The only letter remaining uncalled for in the Millintown post office on Saturday evening was for J. W. Chubb. The daily papers are full of murders and crimes of all grades, the accounts of which do not add to one's good feeling.

In view of what Hood's Sarsaparilla has done for others it is not reasonable to believe that it will also be of benefit to you. Whenever one neighbor begins to watch an other it would be best for them to emigrate, of take to some honest employment.

There is a good deal of quiet talk in town that the court will be appealed to, to open the Millintown ballot box for a recount of the ballots cast at the late democratic primary election. It was first seen in this country by Alfred Rodane of Salt Lake City on the evening of the 8th of July.

The trouble with the teaching of today, is that personal honesty is not taught. Success, success, that's the word, and it matters not how, just so you meet with success. Nothing succeeds so well as success, is what is proclaimed from all quarters by men who should teach some thing higher. The Huntingdon Globe says: Miss Minnie Hertzler of this place received 3,480 votes in the Pittsburgh Times' contest for teachers who will be entertained by the publishers of that paper at the world's fair. His luck was poor when suddenly his hook caught and with a jerk the doctor landed a human skull into his boat. How it got into the river will never be told, but it is the skull of a white man of middle age.—Sunbury American. The gold bugs talk about debarred silver. It is the gold bugs who have stopped the free coinage of silver and then rolled up their eyes in well affected astonishment over the low price of silver. It is very much like a horse thief after he has run away with and broken down a horse to denounce the animal for not being a thing of greater value. The whole effort of the gold bugs is to depress the value of silver and increase the value of gold.

Almost everyone that has gone to a picnic at Tuscarora wonders what it is that takes people there. The charm lies in the scenery of the place. People look up and down the river and see the picture of the landscape, and it unconsciously makes its impress. It is one of nature's charming spots. Nature's dusky son's of the forest were just as highly pleased with the place as are the pale faced successors. It was the place where Indians crossed the river. Rebecca Wilkinson, of Browns valley, Ind., says: "I have been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and Indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nervine which done me more good than any \$50 worth of doctoring I ever did in my life. War est medicine in the world. Sold by L. Banks & Co., Druggist, Millintown, Pa. Feb. 1, 93-ly.

Groninger and bridge builder Goodman and son, of this county, were invited by the Perry county commissioners to examine the Millerstown bridge. The bridge they believe to be in an unsafe condition. The bridge was only built three years ago, but by an oversight the timbers along the side at the bottom of the bridge were not bolted and a side vibration may at any time cause the bridge to spread apart and drop the bottom out. It is estimated that 30,000 feet of lumber and two tons of iron will be required to put the bridge in a safe condition for travel.
