It creates other men to construct fish baskets and so a strong probability that a great many names forth by the payment of five dollars to the have been placed on the list that ought not warden. Certain wardens are said to have to be there at all, not necessarily by any colreceived hundreds of dollars by blackmail- lusion, or even negligence, of the Pension Office, but as the consequence of undetected deception and fraudulent papers. The law, as it now stands, furnishes an abundant opportunity for such deceptions; and pension agents, especially those in Washington, are too sharp-sighted not to see their opportunity and improve it. They make it a business to get up pension claims in all parts of the country, and then get them through the Pension Office, expecting to reap large prof-

its there from. The Government has been enormously windled through its Pension system;; and it is high time that Congress took some efficient steps to put an end to this swindling. We believe in extending the most generous liberality to the soldiers and sailors who fought to save the Union; but we do not believe in swindling the people under the lieve in a reckless and extravagant pension has been the political sin of Democrats and
