Colds, Whooping Cough, Croup, and diseases peculiar to the throat and lungs. For such ailments, Ayer's Cherry Pectoral, promptly adminis-

tered, affords speedy relief and cure. As a remedy for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much satisfaction, Ayer's Cherry Pectoral. For this affection, we consider this preparation the most effi-cacious of all the medicines which have come to our knowledge.—Mary Park-hurst, Preceptress, Home for Little Wanderers, Doncaster, Md.

My children have been peculiarly sub-ject to attacks of Croup, and I failed to find any effective remedy until I com-menced administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint.—David G. Starks, Chatham, Columbia Co., N. Y. I have used Ayer's Cherry Pectoral

in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays all irritation, prevents inflammation from extending to the lungs, and quickly sub-dues any tendency to Lung Complaint. —J. B. Wellington, Plainville, Mich. J. B. Weinington, Frankville, Sicc.

I find no medicine so effective, for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It saved the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Jane Malone, Piney Flats, Tenn.
