Scrofula .

Is one of the most fatal scourges which affliet mankind. It is often inherited, but may be the result of improper vaccination, mercurial poison, uncleanliness, and various other causes. Chronic Sores, Ulcers, Abscesses, Cancerous Humors, and, in some cases, Emaciation and Consumption, result from a scrofulous condition of the blood. This disease can be cured by the use of Ayer's Sarsaparilla. I inherited a scrofulous condition of the blood, which caused a derangement of my whole system. I was troubled with Scrofulous Screen for five years; but, after using a few hottles of Ayer's Sarsaparilla, the sores healed, and I have now good health.— Elizabeth Warnock, 54 Appleton street, Lorell Mass.

Some months ago I was troubled with Scrofulous Sores on my leg. The limb was badly swollen and inflamed, and the sores discharged large quantities of offen-sive matter. Every remedy failed until three bottles of this medicine the sores have been healed, and my health is rostored. I am grateful for the good it has done me. — Mrs. Ann O'Brian, 153 Sullivan st., New York.
