"A gentleman received a note from his lawyer which he was unable to decipher. On his way to his office he met a friend in the door of a drug store. The friend after vainly attempting to read the note suggested that they step inside and hand it to the druggist without comment. The druggist after studying it in silence for a few minutes stepped beyond the prescription case and in a short time returned with a bottle of medicine duly labeled and bearing the directions. When the gentleman saw his lawyer he was informed that the note was a notice for him to call at his office between 3 and 4 o'clock P. M., of the following day. It is a pretty difficult matter to "stick" the regulation druggist."

The Newton Hamilton Watchman says: On last Thursday morning a week during the severe gas that swept over this section of the county, a ledge of rocks, above the old log house that was occupied for many years by old Katy Johnson, was dislodged and came rolling down the side of the mountain at a tremendous velocity, cutting a course through the timber, felling large trees and cutting them off near the ground, and bounding fifty feet at a jump. One stone weighing four or five tons brought up at the edge of the river, and on at the lower side of the road, while three large ones of four to six tons each stopped above the barn. There were about seventeen of these large boulders that left their native beds and found lodgment at different places before reaching the river. It is certainly a dangerous place to live.  
From the Tribune of December 3. The dead body of a young man was discovered on Tuesday morning lying by the railroad track near Rockville. When those who saw him went to pick him up they found that he had been decapitated by the car, the head being entirely severed from the body, which was bruised in several places. The remains were taken up by several men and placed in the station at Rockville until taken to Harrisburg. The remains were taken to the dead house and was found to be the body of David Crummett, of Bellwood, Blair county. It is thought that as no attempt to cross from one car to another he fell and met with the above accident. He belonged to an Altoona crew, of which J. A. Kennedy was conductor. Crummett had been employed by the company but a few days ago. He was a son of Alfred Crummett, who formerly resided along the railroad a short distance below Patterson. His remains were brought to this place on Wednesday and interred in Union Cemetery.

Between the hours of eight and nine o'clock last Thursday evening, Thomas Parker a lad of fourteen years, found his father E. D. Parker lying in an insensible condition in his yard. After Mr. Parker was taken into his house he revived to such a degree as to be able to ask for Mrs. Parker, and she showed by his looks that he recognized the members of his family who had congregated about him sorrowful with sadness to his prostration. The apoplectic stroke was a fatal one and he gradually sank into unconsciousness and at 2 o'clock on Friday morning expired. He was the eldest son of Andrew Parker who came to Juniata county in 1831, from Cumberland county where his first American ancestor—James Parker—settled in 1732. Mr. E. D. Parker was born in this town 54 years ago. This was his abiding place. He was content to live here whereas had he gone to some center of population he would have won wide-spread fame and large wealth for he was a man of commanding ability. The client whose cause he espoused had a commanding advocate. Through the press and on the rostrum he was a power among men. In the church he was a pillar, and for the cause of education he built an Academy. Though dead, he will live in the pleasant recollection of the people of his native town and county in years to come. His funeral and interment, on Monday, in the Presbyterian grave-yard was largely attended.  
A meeting of the bar that was presided over by Judge Barnett, was held in the main court room. A series of resolutions expressive of the high character and ability of Mr. Parker was passed and ordered to be filed among the county archives. Esquires Patterson, Atkinson, Lyons, Jacobus, and Burchfield of the Juniata county bar delivered eulogistic speeches. Judge Jones delivered an eulogistic address on the life of the deceased. Esquires McKee, Woods, Utley, Reed, and Elder in behalf of the Mifflin county bar delivered speeches. The meeting was an impressive one, and was attended by many citizens.

"A South Millport man recently became satisfied that he had a tape worm. So he carefully baited a little fish-bone, tied a short line to his buttonhole. Then he waited for a bite. By and by he thought he had one and yanked the line. The hook caught in his throat and had to be cut out. He didn't catch the worm."

Mrs. Winkle—"How I wish we lived in Cincinnati now." Mr. Winkle—"Why so?" "Spring chickens are such a drug in the market here that they are selling at three and four cents a pound." "That's it; that's the way it goes. I know that man Cleveland would ruin the country." "Ruin it? Why it's splendid to have chickens at—" "That's all you women know about political economy. It's ruination. Rain always follows overproduction, and if it wasn't for overproduction chickens couldn't be so cheap. Can't you understand that?" "Certainly; but what has Mr. Cleveland had to do with it?" "Why, he has sent a whole army of Ohio men back to their farms. Now let him look at the result."—Omaha World.

The belfry of Locust Run school house is up and the bell now swings in the breeze. The work was done by carpenters, Banks Kaufman and James Taylor, who made a "good job," and after it is painted it will look well. The sound of a large school bell at Locust Run seems strange, yet we see no reason why they should not be in fashion with the rest of the world. The school boy is now made happy, and in the morning when he hears the bell calling him to school he is off with this "clank" under his arm and a cheerful heart under his vest. Rex Nox.

I had no appetite, suffered from Headache, and pains in the bowels. A few doses of Ayer's Pills, taken in moderate doses, restored me to perfect health.—Waldo Mills, Ohio.  
Ayer's Pills are a superior family medicine. They strengthen and invigorate the digestive organs, create an appetite, and remove the morbid humors of the system, and thereby prevent Liver Complaint. I have used these Pills in my family, for years, and they never fail to give entire satisfaction.—Otto Montgomery, Oshkosh, Wis. H

I know of a remedy equal to Ayer's Pills for Stomach and Liver Disorders. I suffered from a Torpid Liver, and Dyspepsia, for eighteen months. My food was yellow, and my tongue coated. I had no appetite, suffered from Headache, and pains in the bowels. A few doses of Ayer's Pills, taken in moderate doses, restored me to perfect health.—Waldo Mills, Ohio.  
Ayer's Pills are a superior family medicine. They strengthen and invigorate the digestive organs, create an appetite, and remove the morbid humors of the system, and thereby prevent Liver Complaint. I have used these Pills in my family, for years, and they never fail to give entire satisfaction.—Otto Montgomery, Oshkosh, Wis. H

SENTINEL AND REPUBLICAN.  
One dollar a year in advance.  
One dollar and fifty cents if not paid within three weeks after time of subscription.  
After the children have learned to read, the greatest educator is the newspaper. Every man should do justice to his family by subscribing for a public journal.  
Never in the history of newspapers has the subscription price been so low. Subscribe for the SENTINEL AND REPUBLICAN, it gives nearly twice as much reading as any one of the other papers in Juniata. Its reports of all important home news and enterprises is full and within the period of a year its variety of reading matter comprehends within its scope almost every topic.  
You should not be without a county paper if it cost you six or seven dollars a year.  
In this day and generation it amounts almost to a wrong to one's self and family to deny themselves the advantage of a good home paper. There are more than a thousand and one things during the passage of a year that interest and sometimes directly benefit us, that appear in the home paper but like the rain, sunshine and air, that we are so familiar with, we do not appreciate as they merit.

There are people who do not take a home paper, but they are not representative people. To be sure this is a free country and people can do as they please so long as they do not trespass on the rights of their neighbors, but the man who does not take his county paper is like the man who has a place that he calls home when his desires are outside of its doors, his home is a misnomer.  
"It is all right" if you desire a city paper to subscribe for one, or if you desire to have one from a half dozen cities, it is no one's business but your own if you pay for them, but first of all, subscribe for your county paper and then look abroad.

After having subscribed for the SENTINEL AND REPUBLICAN you are certain in your securement of the county paper that gives you a larger quantity and greater variety of reading matter than is presented by other journals published in Juniata County.  
As a medium for advertising the SENTINEL AND REPUBLICAN is number one.  
Its job department is not as complete as the job offices in Philadelphia or New York no more than its newspaper department is like the department of a Philadelphia or New York daily, but the job department is ample and prices are down to city prices. We'll print you a nice quarter sheet bill for one dollar, a half sheet bill for one dollar and a half, and a whole sheet bill for three dollars.  
Mention it to your neighbor that they may do well to subscribe for the SENTINEL AND REPUBLICAN, and send one dollar in advance to pay for one year's subscription, and when you have job printing to do, or desire to advertise, or desire to have sale bills printed send in the order and it will be executed.
