

B, F. SCHWEIER.

THE CONSTITUTION-THE UNION-AND THE ENFORCEMENT OF THE LAWS.

Editor and Proprietor.

VOL. XLII.

MIFFLINTOWN, JUNIATA COUNTY, PENNA., WEDNESDAY, JUNE 27, 1888.

Man's Probable Place in the Universe. cynical explanation of the pretty quad-roon's preference for the latter. fit, from which he did not recover till the bark, again on her course, had left

I dreamed I stood, one solemn night, Within the courts Elysian; My eyes were ravished with the sight of the celestial vision

I climbed the ramparts of the skies, Those ramparts gray and hoary: I saw great heights on heights arise ough mists of golden glory.

Tall angels wandered to and fro, Upon whose radiant faces Sickness and pain, and want and woo, Had left no mouruful traces,

Compared with them, I was the bush To the tall tree and stately; They put my earth-born pride to blush, They towered o'er man so greatly.

What wonder that the skies should be Full of such glorious creatu hildren of climes so grand and free With heaven in all their features!

Ob, man, vain man, summittee; The heaven could live without thee; man, vain man, subdue thy pridel jar the spheres about thes.

Shouldst thou e'er pass away and die, Think not the worlds would miss thee Some scraph fair might breath a sigh-Perchance might bend and kiss thea

But that were all-still would roll on, With countless orbs attendant, The mighty spheres around the Throne, With angel shapes respiendent

A SEA STORY.

A little more than twenty years ago. I was the master of a province built bark, called the Sestris. She had paid for berself twice over in the time of good cotion freights, and being built of spruce, was hadly strained by the immense pressure of the compressed cot- nothing above topsails. ton bales, so that she had been bought by Boston parties for a mere song, and

put into the lumber carrying trade.

STOPPED FREE green deals and a deck-load of the same, two feet higher than the rail.

NEWS IN BRIEF.

-New York horses are said to repesent \$12,000,000.

NO. 27.

-Mr. Isaac fitman, the "father of ched the shorthand writing," is now seventy-six years old.

-The archblshop of Gran, the Hungarian primate, has an income of \$400,-000 a vear.

-The Prince of Wales is just under feet 7 inches in height. He weighs

-Lester Wallack, the actor, owns 200 suits of clothes, and none of them need patching.

-Speaking of international copyright, there is a multitude of American authors who would be delighted if England would steal their books.

-Henry Irving is thought by some of the more acute critics in London to have had his accent distinctly Americanized by his tour in this country.

-A British shipmaster at New Orans reports that while off the coast of Patagonia, butterflies were blown aboard his vessel at a distance of 150 niles from land.

-There is a gentleman in Boston who wants to give a dinner to the twelve greatest American authors, and he would like for the public to decide for him who they are.

-Greece gained her independence from Turkey in 1829, and by protocol of London, 1830, was declared a kingom under the protection of Great Britain, France and Russia,

-Prince Bismarck's paper mill at Varzin, which was burned last year, nany.

-Eight hundred and thirty-five nine cars were hoisted in a day re cently in the Central mine at Hyde Park, Scranton, which is 400 feet deep. This record has perhaps never been beaten.

-Half mourning is now vigorously ndemned to eastern society. The idea that a widow should say at the end of a year that she now mourns only half as much as formerly was always a matter of ridicule.

-An animal having a head and forefeet like a squirrel and hind feet like a coon has been killed near Augusta, Kentucky. Several hunters of that section, when shown the carcass, declared that they had not seen one like it before.

Paganini purchased many other viones, particularly several Stradavari, -There will be divided among the around here and have a good time. "What does it cost? Well, it de-pends upon the style. We pay the concern will be a century old in 1889, -Edith Thomas, the poet, is very generous in distributing her poetic avors among her friends, writing to them directly, and without thought of publication, some of her chosen lines. Vuillame They contemplate gathering up some had to take it to his shop to put it of these walfs and having them pubished. -Probably the oldest employe of the ernment in term of service is Lindsey Muse, an ancient colored man who tor of his body and the doctor of his has stood guard at the door of the secretaries of the navy since 1828. He is ation. The box was worth several 80 years old, and growing so feeble that he will probably be forced to relinquish much as the original maker received his past. for the violin when it was new. -Rev. Dr. R. W. Dale tells of a While the violin was in his shop sagacious deacon, who said, concerning Vulliame made measurements of its his minister; "The trouble is not that exact dimensions down to the very un-evennesses of the varnish, and from our minister isn't orthodox, or that he isn't earnest, but when he is earnest these he subsequently made another he isn't orthodox, and when he is orthoviolin that was the exact duplicate of dox he isn't earnest." Paganini's, but when the latter heard of it he insisted that it should be sold they tried a man's courage by shutting him up in a room with six rattlelike that of Pagannini until dying, snakes. At the end of six hours they Paganini bequeathed the copy to Camillo Sivori, who has ever since opened the door and he was standing in window sill, and the snakes had played upon it. The original violin Paganini left to his native city, Genoa, fought and killed each other. to be kept forever in remembrance of -A female demagogue in Chicago tried to get up a strike among working and only the most famous artists are girls, but she couldn't find one who or have been allowed to touch it. would plead guilty to doing housework. All those who came to hear Once before the honor has been accorded to Sivori. This time Leandro her speak were carrying library books or music rolls under their arms, Campanati, the director of the Milanese quartet, shares the honor with -De Voe predicts a hot, dry summer. The season has been known to turn out that way before, once or Where "Ben-Hur" Was Written, twice, and a prophet who has any regard for his reputation is much safer with predictious like this than he could be by De Voeting his talents to General Lew Wallace's study in his home at Crawfordsville is not furthe foretelling of unreliable storms and nished and decorated in the latest modunconnected earthquakes. ern style.
