### Fractical Temperance Work.

The London Temperance Hospital has been established fourteen years. In that time alcoholic stimulants have been resorted to in not more than five cases, and, in these instances, the results have proved no more successful than where remedies ordinarily used in the hospital were employed. Up to the present time, over 30,000 patients have been under treatment, more than 12,000 of whom were, to a greater or less degree, addicted to Many of these, seeing the g sod effect of the treatment, have become total abstainers.
