During hot weather especially it will be a great help if the poultry that tre confined can have a change of run

coasionally. If you intend making a start with cultry this fall build your poultry iouse and as far as possible get everyhing in readiness.

> When confined, all the scraps from he table as well as the parings and waste from the vegetables should be

aved up and be fed to the poultry. In the latter part of summer or early all is a good time to make a start with poultry. Get a good breed, and se prepared to take good care of them. The young chickens ought not to be llowed upon the roosts until they are it least three months old. If allowed o roost too early it will often cause heir breats to become crooked.

There is fully as much injury done what may be considered wrong reeding as by inbreeding. In either ase considerable experience is necesary if the best results are secured.

Allowing the house and yard to get and remain damp is one of the princisal causes of gapes, and keeping them iry is one of the very best preventaives. Slacked lime will ald in purilying the ground.

One of the very best materials to use with poultry in feeding at this ime is oats. They can be improved y scalding the night before and let tand until in the morning and then beding. Wheat-bran can be added with benefit.

During warm weather it is nearly lways best to send both eggs and soultry by express. Sent by freight s entirely too slow, and with live soultry will cause much suffering, and with eggs will certainly not add any-

hing to their quality. The easiest way to find the guinea's

sest is to listen for her as she comes off the nest. They always make coniderable noise when they come off the test, and they can be found in this way asier than by watching the fowls, as

> hey are usually very shy. Ducks ought to be reasonably fat a

east when sent to market. A few lays' extra feeding will in many cases ncrease their condition in this respect and add to the price that can be resived. With poultry as with other roducts the quality has much to do with the price.

NOT LIKELY-"I'm willing to bet money the Prince of Wale will never succeed to his mother's title." "Done. I'll bet a hun-oh-ah-no.

I don't beleive Albert Edward'll ever be Queen."

\$100.000 STICKING TO BUSINESS. - Litt'e Boy (at toystore window) -- "Mamma, won't you buy me a top?" PRIZE ONION

Mamma (meditatively)-"It's too cold to spin tops." "Well, then buy me a double rippe

sled and some new skates, and we'll the top go." PROF. LOISETTE'S NEW

A RECHERCHE AFFAIR .- "There seems to be something going on in the house across the street," said a pedest-

rian to a policeman. "Yes" replied the officer, "the friends of 'Red' MeCarthy the counterfeiter are presenting him a new set of dies and

moulds in honor of his sixtleth birthday."

She didn't.

Beware of Imitators our Murray Bnegles and Harness. See it your Buggy has our name plate and arantee on it and of the Peerles, Allas of the Wo YOUARESAFE
