Tamaqua, Oct. 25.—Lambert Hill, a tailor, emitted a lizard over four inches long after dinner to-day. Ever since last spring Hill has been troubled with pages in his abdomen and found it very difficult to retain food. In addition he experienced very unpleasant sensations and doctors could give no relief. It is customary for Mr. Hill to take walks and drink from springs, and it is thought he swallowed the reptile in this way. It is green in colour and very lively.
