adjourn until 2 P. M. In the afternoon there will be address by clergyman, members of the bar of Milliflinton and others. It is expected that the Spruce Hill Cornet Band will be in attendance at this Harvest Home also music by the choir of the St. Paul's Lutheran and the Academics church.
J. N. POMEROY, Chairman, Ex. Committee.

Sudden Death.
Anne, daughter of George and Carolina Likens, of Walker township, died very suddenly on Wednesday, the 29th inst. She had been about her work as usual and had just brought a bucket of water when she told her mother she did not feel well, and was told she had better lie down, when she asked that her father who was out in the fields be called. Her mother was about to send one of the children, when she said, "No, ring the bell for I'll be here long." The bell was rung but when the father came she was unconscious and soon died. Her age was 12 years and five days.—Tribune of last week.
Taken In.
The Altoona Tribune tells the following: Samuel Bell, a well known farmer of South Huntington township, Westmoreland county, was taken in to the tune of \$1,250 by sharpers at Oberlin's show in West Newton on Thursday last. Bell made an impression against the proprietors of the show, who said he did not know the swindlers, but he at once went to the ticket wagon and counted out \$1,250 which he gave to Bell. Oberlin's show is the one to which 60 cents was charged as admission when it exhibited here on Fourth of July. A similar occurrence in Johnstown, but the loser in that instance failed to get back his lost money.
Teachers' Examinations.
Teachers' Examinations for 1885, for Juniata county, will be held as follows: Milliflinton and Fernanagh, in Milliflinton, August 11th. Patterson and Milford, in Patterson, August 12th. Port Royal and Turbett, in Port Royal, August 13th. Walker, at Centreville, August 17th. Delaware and Thompsonstown, at Salem, August 18th. Greenwood, at Straight Water, Aug. 19. Susquehanna, at Laurel Hill, Aug. 20th. Monroe, at Richfield, August 21st. Fayette, at McAlisterville, August 22nd. Lack, Cross Keys, August 25th. Tuscarora, at McCoyville, August 27th. Spruce Hill, at Widoon, August 28th. Beale, at Johnstown, August 29th. Examinations begin strictly at 8 o'clock A. M. Strangers must furnish a certificate of good moral character. Directors and friends of education are specially invited to be present. A special examination for the county will be held in Milliflinton, September 19th. W. E. AUMAN, Sup't. Juniata County. A New Fish Story.
As the Juniata Piscatorial Association were enjoying themselves at Etna last week, they were joined by I. K. Little and son of Saxton. The company were loafing along the bank of the river spinning yarns, smoking cigars, and trying to keep cool, when Mr. Little, Jr., who had smoked his cigar so long, he couldn't get it to his mouth, he thought he would try a small bit of tobacco that remained in the creek. There followed a slight twid in the water as if a fish had snapped a bait, and the end of the cigar disappeared. A discussion immediately arose as to whether it was a bass or not, that had gone for the cigar stump. Presently there was another flury in the water and a bass eight inches long flopped to the shore and Mr. Little, Jr., grabbed the fish and held it fast. A post mortem examination on the body of the fish, revealed a bit of tobacco leaf in its stomach. It had taken its first lesson in smoking, and with fatal results. This is the first to which the weed has been applied.—Everett Press.

HALL'S HAIR RENEWER.
Vegetable Stimulant.
The great popularity of this preparation, after its test of many years, should be an assurance, even to the most skeptical, that it is really meritorious. Those who have used HALL'S HAIR RENEWER know that it does all that is claimed.
It causes new growth of hair on bald heads—provided the hair follicles are not dead, which is seldom the case; restores natural color to gray or faded hair; preserves the scalp healthy and clear of dandruff; prevents the hair falling out or changing color; keeps it soft, pliant, lustrous and causes it to grow long and thick.
HALL'S HAIR RENEWER produces its effects by the natural influence of its vegetable ingredients, which invigorate and rejuvenate. It is not a dye, and is a delicate article for toilet use, containing no alcohol. It does not evaporate quickly and dry up the natural oil, leaving the hair harsh and brittle, as do other preparations.
Buckingham's Dye FOR THE WHISKERS
Colors them brown or black, as desired, and is the best dye, because it is harmless, produces a permanent natural color; and, being a simple preparation, is more conducive of application than any other.
