The advocates of compulsory education are stumped into silence over the prison statistics of Massachusetts, which reveal the fact that 75 per cent in that state that have received text book education in the schools and can read and write. Text book education is no preventive of crime. Moral instruction or education is the preventive of crime. If you want the latest style Hat, you can get it at Hollibaugh & Son's, Patterson, Pa.

A well has been started on the Newton Hamilton camp meeting ground for the purpose of bringing a flow of water to the surface of the ground. The well is now down 600 feet. Gas has been coming from it in such quantity that it will cause a paying well of gas would knock the camp meeting ground "higher than a kite."

Vote for James McMullin for County Treasurer. Mr. McMullin is well known in the west and of the county when he is looked upon as a citizen and a good neighbor. His neighbors recommended him to who have not the pleasure of his acquaintance as a man who will bring an honest purpose to do what is right in the management of the County Treasurer. On Monday, boys started the story that a fine new trunk has been awaiting the coming of an owner, in the railroad baggage room at the station the past 14 days, and that now the trunk opens and bad smell that a despatch had been sent to E. O. McLellan Superintendent of the Middle Division concerning the matter, and that he had ordered an investigation. It was Peck's bad boy that started the lie.

On the 30th of September while the men were putting off several blasts in the rocks along the Newport and Sherman's Valley railroad, about six miles from this place, one of the blasts exploded prematurely, blowing out of the rock a mass of iron rods, Frank, with the rocks, a distance of about a hundred feet. He was badly hurt about the thighs and breast. One of his arms was also badly injured.—Bloomfield Times.

Vote for Uriah Sherman and Wm. B. McCaban for county commissioners. They are a choice selection for the most important office in the county government. They are able men, capable men, honest men, having the three qualities to make the best of officers. They are men of affairs, not extravagants, and not of the low class economy that saves the drop at the spigot to waste a quart at the bung. Dr. M. B. Garver formerly of this county, but now of Lancaster county, paid his last visit to Mifflintown, in his last week, preparatory to his going to California where he will locate at Alila, Tulara county. The Doctor has been doing well enough in Pennsylvania, but the golden state has more charms for him than his native land hence his departure. His many friends wish him success. The long evenings are here, just the time you need a companionable newspaper. Subscribe for the Sentinel and Republican, it is the paper to fill the bill. It does not pretend to give an account of every dog fight, that takes place in the community, or makes mention of every finger that is pinched in the community, but it gives an account of all important local happenings, and all important events away from home, with a general selection of instructive reading matter. Vote the Republican ticket. The Lewistown Gazette of last week says: Wednesday night about 1 o'clock Charles McElhee's fire barn near Lillyville was set on fire and burned to the ground. The loss is about \$1,000. A tramp made a remark at Wagner's station, that he supposed that he is the man who did the deed. * * * John T. Zerby and Samuel Thompson cut a tree near Rocky ridge, in Stone valley, Thurs

day, from which they secured a lot of fine honey. During the trip they succeeded in despatching a mammoth rattlesnake, from which they took thirteen rattles. Vote the Republican ticket. Measures taken, suits ordered, and a perfect fit guaranteed at Hollibaugh & Son's, Patterson, Pa. The people have hardly done with the mystery of the Anna Lacey murder till the same vicinity is started by the finding of the body of Mrs. Annie Miller in a small woods not far from her home murdered. There is a path through the woods and this was waylaid by some fiend, taken to prevent the discovery of the fiendish, lustful act. A negro named Lingo was seen in the woods about the time Mrs. Miller entered the bushes. He is suspected by many of having murdered Annie Lacey. It is reported that a syndicate with a capital of over two million dollars are about to examine the ground around Dunneannon with a view of opening extensive coal mines. There is not the least doubt that if a reasonable amount of capital is properly invested that thousands of tons of good coal could be mined within one mile of the iron works. But what is it to pass into the hands of foreign speculators when the capital could be raised in our own locality. If those immediately interested would start a stock company, solicit subscription of say \$50 per share, employ experienced miners in a short time tons of black diamonds will be taken from beneath the mountains in Allen's Cove and along Sherman's creek.—Dunneannon Record.

W. R. Miller, resident of Dudley, Huntingdon county, committed suicide Friday morning by hanging. No cause for the commission of the act has as yet been discovered. Mr. Miller had complained of a severe headache, but he attended to his work as usual, and no uneasiness was felt by his friends that he would undertake to do violence to himself. Upon arising that morning Mr. Miller found that her husband had preceded her down stairs, and she supposed that he had gone to work. About half past 8 o'clock she had closed her eyes to go out to the barn and upon opening the door, she found the lifeless body of her husband hanging suspended by a rope which was attached to a rafter. The distance from the barn floor to the roof is not more than 12 feet, and owing to the noise end of the rope approaching close to the floor, Mr. Miller was obliged to draw up his feet until life was extinct. When found the body was in a kneeling position. It is believed the unfortunate man was seized with temporary insanity. He was a brother of Jackson Miller, present candidate on the Republican ticket for county commissioner, and a son-in-law of Squire John Miller, candidate on the Democratic ticket for the same office. He was aged 32 years and leaves a wife and one child.—Huntingdon Paper. From the Chambersburg Repository: John Hess of Falling Springs lost a horse about a month ago. The animal died very suddenly and the cause of death was not known. It was found lying on a wooden walk a few days ago. S. M. Hoas was passing through the woods where the carcass lay and he noticed that the luzzards had torn open the body of the horse. On looking into the cavity he found what seemed to be two round balls of stone, which were very hard and when struck together sounded like stones. They were not the ordinary hard balls sometimes found in the stomachs of animals, but seemed to be hardened and petrified vegetable matter. They were undoubtedly the cause of the death of the horse, but what caused their formation is a mystery. * * * Franklin Taylor, guardian of John A. and James A. McLain minor children of Alexander C. McLain of Fannettsburg, has just received a pension amounting to \$2765.86. Mr. McLain was a member of company H. 126th Regiment. The pension is at the rate of \$4.00 per month from May 21st 1867 to May 4th 1881, the date of Mr. McLain's death. After this the widow's pension was \$8 per month until March 19th 1886, and then \$12 a month until her death in 1887. The children each received \$2 a month until they were sixteen. Of the amount stated above, John receives \$1666.26, and James \$1100.60.
