

THE LADIES OF ST. JAMES.

BY HUNTON DOBSON. The ladies of St. James... The ladies of St. James... The ladies of St. James...

The Fate of "Miss Booth's Tea-Caddy."

BY CHARLES RATTLE LOOMIS. "Are there any letters, Miss Parritt?... The letter certainly was big enough for two, but it did not seem to please...

The Extinct Eugenia.

Upon her first visit to Paris Eugenia's beauty was ravishing. She was likened to a snowflake on July day; like the fairy-like mist that hangs over Niagara...

"August Flower"

"I am ready to testify under oath that if it had not been for August Flower I should have died before this. Eight years ago I was taken sick, and suffered as no one but a dyspeptic can. I employed three of our best doctors and received no benefit. They told me that I had heart, kidney, and liver trouble. Everything I ate distressed me so that I had to throw it up. August Flower cured me. There is no medicine equal to it." LORENZO F. SLEEPER, Appleton, Maine.

Perils of Barbering.

The barber would not ordinarily be thought of as following a particularly perilous occupation, but a barber in Wisahickon, Pa., is lying at the point of death from injuries sustained in the ordinary pursuit of his calling.

The New Bread.

Attention is called to the new method of making bread of superior lightness, fineness and wholesomeness without yeast, a receipt for which is given elsewhere in this paper. Even the best bread makers will be interested in this. To every reader who will try this, and write the result to the Royal Baking Powder Co., 106 Wall Street, New York, that company will send in return, free, a copy of the most practical and useful cook book, containing one thousand receipts for all kinds of cooking, yet published. Mention this paper.

A Body Done Just.

"Hello, parson," said the man who rang the bell. "How are you?" "Why, how do you do?" was the parson's pleasant greeting. "What do you remember?" Of course I do. You're the young gentleman I married to a charming lady last year, are you not?" "Yes," said the man, "and that marriage hasn't gone just right, either. You see we're divorced, and—"

Wooden Pavements were the Invention of Nicholson in 1854.

It is suggested that because a bare road is dangerous to many people the showing of reverence and respect at the same time is a duty which should be abandoned. The danger is exaggerated, and the custom need not be followed by those to whom it is harmful. But there are many who think it would be better to adopt the Mussulman custom at once and fully, than to suggest that in all outdoor functions men may be covered. One who would never submit to such a rule of reverence is Mr. Gladstone.

Will We Have Cholera?

It is said to be the deplorable state of affairs, both as to water and drainage, in London, that will cause cholera to break out there. It is suggested that the undertakers to sharpen it by a continual ritual.

Never let your place of business when a person wants to borrow money.

There were no native sheep in North America when discovered by South America had the wild geese, and vicuña and the domesticated llama and alpaca, all of which furnished wool.

Best of All.

To cleanse the system in a gentle and safe manner, use the true and effect remedy, Syrup of Figs. One bottle will answer for all the family and cost only 50 cents; the large size only \$1.00. It is guaranteed to give satisfaction. Try it and you will be cured by the California Fig Syrup Co., U.S.A.

\$3 Worth of Hood's

Cured When Others Failed. Salt Rheum or Psoriasis—Severe Case. Mr. N. J. McCoun, Kingsley, Iowa.

HOOD'S Sarsaparilla CURES

received more benefit from three dollars' worth of Hood's Sarsaparilla than from the cost of a dozen dollars' worth of other medicine. I had salt rheum on my face and neck, and it was cured by Hood's Sarsaparilla. N. J. McCoun, Kingsley, Iowa.

HOOD'S Sarsaparilla CURES

These beautiful vines are very great favorites for porches and trellises, both in this country and in England. The purple and white Jackman are very popular and make a fine adornment. Another valuable species is Clematis lanuginosa, of which our illustration represents a plant of the variety, Lady Caroline. This flower is of a French-white color, marked with mauve tints. The species is a native of China and will not thrive in our climate unless protected by a glass cover. It requires warm, moist soil, and every two weeks water should be given. It is the skeleton of an elephant meridionalis, and is nearly entire.

The New Bread.

ROYAL unfermented bread, made without yeast, avoiding the decomposition produced in the flour by yeast or other baking powder; peptic, palatable and most healthful; may be eaten warm and fresh without discomfort, which is not true of bread made in any other way. Can be made only with Royal Baking Powder. Receipt for Making One Loaf.

What Brings Release From Dirt and Grease? Why, Don't You Know?

SAPORO! Unlike the Dutch Process No Alkalies. Other Chemicals are used in the preparation of this soap. W. BAKER & CO.'S Breakfast Cocoa. It is absolutely pure and soluble. It has more than three times as much nutritive value as cocoa mixed with starch. Arrowroot, Sugar, and is far more economical, costing less than one cent per cup. It is delicious, nourishing, and EARLY DINNER.

DELICATE WOMEN

Bradfield's Female Regulator. Every ingredient possesses superb tonic properties and exerts a wonderful influence in toning up and strengthening the system, by driving through the proper channels all impurities. Health and strength guaranteed to result from its use.

The Ideal Garden.

"You must know, sir, that I look upon the pleasure which we take in a garden as one of the most innocent delights in human life. A garden was the habitation of our first parents before the fall. It is naturally apt to fill the mind with calm and tranquillity and to lay all its turbulent passions at rest. It gives us a great insight into the contrivance and wisdom of Providence, and suggests innumerable subjects for meditation."

A copy of the "Official Portfolio of the World's Columbian Exposition, descriptive of the water color effects which were sent to you by address upon receipt of 10 CENTS stamps by THE CHARLES A. VOGLER CO., Baltimore, Md.

"A SUCCESS."

F. J. Cheney & Co., Toledo, O., Gentlemen.—I have suffered from catarrh for about five years and have tried several remedies without relief until I commenced to use Hall's Catarrh Cure last February. I must say that it is a SUCCESS, the dropping in my throat disappeared entirely after the first bottle. It increased my appetite, so that I now weigh eight pounds more than my customary weight. I have recommended it to others and all who used it have been greatly relieved and speak highly of it. One of them was in my store yesterday and expressed his wish to peddle it this winter. Will you please let me know the lowest terms you could furnish it for, as I would like to keep it in stock. Hoping to hear from you soon, I remain, Yours respectfully, R. C. HAUSWEDLELL, Lake City, Minn. BOLD BY DRUGGISTS, 75c

BEWARE OF FRAUD. W. L. DOUGLAS \$3 SHOE FOR GENTLEMEN. A sewed shoe that will not rip; calf, seamless, smooth inside, more comfortable, stylish and durable than any other shoe ever sold at the price. Every style. Equals custom-made shoes costing from \$4 to \$5.

The New Bread. ROYAL unfermented bread, made without yeast, avoiding the decomposition produced in the flour by yeast or other baking powder; peptic, palatable and most healthful; may be eaten warm and fresh without discomfort, which is not true of bread made in any other way. Can be made only with Royal Baking Powder. Receipt for Making One Loaf.
