in the attempt to swim the Niagara Whirlpool Rapids is no more reckless or dangerous than to trifle with disease which each day secures a stronger hold and hastens the end of life. This, is specially true of rheumastism, neuralgia, sciatics, and nervous headache, which though perhaps slight at first are extremely dangerous, and steadily secure a firmer grip until at last the agony is unen-durable and sudden death brings relief. These diseases can be cured by the use of Athlophoros which, in connection with Athlophoros Pills, never fails when prop-erly used. Read the following from those who have tested it.

C. A. Steward, Nelson, Pa., says: "Athlophoros has saved my mother's life. Last spring, two of the best physicians in the county, said she could not live two months She had been helpless for a year, had to be lifted off and on the bed, limbs all drawn out of shape, cords contracted, flesh sore to the touch, could not be lifted or touched without screaming aloud. The soreness is all gone, the cords relaxed, appetite good, and gaining every day, and I think a few more bottles will cure her."

New Haven, Conn. I had the neuralgia for three months in my face. Went to the doctor; he gave me side, but it did not do any good. Could not sleep night or day. Had suffered so much and so long that I was afraid it would drive me crazy. Was told to try Athlophoros by a party it had cured of the

For a number of months I was troubled with Costiveness, in consequence of which I suffered from Loss of Appetite, Dyspepsia, and a disordered liver. My eyes also troubled me. I was compelled to wear a shade over them, and, at times, was unable to bear exposure to the light. I was entirely
