Lightning struck the building occupied by Ephraim Connelly and also the double cottages of John Townsend. The bolt struck the former house at the peak, tearing the roof off and destroying or burning everything in one room, excepting a crib in which an infant lay. The current then passed through the house, knocking several persons down. Nobody was seriously hurt, and $1,000 will cover the damage done the houses.—Ex

This from the Lewistown Gazette of August 6:—Kansas seems to continue to bleed. F. H. Miller writes us from Salina that everything is burning up there. There is no corn within a radius of one hundred miles of that place. They have had not winds every day for over a month and little rain for over six months. The thermometer has been higher than 120, and he says hundreds of people are leaving the western part of the state. Pennsylvania is good enough for us and we believe those of us who have remained in this state are the most blessed. Out of the abundance of our blessing we can sympathize with our friends in Kansas.

Reception.

The observance of the 60th birth day, of Hon. John J. Patterson, was celebrated at the Senator's home in this place last Friday evening by a large company of citizens. The Senator and his daughter Mary, received the hundreds of friends, and neighbors, who pressed forward to present their congratulations upon the Senator's hearty entrance upon the youth of old age, and to wish him a continuance of health and prosperity to the end of his days. Bountiful refreshments were served to all and the Mifflintown band was present on the back porch, and did justice to the occasion by playing its best music. After refreshments had been served, those of the company who are lovers of the Terpsichorean art engaged in dancing. It was a pleasant occasion, and all who were present look upon it as one of the cheerful periods in their pilgrimage through life.

LAST OF THE SEASON.

Pennsylvania Railroad's Seashore Excursions.

The popularity of the Pennsylvania Railroad's seashore excursions this summer has been phenomenal, and that of August 7th was one of the largest excursion parties that ever left this section. The secret of their great success is found not in the attractive points to which they run, but to the low rates, liberal return limit, and the admirable manner in which the excursions are managed.

The next and last tour of the Pennsylvania Railroad's series to Cape May, Atlantic City, Sea Isle City, or Ocean City is fixed for Thursday, August 21st. The season at all of these points will then be at its height, and every attraction of seashore life in the best form for enjoyment.

A special train composed of parlor cars and day coaches will leave Pittsburg on the date mentioned at 8.50 A. M., and run through to Philadelphia, arriving at 7.16 P. M. The night will be passed in Philadelphia and the party will take regular trains to the seashore next morning.

Passengers from Pittsburg, East Liberty, Irwin, Uniontown, Connellsville, Scottdale, Somerville, Greensburg, or Johnstown may take the evening trains leaving Pittsburg for Philadelphia at 4.30 and 8.10 P. M., and proceed to the shore the next morning.

The excursion rate from Mifflin is $5.65. The special will leave at 3.05 P. M.

Any special information in regard to these excursions may be obtained by addressing Thomas E. Watt, Passenger Agent, Western District, 110 Fifth Avenue, Pittsburg.

SEVENTY BABIES A MINUTE

It has been computed that between 36,000,000 and 37,000,000 babies are born in the world each year. The rate of produce is, therefore, about seventy per minute, or rather more than one for every beat of the clock. With the one-a-minute calculation every newspaper reader is familiar, but it is not every one who stops to calculate what this means when it comes to a year's supply. It will, therefore, probably startle a good many persons to find on the authority of a well known hospital writer that, could the infants of a year be ranged in line in cradles, the cradles would be overflowing and at the same time extend around the world. We have the ingenious conclusion also that, supposing the little ones grow up, and the sexes be equally divided, we would have an army 100 times larger than of Great Britian and a wife for each soldier besides. The same writer looks at the matter in a still more picturesque light. He imagines the babies being carried past a given point in their mother's arms, one by one, and the procession being kept up night and day until the last comer in the twelfth month had passed by. A sufficiently liberal rate is allowed, but even in going past at the rate of twenty a minute, the reviewer at his post would only have seen the sixth part of this infantile host after they had been passing him at the rate of 1,200 an hour during the entire year! In other words, the babe that had to be carried when the tramp began would be able to walk when but a mere fraction of its comrades had reached the reviewer's post, and when the year's supply of babies was drawing to a close there would be a rear guard, not of infants but of romping six year old boys and girls.—Ex.

"Some lives are like Horse Shoes the more worn the brighter." Busy wives who use SAPOLIO never seem to grow old. Try a cake...

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. But by these things a man often judges of his wife's devotion to her family, and charges her with general neglect when he finds her careless in these particulars. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.

You know from past experience that we never make statements in the newspapers that we cannot back up with deeds and our present House cleaning sale will be no exception to this rule. Now, then, "put money in thy purse," be it ever so little and attend this sale. We have made the reductions, it remains for you to take advantage of them. This is the last chance of the season—the last and greatest cut of prices, and if you're wise, you will make a bee line immediately to Meyer's Grand Depot. As is usual in such cases, the earliest purchasers will catch the best bargains. Don't defer your coming, therefore, but let us see you as soon as you possibly can.
