## JESUS SANDOBAL, THE GUIDE. Strange Story of the Career of a Mexican Frontier Character.

"Here is a curious thing that may be of interest to you," said a gentleman as he laid a formidable looking weapon on the desk. It was an old Colt's 45-cali-bre revolver, and on the butt were nu-merous notcles, which had evidently been ent with a shore knife. "That is almost for a shore sent to the Eastern States by rail. During a corresponding period in 1885, 2,000 car-loads, or 40,000,000 were shipped, be-ing an increase of 32,000,000 pounds in merous notches, which had evidently been cut with a sharp knife. "That six-shooter belonged to a man with a history," continued the visitor. "He was an old friend of mine, and he al-ways said I should have that pistol when he died. It was received by me recently, and with it came a letter tell-ing me of my friend's steath recently wear Lardo. Texas. His name was ing me of my friend's death recently near Laredo, Texas. His name was Jesus Sandobal, and he was perhaps the most noted Mexican guide ever on the southern Texas frontier. After many years of strange adventures and hair-breadth escapes he passed away at last quietly enough. quietly enough.

"Sandolal was a full-blooded Mexi. tured by those interested in thus great can, and until he was about 40 years old lived quietly on his little ranch near Direction of a central association which will lead Ringgold Earracks on this side of the Rio Grande. He had a wife and daughter, the latter a pretty girl of about 18 growing the leading industry of Caliyears, and he spent most of his time fornia.

years, and he spent most of his time with them on the ranch, only going off every now and then, to sell some cattle or trade horses. He was always con-sidered a quiet sort of fellow at that time. "One day he went off on a horse tra-"One day he went off on a horse tra-

"One day he went off on a horse tra-ding expedition, and when he came back he found his house in ruins, his horses and cattle driven off, and his wife and daughter shamefully treated wheat, but it is now making its appear-wheat, but it is now making its appearwife and daughter shamefully treated by a party of marauding Mexicans. He tracked these men to the Rio Grande and some distance into Mexico, but could not catch them. Then he rode back again, sold what was left of his property, and started out, determined the North North Started out, determined to be revenged. He went into North-ern Mexico and poisoned the wells and springs where the horses and cattle horse. He horses and cattle He burned ranches and barns, minutes, turned over often enough to and destroyed everything he could. Every now and then a Mexican would be found dead on the road, with a bul-let in his brain or his heart. Parties were organized to hunt him down, traps the wheat to grade much higher. Six were laid for him, and every endeavor pounds of vitriol will be sufficient for a was made to either kill or capture him; ton of seed wheat.

There are a great many he was forced to spend much of his time in Texas. In 1874, when Capt. L. H. McNelly went down to the Rio Grande with his company of Texas Rangers to try to stop the cattle steal-ing, Sandobal was chosen as guide, and appropriated some of the matter in sap, oven. Place each one on a strip of buta better one could not have been select-die and fall to the ground. August is a oven. Place each one on a strip of but-tered toast, thicken the cream with ed. The rangers were mostly young convenient season for such work, and four, season well, pour it over the fish, and give each a dash of lemon the Mexican cattle thieves and white cut down at that season are less liable desperadoes who had successfully eluded to sprout the next spring. Instead of the United States cavalry for years cutting and piling at once, it is better laughed at the company of beardless to cut and trim and let everything lie of flour, one pound of sugar, one-boys, and said they would be sent home broad cast on the land to shade it, and half pound butter, four eggs and one pan and pour the mixture into it. to their mothers within a month. Me-Nelly went into camp about three miles drop.

above Brownsville and waited for a chance to show what he could do.

"One day word was brought down the river from a place called Los Cue- best selected if we would improve them. vas, about sixty miles above. that a Breeding at random is too much like large number of Mexicans were taking a big herd of stolen cattle from Texas not get what they should-the best. into Mexico. The news reached the Selling the best fowls and breeding from ranger camp at noon, and thirty of the men started for the place immediately, guided by Sandobal. They made the sixty miles in a little more than six they are no longer worth picking. The hours, and over a bad road at that a poultry-raiser, as the stock-breeder, wonderful feat even for those reckless should breed from the finest specimens, wonderful feat even for those reckless frontier riders. Seven of the horses those that will give him the most profit died afterward from over-exertion. In for the outlay,

## FARM NOTES.

THE wonderful increase in the fruit-

OLD-FASHIONED CHICKEN FOT PIE -Cut the chicken as for a fricasse. growing industry of California is almost Chop a quarter pound of fat salt pork, and with it cover the bottom of a wide-mouthed, rather shallow pot. Next lay in the pieces of chicken, sprinkle with minced onion, and just cover with cold water. Over this lay a thick biscuit crust, pretty short. Stew one hour and a haif, then brown by holding a red-hot shovel close to the crust, or if you have a stove cover that fits the pot neat this very hot and fit it on; leaving it five minutes or so, the pot being drawn to the side of the stove, where it will be hot without boiling. Now, lift the crust out with a fork and cake turner, and cover to keep warm. Take Then put in squares or stripes of piecrust, cook gently ten minutes; arrange

the chicken on a flat dish, lay the dumplings on it, pour the gravy over them, and cover with crust. To make eggs on toast take six eggs,

HOUSEHOLD,

one cupful drawn butter (drawn in milk), slices of stale bread (toasted and buttered), chopped parsley, pepper and salt. Heat a cupful of milk to scald-ing; mix m a large teaspoonful of but-ter, a teaspoonful of flour wet with cold water and rubbed smooth, and stir un-til it is as thick as custard. Add chopped parsley, pepper and salt to taste. All this should be done in a tin vessel set in boiling water and over the fire. Have ready the toast (not forgetting to pare the crust from each side before it is toasted), buttered and laid in close rows on a hot dish. Pour a tablemoonful of hot water on each piece. Beat the eggs very lightly, and stir fast into the drawn butter until they are a rich yellow sauce, almost stiff enough to stand alone. Heap upon the toast and send hot to table.

WASHING LACE .- Make a lather of good white soap; have it just lukewarm, ay the lace in over night. In the morning squeeze out and put in fresh water a little soapy. Rinse and blue lightly, pin on a cloth and hang out. When dry dip it in sweet milk, squeeze

out and lay on the cloth, pick out and pull in shape, lay cloth and all between the leaves of a large book, like a geo-

and send it to the table hot.

WATER POUND CAKE .- One pound

ing it two teaspoonfuls of any good BREEDING fowls should be separated baking powder. The cup of water from the main flock, and only the very must be quite warm, but not really hot, Beat the eggs separately.

> THE Germans concoct an after-dinner beverage perfectly adapted to the deli-cate taste of ladies; this is the celebrated egg wine. Rasp off the yellow rind of a lemon, with a quarter of a pound of sugar. Put the sugared juice of a lemon in a casserole with half a teaspoonful of freshly ground cinnamon a bottle of white wine and four well-beaten eggs; whisk it all together over hate other people and children

the fire until it is scalding hot, but do not allow it to boil.

PEARL WHEAT.—This is good as a variation on the oatmeal porridge for breakfast. Take half a cup of pearl wheat, two cups of milk and four cups of water, with a scant teaspoonful of salt. Let the milk and water boil up in a saucepan on the stove, then stir in the wheat and salt. Put the wheat in the inside kettle of a steamer to cook, pouring boiling water in the outside kettle around it. Boil two hours. Let the steamer stand all night on the back of the range, and in the morning heat it up gradually just before serving. This can be also done with oatmeal.

CHILDREN'S PUDDING. -- Heat : generous pint of milk to beiling point. Star into the milk one tablespoonful of cornstarch which has been smoothly mixed with a little cold milk, two wellbeaten eggs, a teaspoonful of butter and sugar to taste; essence of lemon is pleasant as flavoring. Let all this boil up at once and then add one cupful stewed prunes that have been seeded. Pour the mixture into a baking dish and bake for twenty minutes. Serve with cream or sauce or an naturel. 🛸

III3 Cheffinit Street, Phila Bend the Testimony of Rev. Wm. B. Chal-fant, a well-known Clergyman of Phila. PHILADELPHIA, PA., January B, 1888, Pastor's Study, Messiah M. E. Church, My DEAR SIR-I feel that I ought to make

known my experience with Frof. Wm. C. Wil-sun's "ACTINA" BATTERY, not only in jus-tice to him, but also that the afflicted may learn where to look for a remedy for serious nd obstinate diseases. For five years I have een suffering with great distress in my h esulting at times in complete incompete or work; this, together with a throat trocausing hoarseness, rendered speaking no only laborious and painful to myself, but un pleasant to my congregation. Haave used you "ACTINA" since the 25th of November, 1860 My voice is fully restored, and since usi

your instrument and wearing your garments i have not experienced any distress whatever in my head. Have worked 16 to 18 hours out of the 24 for the last five weeks, and never felt better in my life. My wife is also wearing the Garments and using the "ACTINA," and finds very great relief, having suffered 3 years from neral debility. My little boy of 6 winters wh has suffered from a catarrhal trouble since an attack of scarlet fever, is using your instrument and improving. I wish you a continua-tion of success. Very truly and fraternally yours, WM. B. CHALFANT,
