

DR. FORNEY.

Mr. Charles Marlon had ridden a vicious horse, against the express prohibition of everybody who knew anything about it, and a broken arm was the consequence.

FARM NOTES.

A CHEAT ICE-HOUSE.—G. M. Du Bois, Fremont Co., Colorado, writes us that he proposes to build an ice-house on a hill-side, where the soil to the depth of four or five feet is a sandy loam, underlain by a stratum of drift bowlders.

HOUSEHOLD.

TRIMMAGE OF CANNED SALMON.—This dish forms another of our favorite entrees. A nice solid can of salmon will make a dozen timbales and will stand during the winter months, provided that the husband's business hours in town afford some opportunity for daylight attention to the garden and poultry.

Suburban Gardening.

A delightful correspondent writes, strongly advising people who live in suburban towns, to cultivate their own vegetables and fruits.

WIZARD EDISON'S ADVENT IN BOSTON.

His Phenomenal Rapidity. "I don't think," said a friend of Thomas A. Edison, some days ago, of a group seated in the rear room of one of the most comfortable hostleries of Orange, "that you have ever heard the story how the Wizard first came East."

Who You Are Sick.

With Headache, Neuralgia, Rheumatism, Pains, Biliousness, Malaria, Kidney Disease, Consumption, Female Troubles, Fever and Ague, Eruptions, Partial Paralysis or Nervous Exhaustion, use Paine's Celery Compound and be cured.

Paine's Celery Compound.

Will Cure You! Sold by Druggists. Prepared only by Wm. S. Paine, 231 N. 2d St., Philadelphia, Pa. For the Aged, Nervous, Debilitated.

Who You Are Sick.

With Headache, Neuralgia, Rheumatism, Pains, Biliousness, Malaria, Kidney Disease, Consumption, Female Troubles, Fever and Ague, Eruptions, Partial Paralysis or Nervous Exhaustion, use Paine's Celery Compound and be cured.

Advertisements for RRR, RADWAY, PAIN REMEDY, SCOTT'S EMULSION, and other medical products.

AGED PEOPLE.

Who has become thin or impure, are especially liable to attacks of rheumatism, or to the various ailments which are relieved by Hood's Sarsaparilla.

HOW TO CARVE.

Poultry requires more careful carving than anything else brought to the table. A chicken roasted in the usual manner, and served on the carver's plate; and as fowls are generally served in couples, this does not make the carving a difficult matter.

WARMING WATER FOR FARM.

The question, Does it pay? has been proposed to several of our men who have warmed the drink for their cows in cold weather, and every one has answered in the affirmative.

CLEAN UP SPINACH SOUP.

Wipe and cut into pieces two pounds of the neck and ends, and all other trimmings, bring to scalding point, skim and simmer gently for three hours.

ROASTED DUCK.

The duck should be plucked and stuffed, and if the skin is to be served with a piece of uncooked cranberries with a piece of butter, the size of a walnut may be placed in the cavity.

ANOTHER METHOD OF WARDING OFF GRAPE ROT.

Has been given by Professor Hawn, of the Leavenworth (Kan.) Agricultural College, who says, "I have cut the vine down to the ground after the fruit has passed."

EVERY TIME YOU USE THE CULTIVATOR.

It is only about once in fifteen years that Mars comes as near as 36,000,000 miles. Its orbit is so eccentric that the distance varies all the way from 36,000,000 miles to 41,000,000, and it is only about once in 17 years that it comes nearer to the earth than it does at present.

THE USES OF THE COTTON PLANT.

Formerly the fibre of the blossom was the only part utilized. Then the seed was simply a by-product of the "olive oil" and "seed" in the country, and now the seed is used as a cheaper and better than wood for paper.

SOME STERILIZED BUILDING.

England for South America have a pound engine, 20" and 33" by 60" and 30" by 40" respectively.
