visit to his only daughter, Mrs. William Zorby of North Heidelberg township, Berks county, whom he had not seen in many years, and while conversing with her died in his chair.

Friends and relatives will meet in the Presbyterian church in this town on Thursday Jan. 29, to witness the marriage of Miss G. K. Crawford and Rev. Stewart Gierling of Huntington, Episcopal church.

Consters in Huntingdon have been getting in the variations in the way of numerous slight injuries. The serious accidents are mentioned thus: "Robert Johnson dislocated his knee; Gay Robb had his face all cut and mutilated, and Robert McCoy had one of his legs broken."

Joseph Brindle of Patterson has agreed with the Patterson town council, for the sum of \$700, to move his large double frame house, and surrender the lot on which it stands so that Juniata street may be extended into a field, owned by E. S. Parker, who contemplates laying the field out into building lots.

English Spavin Liniment removes all kinds of Swollen Lumps and Blemishes from horses, Blood Spavin, Curbs, Splints, Sweeney, Ringbone, Stiles, Sprains, and Swollen Throats, Coughs, &c. Save \$50 by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by L. Banks & Co., Druggists, Millintown, Nov. 13, 1890-ly.

The standard of values among civilized nations in all the past has been gold and silver. When the bonded indebtedness of the world was lowest the people could have best afforded to work with one of the metals. Now when the bonded indebtedness of the world is greater than ever and people can least afford to lose any one of the metals as money. The gold bugs propose to rule out silver.

A good Samaritan came by the Millertown Methodist church, some nights ago, and espied a man lying against the building. Going to the man, he found a stranger, who had laid down to die. The man was taken care of, and last reports say he is recovering from exhaustion and starvation that had well nigh overcome him in his travels from Leunburg, Germany. He says his name is France Eicher.

Philadelphia has nominated her candidates for the February election, which gives everyone time to acquaint themselves with the ins and outs of the parties nominated, and gives the voter a chance to discover tricks if any are in contemplation. The cities would not tolerate such a system as is in practice in the country districts, which permits any number of men from two to a dozen to form one or a half dozen tickets the night before election day, and launch them all on the morning of election day to the utter confusion of everybody, excepting the little rings who are working the election racket. The tricks of the city politicians are childish, compared to the country custom. With such a state of politics it is no wonder that the farmers are grumbling under their load of township taxes.

Farmer George Wilson, who lives near Beaver Falls, tells of a most remarkable experience three of his sheep had during the late severe storms. The animals were missed during the snow-storm the night after Christmas, and were not found until last Friday, when a firm hand discovered them in a hollow where the snow had drifted to a depth of twenty feet. A hole was shoveled into the drift and the sheep were rescued safe and sound. Their hunger had driven them to eat every bit of wool on each other's backs. They had also consumed such quantity of snow that they stood in variable chamber. The room they had made was twenty feet in circumference and five feet high. They seem to be of great interest to the other sheep, who recognize their fellows, but are unable apparently to account for the entire absence of wool.—Ex.

Sheriff Noble will sell in the Court House in Millintown, January 30, 1891. A tract of 63 acres of land in Lack township, having thereon a one story dwelling house and bank barn, as the property of Thomas J. Smith.

A tract of 25 acres in Susquehanna township, having thereon erected a two story dwelling house, frame barn and out-buildings, as the property of Solomon S. Updegrave and Malinda Updegrave. Also No. 2, in same township, a tract of 20 acres as the property of Solomon S. Updegrave. Also No. 3, in same township, a tract of 5 acres as the property of Solomon S. Updegrave.

A tract of 250 acres in Tuscarora township, having thereon a two-story frame dwelling house, bank barn and other out-buildings to be sold as the property of T. J. Laughlin.

A tract of 39 acres in Greenwood township, having thereon a one and a half story frame dwelling house, log barn and other out-buildings as the property of William Erwin.

Public Sales.

March 2d, Tuesday, Hannah Sieber of Fayette township two miles east of McAlisterville, will sell household and kitchen furniture. Sale to commence at one o'clock, P. M. Joseph Long, Auctioneer.

Farmers' Institute.

Ed. Juniata Sentinel: Your correspondent hearing that the farmers contemplated having an Institute at Center, made his way thither on the morning of the 9th, and found that a citizens meeting had already been held the evening before. The granger's Pomona was held on Thursday at the house of Mr. Luke Davis, and report has it that it was unusually large and comprised

the best and ablest representative grangers in the county. Most of them were a material help to the Institute. D. B. Esh of Spruce Hill managed the meeting at the instance of the State Board of Agriculture. It was the ablest, largest, most instructive and entertaining Institute ever held in Juniata Co. The solid work consisted of addresses, papers, essays, discussions and black board illustrations, and the entertaining interspersions were songs, solos, duets, quartets and general singing—Dinner and horse feed were given to all the citizens.

The oldest farmers, the best citizens, the youngest men, women and children all vied with each other to make visitors comfortable. The weather was made expressly for the occasion, as were the coffee, butter and bread. Help from abroad was given by Sis-in from Laplume Benninger from Walnutport and Herr from Cedar Spring, Clinton Co. Any of these men is a whole Institute in himself and thousands of counsel, cheer, and encouragement will live long after their graves are green. But the time was by no means absorbed by these men. Plenty of home talent appeared. A strong paper on the objects of Farmers Institutes was read by M. R. Beashear on Friday morning. It will appear in the county papers and the Farmers' Friend.

Deo Keeping, by Mr. Esh was a very profitable address. The conclusion reached is that a very small amount of care and knowledge will make this industry more profitable than many suppose. Sheep Husbandry, by Mr. Sission was a fine talk, and I will give a few isolated points. The best wool comes from Australia and South Africa—One man alone has two and a half millions and in files of two they would reach around our State. It would take forty days to drive them through a pair of bars. Sheep will not do on a low wet soil—Upon upland, in small flocks pay better than cows for the same care and investment. They certainly enrich the soil and clear the land of all weeds. They bite close and must be changed from field to field every week to keep the grass. Diarrhoea the most troublesome disease and cured by feeding upon dry hay a day or two.

—Washing a practice of the dark ages. Shear early and house in cold rains to clear of ticks. Lambs should be clipped tall and serotum in four days from birth. Be sure to feed breeding lambs, hay early in November to prevent wool from falling off in the spring—Have good ventilation in draft and quarters where no water will freeze, change flocks frequently. Sulphur is the very best sheep remedy for the ticks and disease. Feed all the time sparingly, and mix in the salt. The Shropshire is the very best general purpose sheep, is large, gentle, hardy, fine wool and easily fenced.—The Southdown next. Oxford is open in the face, easily chilled and are then done. Leicestershire, ditto. The Horned Dorset on trial at Cornell, promises wonders and drops two sets of lambs a year; has the qualities of the Shropshire, &c. The dog is the big trouble in sheep husbandry. The speaker is a great shepherd. Two essays were read, one by Miss Lizzie Bashore, on the Works of Nature, and the other by Miss Gilson, on Farmers' Wives. The former was an elegant literary effort and a copy was solicited for publication. Miss Gilson was raised on the farm but is studying medicine. We understand nevertheless she clings to the traditions of the farm and puts on a square defense. Mrs. Benninger read with wonderful effect, the Farmer goes up head. General Fruit, by Mr. Benninger was a very profitable talk. Fruit has been a success in every part of par where it was properly attended to. Would plant a tree three years old. Be sure the ground is warm before planting. The heavy part of the tree should always be southwest. The orchard cannot be cultivated to frequently, but never so deep as to touch the roots. Pruning can be done in any time of the year but the wound will heal best in cold weather. Surplus apples and pumice make milk and fat and should all be fed. Mr. Hale of Conn., applied a double portion of potash and bone, cultivated well and cured pronounced yellows in peach trees. Hubbard; none such is the best apple in the world. Buck wheat is the best crop for an apple orchard; it stops weeds; insures a crop and stops the growth of the tree which is necessary when bearing. All should remember this. Mr. Lantz objected to pruning when the tree blossoms, and the fruit king had it lively for a spell. Light pruning to their fruit was admitted, but severe pruning condemned. Jewel Strawberry had no summers and is excellent for garden use, where runners are not wanted to trouble. On Friday evening a paper was read by Mr. Kniss on equitable laws, which will be published. It was a far reaching paper and an earnest discussion following. The house called on Davis, Smith, McWilliams, Benninger. Forming a Business by Mr. Herr, was a very spicy paper, and will be published. Finance—more money by Mr. Ailman on Saturday morning seemed to take the cake. He advocated government loans on land security, at 2 per cent interest and Free Coinage of Silver. This was Mr. Ailman's ablest effort, and it would be no mean thing had his voice been heard in the halls of Congress. In the afternoon he was called upon to practice more fully some of his arguments. He then explained what was meant by free coinage, demonetization of silver, how it was brought about and its immediate effect upon farmers. He showed upon the blackboard how a ten thousand dollar farm shrunk into a seven thousand, and how the price of wheat fell from \$1.25 to 76¢ per bushel. He enthusiastically pronounced want of free coinage of silver the great source of all depression. These words, by Mr. Smith, and The Farm, by Mr. McWilliams, were both interesting talks and carefully discussed by the Institute. But the setting sun reminded all that the time for parting was at hand. A motion to adjourn, a hymn, a buttoning up of coats, a long lingering grasp of the hand, a friendly fare thee well, and there was an end of the best farmers gathering ever held in Juniata. Reporter.

MARRIED:

FREY—BAKER.—Near Goodville, on January 5th, by Rev. J. Landis, William Frey and Mary M. Baker, both of Delaware Twp.

"Thrift is a good revenue" results from cleanliness and SAPOLIO. It is a solid cake of scouring soap. Try it in your next house-cleaning and be happy.

Looking out over the many homes of this country, we see thousands of women wearing away their lives in household drudgery that might be materially lessened by the use of a few cakes of SAPOLIO. If an hour is saved each time a cake is used, if one less wrinkle gathers upon the face because the toil is lightened, she must be a foolish woman who would hesitate to make the experiment, and he a churlish husband who would grudge the few cents which it costs.

1890 FALL AND WINTER SEASON 1891 MEYERS' STOCK OF CLOTHING

Is now ready for your inspection. Whether you aim to save money, dress in the latest styles, or both, you will surely find it to your advantage to look through this vast aggregation of merchandise. You can't employ a few minutes more profitably. You may not buy on your first visit, but you will surely leave our establishment impressed with the benefits to be derived from patronizing us. You will see the largest Men's Suit and Men's Overcoat Department in the county. Our gigantic store is literally lined with counters, and each counter loaded high with the newest, noblest, finest and most fashionable styles of Men's Clothing. But here's the most important point: Take any one of these garments and you will find it marked at a lower price than any other house can name.

NOTE THESE SPECIAL PRICES: Among the many prices in Men's Suits, we point out the following: \$10 for Men's Nobby Business Suits, Sack and Frock Styles, all-wool materials. \$10 for fine Scotch Cheviot Suits in Cheviot, Plaid and Silk Mixtures. \$11 for Men's Imported Cassimere Business and Dress Suits in Sack and Frock Styles. \$12 for Men's celebrated Black Scotch Cheviot suits and Imported worsted diagonal suits. \$15 for men's extra fine custom tailor made, imported dress suits, in Sack, Cutaway, Frock, and Prince Albert styles. You can't form an idea of the excellence of the bargains until you see them. Equally great values in Fall Overcoats. We have the very latest, choicest and noblest things—and a saving of money is guaranteed to every purchaser. If you want to leave your measure for a first class suit, a spring overcoat or a pair of trousers at a small outlay of money, call on us. Men's all-wool suits at \$8. Nobby Cheviot and Cassimere Suits at \$10. Hundreds of men's suits at \$4, \$5, \$6, \$7 and \$7.50.

BOYS AND CHILDREN'S CLOTHING. Boys' Clothing—we confidently believe—is worn by three out of every five boys in the county. Experience has taught careful observers that our Boys' clothing is the best for money every time. Our Boys' suits at \$3 outlast those for which you pay \$4 elsewhere, and our \$5 goods will look neat and tidy. Examine by the way. Our stock of children's clothing is the largest in the county and the most varied. Mothers, you want clothing for your boys, and you want value for your money; here's where you can get both. We have the biggest and best line of children's clothing in the rattling goods suits at \$1.75, better at \$2, and still better at \$2.25 and \$2.50. No house buys in such quantities that we do; no house carries such an assortment, and no house sells at such low figures. We beat them all from 10 to 20 per cent; that is the main buying point, where you get the biggest value for the least money. Our stock of Spring Overcoats (commonly so called), rather our stock of early Fall Overcoats is large and nobby and verp cheap. Come and examine.

OVERCOATS. Our stock this fall is superb. Constant effort succeeds. We are making improvements every season. The newest novelty this season is the box overcoat, with 1/4 inch lap seam. Every known fashionable shade is here at prices to suit all, \$8, \$10, and \$12. These coats must be seen to be appreciated. Men's Ulsters, or Storm Coats in black, blue and fancy Shetlands, black and Chincheilas, American Irish Friezes, Fancy cheviots and cassimeres, at \$4, \$5, and \$6. No such values in any other store in the county.

Visit our Hat department. Exclusive styles in nobby goods. No house in this county can approach our prices in Underwear! We bought in larger lots than any other concern; we paid spot cash for everything we show. Can you wonder at our ability to undersell all competition.

FERD MEYERS, THE LEADING CLOTHIER MIFFLINTOWN, PA.
