Mr. Smalls is a man of ability and of independence of character, and will undoubtedly make a good Collector. President Harrison could not, under the circumstances, have made a better selection. We cannot forbear, in this connection, to copy the published report of a conversation between Senator Ransom (Dem.), of North Carolina, and Assistant Post-master General Clarkson concerning the appointment of colored men in the South as postmasters. Senstor Ransom is represented as saying : You can readily see how unplea-

sant it must be for the re-fined, cuitured people of the South to take their letters from the hands of coarse Negroes. Mr. Clarkson's reply is given as follows:

"I have heard that argument be fore, and I am, to tell the truth, getting a little tired of it. Now I want to ask you a question or two. Are not the children of many of the refined, cultured people of the South reared by black mammy nurses? Does not a colored servant cook your meal, another wait on your table, another shave your face, and still another mix your toddy for you? You admit that. Well, then, I'm unable to see why it is that, if as babes you can take your nourishment from black breasts, if you can take your breakfasts from black hands, you can't also take your letters and newspapers from the hands of Negro postmasters.
