ANOTHER SUDDEN DEATH. Hardly a week passes without the mention by the newspapers of sudden deaths, and of late the alarming frequency of the statement that death was caused by rheumatism or neuralgia of the heart cannot fail to have been noticed. In all probability many deaths attributed to heart disease are caused by these terrible diseases, which are far more dangerous than is generally considered. Is there any positive cure? The bost answer to such a question is given by those who have been cured by the use of Athlophoros.

Greenfield, Mass., May 19, 1886. I have been troubled with rheumatism one of my knees for years, being at times hid up for several days. Athlophoros has entirely cured me. It has also cured two friends of mine who were the worst cases I ever saw, one of them a young man only

October 14, 1885. Two bottles of Athlophoros cured me of inflammatory rheumatism. My family physician advised me to take it, saying he had done all he could, but could not give me any relief; but Athlophoros drove it away, and I am happy to say it has never come back. My daughter was also cured by half a bettle after suffering the pangs of rheumatism. Mrs. JANE DOWNEY, 24 Pleasant St., Waterbury, Conn.
