ture of health and strength, are passing from door to door seeking lists of our industrious people. Nearly every one of the lady, worthless ragsbuds is able to do a day's work, and those who extend the hand of charity to such as they, unless it be to save their worthless carcasses from freezing or starving to death, are simply laboring under a delusion, and encouraging their wandering vagabonds in a life of idleness. Not one of them is deserving sympathy.

SENTINEL AND REPUBLICAN.
One dollar a year in advance.
One dollar and fifty cents if not paid within three weeks after time of subscription.

After the children have learned to read, the greatest educator is the newspaper. Every man should do justice to his family by subscribing for a public journal.

Never in the history of newspapers has the subscription price been so low. Subscribe for the SENTINEL AND REPUBLICAN, it gives nearly twice as much reading as any one of the other papers in Juniata. Its reports of all important home news and enterprises is full and within the period of a year its variety of reading matter comprehends within its scope almost every topic.

You should not be without a county paper if it cost you six or seven dollars a year.

In this day and generation it amounts almost to a wrong to one's self and family to deny themselves the advantage of a good home paper. There are more than a thousand and one things during the passage of a year that interest and sometimes directly benefit us, that appear in the home paper but like the rain, sunshine and air, that we are so familiar with, we do not appreciate as they merit.

There are people who do not take a home paper, but they are not representative people. To be sure this is a free country and people can do as they please so long as they do not trespass on the rights of their neighbors, but the man who does not take his county paper is like the man who has a place that he calls home when his desires are outside of its doors, his home is a misnomer.

"It is all right" if you desire a city paper to subscribe for one, or if you desire to have one from a half dozen cities, it is no one's business but your own if you pay for them, but first of all, subscribe for your county paper and then look abroad.

After having subscribed for the SENTINEL AND REPUBLICAN you are certain in your security of the county paper that gives you a larger quantity and greater variety of reading matter than is presented by other journals published in Juniata county.

As a medium for advertising the SENTINEL AND REPUBLICAN is number one.

Its job department is not as complete as the job offices in Philadelphia or New York no more than its newspaper department is like the department of a Philadelphia or New York daily, but the job department is ample and prices are down to city prices. We'll print you a nice quarter sheet bill for one dollar, a half sheet bill for one dollar and a half, and a whole sheet bill for three dollars.

Mention it to your neighbor that they may do well to subscribe for the SENTINEL AND REPUBLICAN, and send one dollar in advance to pay for one year's subscription, and when you have job printing to do, or desire to advertise, or desire to have sale bills printed send in the order and it will be executed.
