HAGERSTOWN, MD.

ILLUSTRATED History of RUSSIA from the Earliest Times to 1877. By A. RAMBAUD, Translated by L. B. LANG. In two large 12mo volumes, Long Primer type, with numerous fine illustrations and maps. Fine cloth, gilt tops, Library style. Price reduced from \$18 to \$1.75.

RAMBAUD'S is doubtless the best history of Russia in any language. Russian history begins almost in myth, proceeds into a wilderness of conflicting traditions, and emerges into a clear light only in comparatively recent times. It is studded with imposing personalities and darkened by hideous after the sufferings of a great people lend it pathos; the unrest of the present hour and the uncertain outlook for to-morrow invest it with deep interest. M. Rambaud puts the reader's mind fully in train to consider the situation of the hour.—Literary World, Boston.

THE PERIOD covered is from the earliest times to 18:7. It is more interesting as told by M. Rambaud than any romance. It is a last taken vast pains to make his history both full and accurate;

his style is nervous and forcible, and he gives a graphic picture of the bloody centuries through which the Russian Empire rose. His book lifts to a great extent the veil of mystery that hangs

over the origin and growth of Russia.-Inquirer, Philadelphia. NO STUDENT of history and no observer of war, and the Mazeppa of Byron comes in as a charming episode. The high civilization attained without the adoption of a civilization of government, leaves no room for surprise at the strength of Nikilism.—Inter-Occum, Chicago, Ill.

THE HISTORY of Russia now published that it is to be great and must affect to a remarkable extent that it is to be great and must affect to a remarkable extent the condition of well-nigh the entire human race. No more weighty matter of debate exists among the nations than that the history of the rise of this monderful nation is remarkable. Its power of absorption and diffusion is phenomenal. "The world," said Napoleon on the well on the weighty matter of debate exists among the nations that the White Czar, representing territorially the greatest nation on earth and one of the strongest, most ambitious, shrewdest, far-seeing, and persistent, is the central figure. What is the lest History or Russian Slave expanded from small districts about the call that of M. Alfred Rambaud,—Morning Star, Boston.

ILLUSTRATED CATALOGUE, 132 pages, 4 cents; Condensed Catalogue, free. The best literature of the world at the lowest prices ever known. Address JOHN B. ALDEN, Publisher, 393 Pearl Street, New York.
