Major J. R. Dunbar, of Newport, and well known by citizens of this place, while superintending the building of a bridge across Sherman's creek, Perry county, was struck on the head by hoisting tackle and severely hurt.

William Crawford, an employee of the Government Printing House at Washington, D. C., visited in this place last week, his family accompanied him and enjoyed the mountain air of Sinn Valley at the home of Mrs. Salouff's father.

The school directors of Fermanagh township have selected the following teachers for the winter term: Arch Rock, R. B. Campbell; Mount Hope, Mary Auker; Big Run, F. W. Thomas; Cuba, J. C. Hower; Happy Hollow, Samuel Stoner; Reno, Miss Milliken—Register.

A big fire cracker was dropped into the water at Devil's Lake, Mich., by the side of a sailboat loaded with people, and when the cracker went off it blew such a hole into the boat that it sank. The occupants of the boat were all saved, ringing wet and hopping land.—Ex.

List of letters unclaimed for remaining in the P. O., at Mifflintown, Pa. Week ending July 27, '89. Persons calling for letters in this list will please ask for advertised matter. Letters: Mr. Joseph Weary, Lewis Halford.

A week or two ago it was extensively published in the newspaper that many years ago an outlaw placed \$10,000 of gold under a tree in Huntington county and that by a draft that the gold was taken out of the gold had been found. It turns out that there is no truth in the report.

"Robin's Farewell" Caprice for Piano, by Fisher, is a new musical publication that will become a standard favorite among our progressive young pianists and would add all such to add it to their collection of popular and favorite pieces at once. You can't help but be pleased and please others with it.

The valiant base ball club known by the name of Extremistors met their fate in a match game with the Millin club on the 23rd inst. The Stalwart Extremistors entered the field with the appearance of conquerors, but the Millin club went at them like so many little bumble bees, and came within an ace of exterminating the Extremistors. Score, 24 for Millin, 8 for Extremistors.

On the 23rd inst., the funeral of Miss Alice Garman, step-daughter of David Strayer of Fayette township took place. Miss Garman was subject to falling fits and on the 21st—Sunday—she went to the spring house to get some articles of diet for dinner. Not returning at the time she was expected her mother hastened to the spring house where she found her drowned in the milk trough.

Howard, a 7-year-old son of Isaac Sawyer, living in Centre township, lost Tuesday evening was bitten in the right foot by a copper-head snake. The boy's leg swelled rapidly up to the body and became very painful. A foal was killed and portions of it applied to the wound and whiskey was also given him until Wednesday, when Dr. Moore was called and under his care the boy is recovering.—Perry county Advocate.

Snake poison slows the circulation of the body. Whiskey hastens the circulation and that is the reason why whiskey is good for snake poison. When snake poison and whiskey are in the body at one and the same time it becomes a battle for the mastery of the circulation of the body; if the poison gets the mastery the action of the heart ceases; if the whiskey gets the mastery the heart action continues and the poison is gradually worked out of the system.

From the Newport News. On Tuesday afternoon four boys went with Jacob Goble to the country for a load of hay. One of the number was Edwin Kahler, aged 8 years. When returning in coming out of the field, the four boys were shaken off the hay and in falling Edwin's right arm struck a fence rail, breaking both bones between the wrist and elbow.

From the Chambersburg Repository of last week. The home farm of Mr. Joshua N. Warfield, at Florence in Howard county, near Elliott City, Md., was the scene of a remarkable freak of lightning during the storm of Saturday the 13th inst., which killed three horses, started a rick of straw, a wagon and load of wheat in the field and 40 bushels of threshed wheat. The escape from death was miraculous, and had it not been for the nerve and presence of mind of Mr. Warfield some of those stunned and injured would probably have been burned to death and the threshing machine destroyed.

produces irritation, inflammation and fever of the stomach, hence the craving for drink; and the greater the fever the greater the craving. As spirits act also on the nervous system and on the brain, the nervous system becomes impaired and the brain weakened. Who can deny that a person falling in these several ways is laboring under a serious disease? He has then no will power to exercise, because the seat of the will is in the nervous centres, and when these are impaired or destroyed so is also the will power.

Here is the cure: Let the person have within his reach a small vial of the best kind of tincture Peruvian bark, and when the craving for liquor comes on him let him take a teaspoonful of the tincture every two hours. In a few days the taste for liquor is destroyed, and destroyed while indulging in it; for tincture of Peruvian bark is spirits into which has been drawn all the substance of Peruvian bark. It is to be found in every drug store, but it should be of the very best.

Peruvian bark is a tonic. It is also the best, if not the only cure known for fever. It is from Peruvian bark that quinine is extracted, and, moreover, it is anti-epileptic. It is by these three agencies that it destroys the craving for liquor. Any one wishing to be cured of that ailment can be in the way I have described, but there are few drunkards indeed who wish to be cured.

Mahlon Sullivan received a severe shock in the thighs and lower part of the legs. Frank Sullivan was severely scorching about the head and shoulders. David Pugh was shocked through his shoulders.

Jas. Sullivan, of Woodbine, received the shock from his knees down. His left side was torn open at the hip, and the nails thrown out of the sole. Emory Dutton was most seriously injured, and was apparently dead for two hours. The bolt tore a hole as large as a silver dollar, in the crown of his hat, and came out on the side tearing the rim nearly off.

Robert Wright, son of Wm. Wright of Milford, has just returned from New Mexico where he has been engaged in mining the past 12 years. He sold a half interest in a rich mine in New Mexico. On Monday he bought a farm from Rev. John Beasler, paying ten thousand five hundred dollars for the farm. The farm belonged to Herbert's grandfather Richard Cunningham. The land is located about a mile and a quarter west of Patterson.

Interested People. Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and \$1.00. We earnestly would advise a trial. It may save you from consumption.
