GOVERNOR,
GEORGE W. DELAMATER,

LIEUTENANT GOVERNOR,
LOUIS A. WATRES,
Lackawana County.

SECRETARY OF INTERNAL AFFAIRS,
THOMAS J. STEWART,
Montgomery County.

THERE IS BOUND to be a fight in an open boat over the question of tariff on sugar. Germany has placed such a tariff on American flour that the flour cannot be sold in Spanish countries. Other American products are taxed in various countries so high that they cannot be sold there, while as to sugar which is largely a Spanish product comes almost free into the United States of America. Blaine proposes to tax their sugar as they will tax our wheat and flour, which seems to be the common sense view of it. We raise grain and produce flour. They need both. We want to sell. If they tax our grain and flour it is right to tax their sugar. Secretary Blaine's idea is, if they will admit our flour and grain, which they need, free, we should admit their sugar free, which we need, and that is his idea of the tariff all the way through. If a nation has something that we do not produce, but which our people need, exclusive with their duty free, for something that we produce and they need, and put a tariff on such things that we produce and they produce at a cost lower, than our people can produce the articles at.

Juniata Valley Campmeeting.

From the Eighteenth Annual Circular of the Juniata Valley Campmeeting Association just issued, we glean the following:

These grounds are situated in Newton Hamilton on the line of the Pennsylvania Railroad, eighty-four miles west of Harrisburg in a beautiful grove of thirty six acres. There is an abundant supply of good water, some of which contains mineral properties. An Artesian well is now being put down 800 feet deep. Railroad, express and telegraph of fices close at hand. Post office, book store, making this one of the most desirable, pleasant and enjoyable campmeeting grounds in Pennsylvania.

The Autumn session of the Juniata Valley Campmeeting Association will be held commencing Tuesday Aug ust 12, 1890, and closing Friday, August 22, 1890, or continue 10 days.

The gate will be open for occupancy on Wednesday, July 31, 1890 and all who wish to occupy their tents at that time can do so.

We extend to the friends of religion a cordial invitation to rent with us and assist in building on this beautiful grove.

Persons desiring tents can be accommodated as long as any remain, by addressing the Secretary.

Prices of tents: $7 for first floor, $5 for second floor, or $9 together, when occupied by the same family. We recommend in all cases the renting of the first and second floors together as being cheaper and more satisfactory. Persons applying for tents will please state which floor is wanted.

Persons applying for tents must make application to the Secretary at Newton Hamilton and forward with application $1 on each tent desired, the balance to be paid on or before the fourth day of camp.

Two large boarding houses stand near circle No. 3, furnished with tables capable of seating four hundred persons. The boarding will be in charge of the Association.

Boarding per term commencing with dinner on Tuesday, August 12, and ending with breakfast on Friday, August 22, 1890, $7; per week $4; per day $1; single meal 25c; children under 12 years of age half price.

A commissary and restaurant on the grounds where supplies generally will be sold to tent holders at market rates.

We think, considering the excellent accommodations on the grounds, that the price of tents and boarding is low, and accords with the demands of the times for cheap rates.

The usual liberal provisions will be made for the accommodation of the ministers of the M. E. Church who may attend the meeting will be allowed the use of one tent free by the payment of $1 to secure position. If occupied by their own family. A reduction of 20 per cent. from the published rates for term tickets will be made on boarding to ministers and their families.

Baggage will be carried on the Pennsylvania railroad on Monday and Tuesday, August 11 and 12, and returned on Friday, August 22, free of charge. All baggage must be plainly mark d with name and residence of person and No. of tent (see new number), and directed in care of the Juniata Valley Campmeeting Association, Newton Hamilton, Pa.

The Pennsylvania railroad company and branches will sell excursion tickets during time of campmeeting.

The camp-meeting will be in charge of Rev. M. K. Foster, presiding Elder of the Juniata District, sustained by effies at ministerial service.

In addition and for the accommodation of those who do not wish to rent and furnish tents, a large commodious building is now going up, where parties can secure rooms well furnished including boarding for ten days. The building is 32x100 feet, stands S. E. about 250 feet from other buildings, has large comfortable porches, and good views of the grounds. Parties having rooms in this building will mark trunks with number of room, "Hotel" Camp Grounds, Newton Hamilton, Pa.

Parties desiring sleeping accommodations will be provided to a limited extent by addressing the secretary.

J. K. RHOADS,
Secy.

The Peach Crop in Delaware.

WILMINGTON, July 16.—Superintendent Mills of the Delaware Railroad, has furnished the regular annual railroad estimate of the peach crop. This season the total estimated shipments are placed at 12,375 baskets, of which the Queen Anne and Kent Railroad is credited with 11,975 baskets, the Baltimore and Delaware Bay railroad with 250 baskets, and the Delaware rail road with 150 baskets. This is the smallest yield in the history of peach growing with two exceptions—1868, when the shipments were 23 car loads, and in 1881, when 78 car loads were sent to market.

Ask Your Friends About It.

Your distressing cough can be cured. We know it because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks o Kemp's Balsam. There is no medicine so pure, none so effective. ADDITIONAL LOCALS.

The Newton Hamilton Watchman says: Large fish, supposed to weigh from 15 to 20 pounds, are seen daily near the breast of the dam. They are no doubt a specimen of carp and have escaped from some pond during the June flood of '89.

From the Newton Hamilton Watchman: On Thursday afternoon shortly after 4 o'clock Lizzie, 10 months old of Wm. Cormeins, was playing with some matches in the house and in some manner set fire to her clothing. The mother, who was drawn to the room by the cries of the child, in her excitement picked the child up and ran out into the street with it where the wind fanned the flames and before the clothing could be torn from the child it was horribly burned from the knees to the top of its head and intestinalle. The little one suffered terribly until 9 o'clock that evening when it died. She was aged about 20 months. The funeral took place in Memorial cemetery at 4 o'clock Friday evening. The mother, in trying to extinguish the fire, was badly burned about the hands and arms.

The young lady who taught a class of Chinamen in Massachusetts Sunday-school and found they were steeped in wickedness at the very time she believed them good enough to wear wings, will probably devote her Christmas labors to white sinners now. She is not the first earnest missionary who found the Chinese field of work a delusion and a snare. Our yellow friend John is a sad deceiver. So often has he turned out to be a fan-tan playing and opium-pipe-smoking rascal when he supposed as innocent as a child that it has become very hard to take any stock in his professions. There may really be a good and guileless Chinaman, but people like that Massachusetts young lady, who have experience, will feel sure that he must be dead.—North American

Snakes in Perry county are uncommonly plenty, as may be learned from the Advocate of the 16th inst, which says: Six kes seem to be plenty on Solomon Bower's farm, in Jackson township. On Tuesday of last week while Geo. Walton and Clark Bower were cutting grain the former cradled over a large copperhead snake, which they killed. The following day Miles Bower cradled over a rattle-snake and in binding the sheaf it was discovered by Clark, who succeeded in killing it, and on Friday while hauling hay near the house another large black rattler was discovered in a heap which was pitched on the wagon. It was quickly dispatched with the pitch forks and was found to have nine rattles. Mr. Bower says that a rattlesnake has not been seen so near the house for forty years. * * * Last Wednesday Mrs. John Garlin, of Center township, while working in her garden became thirsty, and sent her little girl to the house for water. Upon entering, the child discovered a large snake in possession. Frightened, she ran to her mother, who hurried to the scene. The snake upon seeing Mrs. Garlin approach, sprang at her, leaping about three feet in the air, but failed to strike her. The lady being afraid locked the door and hastened to a neighbor's where she secured the assistance of a man, who accompanied her home and dispatched the reptile, which proved to be a huge black snake, measuring 6 feet, 8 inches.

The Oats Trouble.

The Lewisburg Chronicle publishes a communication from J. A. Gundy on the "Oats Trouble," as follows—As stated, a few weeks ago, I sent samples of oats plants, several different times, to the Department of Agriculture. In answer to the question, "What ails the oats?" Mr. Galloway, chief of section of Vegetable Pathology, writes:

"This disease promises to be an interesteng one from the fact that it is likely to be due to a minute organism or bacterium. As it is now well known, bacteria are the cause of some of our worst diseases of animals, such as cholera, smallpox, and other contagious maladies in man. We know that these germs also attack plants, causing widespread epidemics among them as in animals. The leaves of the oats seem to be the only parts affected, and microscopic examination of them shows that in many cases the sap is swarming with germs. It will be a long, tedious process to prove that these germs are the cause of the trouble; but, until that point is settled one way or another, we cannot hope to offer any means of combatting it. We shall push the investigations as rapidly as possible, and hope to arrive at some definite conclusion soon."

The disease appears to extend to all parts of the State. Reports received for this month (July) from 46 counties in the State all report the disease. It will certainly reduce the crop in the State from 40 to 60 per cent. I do not yet know whether it extends to other States or not, but will know in a week or ten days. The disease seems to be new to the Department, and I have no information if it is likely to affect other plants except that reports show the barley to be similarly affected.

A Spring Medicine.

The druggists claim that people call daily for the new cure for constipation and sick headache, discovered by Dr. Silas Lane while in the Rocky mountains. It is said to be Oregon grape root (a great remedy in the far west for these complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells at 40 cents a package and is called Lane's Family Medicine tf.

GENERAL NEWS ITEMS.

The "black rot," is killing sweet potatoes in middle and lower Delaware.

A diver who was working at the foundation of a railroad bridge near Boise City, Idaho, gave a signal to be hoisted quickly. When he got to the surface he held fast a sixty-five pounds salmon that he had caught by the gills.

A colored dentist at Macon, Ga., is said to use his fingers only in extracting teeth. They are strong as forceps, and he claims he can pull teeth faster and with less pain than any dentist using instruments.

B. F. SCHWEIER,
Editor SENTINEL AND REPUBLICAN

ASSEMBLY.

EDITOR SENTINEL AND REPUBLICAN:—Announce that Wm Herdzler of Port Roya is a candidate for the nomination of Assemblyman from Juniata. Mr. Herdzler is the present member, and his record commends itself to such a degree that it seems like a mistake not to return him to the State Legislature.

PORT ROYAL.

PROTHONOTARY.

EDITOR SENTINEL AND REPUBLICAN:—At the request of many friends, I ask you:—Please announce my name as a candidate for the office of Prothonotary, subject to the usages of the Republican party in Juniata county. If I receive the nomination and am elected I will try to please the people whom I could serve in the duties of the office.

OLIVER C. DIFFENDERFER.

COUNTY COMMISSIONER.

EDITOR OF THE SENTINEL AND REPUBLICAN: Please announce the name of Uriah Shuman of Delaware township as a candidate for the office of County Commissioner. Mr. Shuman ranks among the best citizens in the county. He is able and honest. He has always been in the front for the advancement of his party principles, and never behind when the good of the people in local affairs are at stake. He is the kind of a man to nominate at the primary election, and the kind of a man the people will gladly vote for and elect to the office in November.

DELAWARE.

EDITOR SENTINEL AND REPUBLICAN:—Please announce to the Republican voters of Juniata county the name of Wm. B. McCahan of Milford toweship as a candidate for County Commissioner. Mr. McCahan has hosts of friends. He is a farmer, a good citizen, was a soldier, is a competent man, and is a typical American, who will fill the office with credit to himself and fidelity to the public generally.

MILFORD.

MR. EDITOR:—At the request of numerous friends and citizens of Juniata, I present myself to the consideration of the Republicans for renomination for the office of County Commissioner, subject to Republican usages. My past administration of the office is a guaranty of what my future action will be, if favored by a re-nomination and re-election.

FRANCIS HOWER.

EDITOR SENTINEL AND REPUBLICAN:—Dear Sir: The county government which is lodged in the board of County Commissioners, is of more importance in times of peace to the people of the county than the general government and therefore the board of county commissioners should be composed of honest and capable men, who will discharge the affairs of office for the general good. With this object in view I would name Joseph Sieber of Fayette township as a citizen abundantly qualified to fill the important office of county commissioner. His nomination at the primary election will give the people generally an opportunity to elect a good man to the important office in November.

JUNIATA.

EDITOR SENTINEL AND REPUBLICAN: Please announce the name of W. Harry Moore, of Walker Twp., as a candidate for re-nomination for County Commissioner, subject to Republican usages. Mr. Moore's record as a Soldier and Citizen is without blemish and he possesses all the qualifications necessary to make a good and efficient officer having received within a few votes of a majority three years ago, after not being able to canvass the county on account of sickness in his family, fully attests his claim for the office.

MIFFLINTOWN.

MR. EDITOR:—Please announce that I am a candidate for the office of County Commissioner, subject to Republican rules. If nominated and elected I pledge myself to an efficient and economical administration of county affairs to the interest of the tax-payers.

JOHN S. MUSSER.

Walker township, June 24, 1890.

COUNTY TREASURER.

EDITOR OF THE SENTINEL AND REPUBLICAN—Dear Sir:—James J. McMullin of Tuscarora township has numerous friends, who desire to have him announced as a candidate for the office of County Treasurer at the Republican Primary Election, subject to the rules that govern the party, being satisfied that if he becomes the standard bearer for that office, he will prove a source of strength before the people and Electors and the upper end, and throughout the entire county at the November election. He is a man of straight forward abilities and good business qualifications and common sense views of financial affairs.

TUSCARORA

EDITOR OF THE JUNIATA SENTINEL AND REPUBLICAN—Dear Sir—In conformity with the rules of the Republican party for primary nomination that all candidates for office must be publicly announced, I present the name of Lake Davis of Walker township as a most suitable man for the office of County Treasurer. Mr. Davis lives in the heaviest tax-paying township in the county, a township that has not been honored with a nomination for county office in years. He has been a heavy tax-payer all his life, an economical citizen, a tiller of the soil, a soldier in the Union army almost three years, a member of the National Guard five years, a good citizen every way, who will grace himself as a faithful county official if the people will do me and themselves justice in electing him. WALKER.

EDITOR SENTINEL AND REPUBLICAN:—No man in this community has ever inspired confidence to a greater degree for honesty of purpose and financial integrity than Frederick Espenschade, and for that reason he is one of the fittest men in the county for official position, therefore I present him as a candidate for the primary nomination for the office of County Treasurer. He has not been an office seeker and for that reason will be acceptable to a large majority of people. His extensive acquaintance which has been acquired throughout the county by diligent attention to business will make him invincible before the people in November.

MIFFLINTOWN.

EDITOR SENTINEL AND REPUBLICAN:—Dear Sir: John F. Ebersoller of Fayette township, may not be known personally to every man in the county, but wherever he is known his name when mentioned in connection with the nomination for the office of County Treasurer, inspires confidence. He is a man of the people and resides in the banner district of the county. The eyes of all Juniata are turned upon Fayette at election time. Considering the personal qualities of Mr. Ebersoller and the district in which he lives his nomination at the primary would be most timely and his election assured in November.

FAYETTE.

COUNTY CHAIRMAN.

EDITOR SENTINEL AND REPUBLICAN:—Please announce Calvin B. Horning of Mifflintown as a candidate for chairman of the Republican County Committee. Mr. Horning is an able organizer and will make an efficient chairman.

MIFFLINTOWN.

At the earnest request of Republicans from all parts of the county, I offer myself for re-election as Chairman of the County Committee. If elected my services in that office during the past year will be a pledge for my future conduct.

CARL F. ESPENSCHADE.

Mifflintown, June 24, 1890.

COUNTY AUDITOR.

Please announce R. S. Gearhill, of Walker, as a candidate for County Auditor, subject to Republican usages.

WALKER.

July 1, 1890.

W. P. Graham of Spruce Hill made a good auditor and is worthy of re-election. Let us continue him in the office.

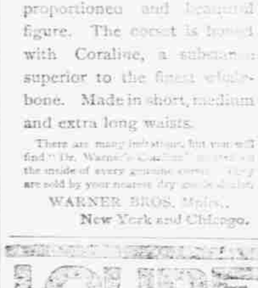
NO MORE OF THIS!


Rubber Shoes unless worn uncomfortably tight will often slip off the feet. To remedy this evil the
"COLCHESTER" RUBBER CO.
offer a shoe with the inside of the heel lined with rubber. This clings to the shoe and prevents the Rubber from slipping off.
Call for the "Colchester"
"ADHESIVE COUNTERS"
and you can walk, run or jump in them.

Consumption Surely Cured.
