SENTINEL & REPUBLICAN

MIFFLINTOWN.

Wednesday, Nov'br 24, 1886.

B. F. SCHWEIER,

EDITOR AND PROPRIETOR.

PHILADELPHIA papers reported the city well-filled with country people last week.

IT is reported that a movement is on foot to induce President Cleve land to appoint Lieutenant Governor Black minister to Turkey.

CHOLERA has broken out in Buenos Ayres. There is no need of being uneasy about the plague getting this far north at this season of the year.

EX-PRESIDENT, CHESTER A. ARTHUR, died at his residence in New York City, at 5 o'clock last Thursday morning. He was born on the 5th day of October 1830.

THE Altoona Tribune remarks, that the tramp who can find money enough to fill his skin full of bad whisky is not a proper object of charity. The chances are that such an one would-n't work if he had a dozen chances. And why should the industrious cit izen contribute to the encouragement of chronic pauperism?

Where Good Citizens Come From

The country boy or girl is face to face with practical realities. He sees how slowly money is made on the farm; he is taught from youth up the need of economy; he has the na ture of saving first explained to him every day in the week; he is not ex-posed to the temptation of the sa-loon or ballroom, and he is not so much of a lady's man before he has occasion to use a razor on his downy cheeks. He may be a trifle rude; he may not feel easy in company, but in the long, closely contested race of life it is the chap that trudges to school bare footed in summer and in stogas in winter, whose mother cuts his hair with the sheep shears, who leads the chap that goes to the city school with the starched shirt front and fancy slippers, and whose head is shaved with a lawn mower at the barber shop. Such has been our ob-servance, and we think we know what we are talking about.—Iowa Home-stead.

What's the Remedy, Colonel Bob?

N. Y., Evening Post, Nov. 11.

Colonel Bob Ingersoll took up the labor problem in a lecture last night and remarked, among other things, if correctly reported, that: "There is sometimes wrong in every govern ment where they who do the most have the least; where idleness is bur-dened with wealth and industry pinch-ed with famine; where honesty wears rags and rascality a robe; where the loving and tender eat a crust, and where the infamous sit at banquets." We think it very likely this is true. There is a fearful amount of wrong in the world in every direction. But we did not need an orator of Colon-el Ingersoll's powers to tell us this. Dennis Kearney could do it, and, in-deed, did it. What we need to know is what is this wrong, and how we are to cure it. By what legislative process can we give honesty proper clothing and take the robes away from rascality, give the loving and tender good square meals and put the infa-mous on short commons? The coun try is swarming with orators and writers telling us "there is a wrong somewhere" or else Jones and Brown would not be so short of money, and Smith and Black would not have so much. We respectfully submit that we have had enough of this talk, and it works infinite mischief. What we need now are workable plans of pre-venting poverty and failure in life.

A Railroad Horror.

PITTSBURG, Nov. 18.—The limited express coming East on the Pitts-burg, Cincinnati and St. Louis Rail road, which was due in this city at 6.30 this morning, was wrecked by a landslide at Jones Ferry, on the out-skirts of the town, and a number of persons were injured, two of whom, it is thought, will die from the results of their wounds. The heavy rains of the past thirty-six hours had loos-ened the earth along the road and the conductor of the limited had been instructed to proceed carefully. The train was running slowly, not making more than ten miles an hour. Just at the time it reached Jones's Ferry a mass of rocks and earth came tumbling down a precipice 40 feet above. The first part of the train escaped, but the hugh mass crashed into the three sleeping cars. The interior of the first of the sleep-ing cars was almost completly de-molished. It was the Cincinnati car and fortunately had a smaller num-ber of passengers on it than any coach that has gone out of Cincinna-ti on the limited for months. All of the occupants had arisen, and most of them were in the forward part of the car, making their toilets. The two other sleeping coaches were bad-ly wrecked. The scene following the accident was indescribable. Women shrieked and children screamed, while above all was heard the groans of the injured, who were wedged in be tween the berths and the rocks una-ble to move. For a moment those of the passengers who had escaped uninjured were so dumbfounded that they stood motionless. The sleepers were completely filled with dust, and it was difficult to determine which of their number had been most serious-ly injured. The moment the crash was heard the engineer stopped the train, but as soon as the conductor saw the results he cried; Hurry on to the Union station. We don't want to wait a minute, as we must care for the injured." The train was then started and in a few minutes the station was reached. A full corps of surgeons and company attendants were on hand to carry out and care for the injured. It was found that eight passengers had been seriously hurt, while probably as many more had received painful cuts and bruises. Pullman Conductor T. W. DeGroat, who was in the rear car, say the train was running at a speed of ten miles when the crash came. The scene following cannot be described. The passengers who were not injured ran wildly about, not knowing where to go or what to do. One woman rush ed into his arms and fainted. No one was badly hurt in his car, but in the two front coaches the injured were quite numerous. One piece of rock struck the middle of the car and slid lengthways to section No. 1 in the rear of the car, where it lodged, crush ing the sections to atoms. An old gentleman and his daughter had left the section a minute before, or they would have been killed.

The sleeper Williamsport was struck by the stone weighing almost a ton. Mrs. Lieutenant Glass had just got up and passed into her state-room. Her seat and berth were smashed to pieces. The large rock, when it struck the bottom of the car, glanced toward the rear of it, and broke the seats as though they were spider webs. One gentleman from Philadelphia, J. K. Lewis, sat op posite Mrs. Glass. He heard the crash, jumped up and half of his seat was smashed under him. He escap-ed without injury with the excep-tion of some broken glass in his face and ear. One or two ladies in the front of the car fainted and dropped over the seats. They were believed to have been killed. Two ladies who were in the state room laid in a swoon until the train reach-ed the Union depot. Mr. Arnheim was in the first section of the front sleeper. A large stone came through the car like a bullet and crushed the seat just in front of him. The larg-er stone made a large opening in top of the car about six feet square. 20 men could not move it. It weighs fully 1,500 pounds and will either have to be broken up or removed with a crane.

How Animals Doctor Themselves.

New Orleans Picayune.

Animals get rid of their parasites by using dust, mud, clay, etc. Those suffering from fever restrict their diet, keep quiet, seek dark, airy pla-ces, drink water and sometimes plunge into it. When a dog has lost its appetite it eats that species of grass known as dog's grass, which acts as an emetic and a purgative. Cats also eat grass. Sheep and cows when ill seek out certain herbs. An animal suffering from chronic rheu-matism always keeps, as far as possi ble in the sun. The warrior ants have regularly organized ambulances. Latreille cut the antennæ of the ant, and other ants came and covered the wounden part with a transparent fluid secreted in their mouths. If a chimpanzee is wounded it stops the bleeding by placing its hand on the wound or dressing it with leaves or grass. When an animal has a wound ed leg or arm hanging on, it com-pletes the amputation by the means of its teeth. A dog, on being stung in the muzzle by a viper, was observ-ed to plunge his head repeatedly for several days into running water. This animal eventually recovered. A sporting dog was run over by a car-riage. During three weeks in winter it remained lying in a brook, where its food was taken to it. This ani-mal recovered. A terrier hurt his right eye. It remained under a coun-ter, avoiding light and heat, although it habitually kept close to the fire. It adopted a general treatment, rest and abstinence from food. The local treatment consisted in licking the upper surface of the paw, which it applied to the wounded eye, again licking the paw when it became dry. Animals suffering from traumatic fe-ver treat themselves by the continued application of cold water, which M. Delaunay considers to be more cer-tain than any of the other methods. In view of these interesting facts we are, he thinks, forced to admit that hygiene and therapeutics as produc-ed by animals may, in the interest of psychology, be studied to advantage. Many physicians have been keen ob servers of animals, their diseases, and the methods adopted by them in their instinct to cure themselves, and have availed of the knowledge so brought under their observation in their prac tice.

Counterfeiters of Coin Captured.

HUNTINGDON, Pa., Nov. 16.—Within the last six months a large quantity of spurious money, principally 10-cent and 50-cent pieces, has been put in circulation in this and neighboring counties, and so carefully were the coins finished that but few others than experts could detect the coun-terfeit. To-day in searching the house here of John Wilson, a mem-ber of the nortorious Walker gang of housbreakers, a crucible, two molds and all the paraphernalia of the coun-terfeiters were discovered. Upon being notified the authorities at Washington at once dispatched a de tective to Clearfield county to appre-hend Wilson, who is thought to be in hiding there. The rest of the gang, including William Walker, John Rich-ner and John Shetram, are in jail here.

Caught in a Snowslide.

DENVER, Col., Nov. 17.—Late last evening a stage containing nine pas-sengers that left Leadville yesterday morning for Aspen was caught in a snow-slide on top of a mountain 15 miles from Aspen and the entire outfit was carried over a precipice 200 feet high. A relief party from the Home Stage station succeeded in digging the passengers out of the avalanche. Four were uninjured, but Robert Dwyer, Chris Conn, Duncan C. Robertson, I. A. Berdwell and Lillie McPherson are expected to die. As the telegraph wires to Aspen are down on account of the severe storm last night, further particulars can-not be had for some time.

Wrecked and Fired.

CHICAGO, Nov. 17.—The Inter-Ocean's Council Bluffs, Iowa, special says; A serious wreck occurred at Hinton Station. The snow had wedg-ed a freight engine with a number of cars into a cut, and a passenger train plunged along through the storm smashed into the freight. All the freight cars were consumed by fire which broke out immediately. A number of persons were more or less injured, but there was no loss of life.

Swallowed His False Teeth.

BALTIMORE, Nov. 17.—At the Uni-versity Hospital to day William King a farm laborer from Baltimore coun-ty, presented himself, stating that he had swallowed his set of false teeth Drs. then removed the teeth, which were taken from the upper part of the esophagus, where they were firm-ly imbedded. He is in a fair way to recover. The surgeons state he would gradually have starved to death had not the obstruction been removed.

A woman living in Bushkill town ship, Northampton county, started to walk to a frolic. Her little three year-old daughter followed her, over-taking her on the top of the moun-tain. The mother chastised the child and commanded her to sit on a tree stump by the roadway until her re-turn. The night was cold and blus-tery and when she passed by the stump on her way home the child was not there. The mother gave the alarm and twenty-five people scoured the mountain with lanterns during the remainder of the night. At 9 o'clock in the morning they found the child lying unconscious under a brush pile, hugging a kitten. Since then she has been in a precarious condition.

While a drove of hogs were being driven across a bridge in Chicago the structure broke and the entire drove fell on the roof of one of the cars of a passenger train that was passing under the bridge. Some of the ani-mals broke through the roof and a number fell on the track and were run over and killed.

A New Haven infant over 2 months old weighs only 2½ pounds. She is well-formed and healthy, and of fine vocal equipments. Her height is 13 inches, her wrist seven-eighth of an inch in circumference, the back of her head measures one inch across and her foot 1¼ inches long.

While gunning for muskrats at Worthington's Ford, in Buckingham township, Bucks county, John Wiley, aged 11 years, was accidentally shot in the groin, by his companion, Louis Raisner.

Joseph Fleagle, of Metal, Frank-lin county, recently had a terrible encounter with a wounded buck, and the animal only surrendered after he had been shot four times with a re-volver.

A Cleveland woman kept track of all the boys who were drowned last season by the breaking of the ice, and there were fifty-seven cases.

ADDITIONAL LOCALS.

The attendance upon the Sunday schools is increasing. The Christmas tree is boom-ing up you know.

On the 17th inst., a Perry county jury acquitted J. S. Clugston, indicted for kill-ing Edward Amber last September. Am-ber assaulted Clugston in his business place and refused to leave when ordered to go away.

The Veterans' Reunion.

Notwithstanding the inclement weather on the 17th, the tenth annual re-union of the veterans was a joyous meeting for all who were in attendance. On account of the rain all of the meetings were held in the Court House. The forenoon session was devoted almost entirely to business.

AFTERNOON SESSION.

F. M. M. Pennell, Esq., delivered an ad-dress of welcome, which was listened to with marked attention.

Col. Wm. Penn Lloyd delivered an elo-quent oration from a voluminous pile of manuscript.

Col. A. Wilson Norris, Auditor General elect, was present by invitation, and was vociferously called for. But the Colonel's innate modesty held him back quite a while, he however gave way to the continued calls, and delivered one of the most stirring of speeches, contrasting the seeming indiffer-ence of the people when the veterans first held reunions with the warm greeting that now await them at all of their public meet-ings. He emphasized it, that the veterans have organized and held reunions not as republicans or democrats, but as citizen soldiers for beneficial purposes.

Col. Thomas J. Stewart, Lieutenant Gov-ernor elect was next called on for a speech. It was plainly to be seen that the veterans were impatient to get a taste of the speech-es of the two distinguished gentlemen be-fore the evening camp fire. As they did with Norris, they kept on calling Stewart till he arose and delivered an entertaining speech. He spoke to the same thought ad-vanced by Norris, on the organization of the veterans, regardless of party proclivity, for beneficial purposes, and threw a story in here and there for spice.

General J. P. Taylor was present and was called on for a speech, but of him it may be said, as was said of Washington, "his modesty is only equaled by his valor," and he could not be induced to say a word.

The Mifflintown Glee Club, composed ex-clusively of home talent filled up the inter-vals between the business and speeches with choice pieces of music.

EVENING SESSION.

The Camp Fire was called to order by the Chairman, Capt. Cornelius McClellan, who delivered a short address for the benefit of the boys who are in the habit of disturbing public meetings, threatening them with ejectment from the building in anyway but a gentle manner. The stern words of the old war Captain had the desired effect and no disturbance was heard during the evening.

Music by the Orchestra.

Prayer by Chaplain A. H. Weidman.

A motion was made by T. D. Garman that a collection be taken up for the benefit of comrade Jonathan Rhiner, who had been recently seriously injured and was in des-titute circumstances. The motion was sec-onded, and $12.42 were raised for comrade Rhiner. Suddenly one of the Secretaries who had been counting the collection taken for their destitute comrade, was observed to throw his long arms wildly above his head, making a demoniacal sound, and then in a terrific tone of voice go on to say, that some person had thrown a tobacco tag and a button into the collection basket. He denounced the act wildly and vehemently, and threatened dire vengeance on the par-ties if discovered.

Music by Orchestra.

M. L. Rex, of Post 200, offered 50cts each for the tag and button as souvenirs of the reunion. The offer was gladly accepted and comrad Rex received the souvenirs with cheers from the audience.

Auditing Committee made their report.

Music by the Orchestra.

Thos. J. Stewart was then called upon and made a speech that was very entertain-ing to the audience. Mr. Stewart is a pleas-ant speaker, and he kept the comrades and their friends in laughter almost continually with his amusing stories.

Music by Orchestra.

Hon. L. E. Atkinson read an obituary notice on the death of comrade J. M. Brance.

"John Brown's soul goes marching on," was sung by the Glee Club.

Col. A. Wilson Norris then made a very fine address. Mr. Norris is a fiery and for-cible speaker. His speech was free from amusing stories, and was an address, such as a strong and able man would deliver. He was well received by the audience.

Music by the Orchestra.

M. S. Lytle, of Huntingdon, made a short address.

By request, Thos. J. Stewart recited, "Jake Schneider's Ride."

A vote of thanks was extended to Messrs. Pennell, Lloyd, Stewart, Norris and Lytle, to the Glee Club, the Patterson Orchestra, W. H. Aikens, and Ferd Meyers, and to the Commissioners for courtesies and help.

H. H. Snyder delivered a short address.

Rev. Philip Graif was called upon and replied in a short address, and then pro-nounced the benediction.

Perfect Hair

Indicates a natural and healthy condi-tion of the scalp, and of the glands through which nourishment is obtained. When, in consequence of age and dis-ease, the hair becomes weak, thin, and gray, Ayer's Hair Vigor will strengthen it, restore its original color, promote its rapid and vigorous growth, and impart to it the lustre and freshness of youth.

I have used Ayer's Hair Vigor for a long time, and am convinced of its value. When I was 17 years of age my hair began to turn gray. I commenced using the Vigor, and was surprised at the good effects it produced. It not only restored the color to my hair, but so stimulated its growth, that I have now more hair than ever before.—J. W. Edwards, Coldwater, Miss.

MR. G. W. BAKER a leading manufacturer of Wil-mington, Del., writes Dec. 17th, '85: "From the first day I began to use the Russian Rheumatism Cure, re-lief followed and my comfort daily increased. The use of my limbs became more and more natural until I felt no discomfort either walking or working. I know of nothing else has so quick and wonderful an effect."

One of Philadelphia's oldest merchants, MR. C. G. BOCKIUS, residing 4945 Main Street, Germantown, says: "The Russian Rheumatism Cure has taken all the pain out of my daughter's arm and neck. She had suffered greatly with it for months.

We have testimony of this sort sufficient to satisfy the most skeptical. But if you have the Rheumatism you want relief rather than testi-mony. You can get it—quick, sure, permanent, by sending for the

does not refer possible purchasers to his victims. The Athlophoros Co. gladly re-fers sufferers from rheumatism, neuralgia, sciatica, nervous or sick headache, kidney and liver complaints to those who *have been cured* of these diseases by Athlophoros, and will furnish names and addresses of many such persons to those desiring them. Ath-lophoros is the only remedy for these dis-eases that can stand such a test.

A. L. Thomas, Cuba, N. Y., says: "My son, J. M. Thomas, had been suffering from rheumatism for several months. Athlopho-ros relieved him of the pain, and reduced the swelling of the joints, and the lameness entirely disappeared. I have seen those having neuralgia cured by taking one dose."

A. Beard, Mt. Kisco, N. Y., says: "I have been troubled for some time with sciatica and rheumatism, brought on by working in a damp place. I could find no remedy in medicine I was using, until I tried a bottle of Athlophoros, which gave me immediate relief."

Mrs. Alfred Thurston, 42 North Main Street, Wilkesbarre, Pa., says: "I am not troubled with rheumatism now, since using Athlophoros. I believe, should it in any case fail to relieve and permanently cure, the cause would be that the directions were not faithfully followed."

J. J. Savitz, Nazareth, Pa., says: "I gave two bottles of Athlophoros to my sister, and she has entirely recovered. She was afflicted with inflammatory rheumatism and St. Vitus' dance, and although we had two of the best doctors, she gradually grew worse. She would scream from pain night and day. I heartily recommend it.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they can-not be bought of the druggist the Athlo-phoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is $1.00 per bottle for Athlophoros and 50c. for Pills.
