

B. F. SCHWEIER,
EDITOR AND PROPRIETOR.

The Cleveland administration has not given up paying the way for the re-establishment of State Banks.

Os Saturday troops were called by the Governor of Illinois, Alabama and Colorado to put down rioting mobs.

When men come and club you from your place of work where you earn your bread and butter, they violate all written and unwritten law, and put themselves upon the list of outlaws to be treated as such.

The Presbyterian General Assembly, South, met at Nashville last week. They did not take action on Breckinridge's case, but they got as close to it as they thought advisable by pronouncing in favor of the purity of the lives of church members, and expressed condemnation of the violation of the seventh commandment.

Hastings is a flood tide candidate. He was first brought into wide notice through his management of affairs at Johnston after the flood of 1889, and now in 1894 he becomes the Republican candidate for Governor on a unanimous flood tide nomination in a flood tide time of water in his native country all of which is a fore-runner of his election by a flood tide of ballots next November.

Trains were all off schedule time on the Pennsylvania Railroad, during a period of several days after the flood. The travel could not be made over the Central line all the way to Pittsburgh from Philadelphia. Trains were compelled to go to Harrisburg by way of Lebanon, and trains left the Juniata Valley for Pittsburgh at Huntington. Thence by Broad Top and Hyndman, thence by way of the Baltimore and Ohio to Pittsburgh.

Governor Patton has heard the statement of coal operators as to the troubles of the strike, and on Saturday went to Houtzdale to hear the statement of the miners. The miners told him that they were only demanding a 10 per cent increase in wages.

That the wages that the operators propose to pay will not afford them and their families proper living. The Governor advised them to re-spect themselves, the law and the rights of property and person of others. A failure to observe the laws would bring them in contact with the State authority, and possibly with the National Government authority.

The Democrats in the Senate have gotten up a secret investigation of the sugar trust bribery scandal, which was to the effect that Mr. Carlisle had urged the Democrats to favor the sugar men in the Wilson bill, because the sugar trust had contributed 500,000 to the campaign fund for Cleveland. The mistake of the investigation is that it sits with closed doors. Why hold a secret investigation on a public question. The committee have almost abandoned the investigation to find out who of the newspaper reporters at Washington reported the scandal.

On Sunday, May 20th, deep snow fell in eastern Kentucky. At Stanton, in Powell County, ten inches fell, doing great damage to the extensive fruit orchards in the section. The apple and peach crop is almost totally ruined.

At Beattyville, in Lee Co., eight inches fell, breaking down hundreds of young trees and stunting gardens, corn and wheat. Seven inches fell at Besie, in Nichol county, the worst in forty years, damaging tobacco badly. At Harrodsburg, in Mercer county, six inches fell. Two inches fell at Nicholasville, in Jessamine county. Five inches at Frankfort, two inches at Richardson, four inches at Georgetown, doing heavy damage, particularly to wheat and tobacco, while the gardens were completely knocked out by a freeze Sunday night.

The Republican State Convention met last week at Harrisburg, delivering a most admirable and truthful platform. Read it carefully.

The Republicans of Pennsylvania in Convention assembled, repeat for the regulation and government of the National currency the following principles of finance which were announced by us at our last Convention, and which, since then, have received the overwhelming approval of our fellow citizens.

More Money. We favor the expansion of the circulating medium of the country until the same shall amount to forty dollars per capita of our population, and approve the proposition to issue to National banks notes to the par value of the amount of bonds deposited to secure their circulation. We declare that the obligations of the Government should be discharged in money, approved and current in all civilized nations, to the end that a largely increased reserve of gold should be gradually accumulated and maintained.

We declare our belief to be that no

legislation can make our currency meet the needs of the American people unless it conforms to the following utterance of our last National Convention.

GOLD AND SILVER. "The American people from tradition and interest, favor bi-metallicism, and the Republican party demand the use of both gold and silver as standard money with such restrictions and under such provisions to be determined by legislation as will secure and maintain the parity of value of the two metals, so that the purchasing and debt paying power of a dollar, whether of silver, gold or paper shall be at all times equal. The interests of the producers of the country, its farmers and workmen demand that every dollar, paper or coin issued by the government shall be as good as any other."

DEMOCRATIC THREATS AND EFFORTS. The threats and efforts which the Democratic party, now in control of the executive and legislative departments of the National Government, are making to destroy the system of bi-metallicism, and to substitute a system because its effect already has been to reduce to idleness two millions of workmen, and values to an amount greater than the national debt, because of the suppression of the rebellion, because it entitles a free list only upon products which employ the greatest number of American workmen; because it strikes with equal cruelty the farmer, the miner, the lumberman, the iron, the glass and the textile worker; because it transfers work from our own mills, mines and workshops to foreign countries; because it is sectional and aimed directly at Northern industries, and fosters the plantation system, and destroys the farm; because it is vicious in its charges from specific to ad valorem duties, in its reduction of the revenues of Government by many millions of dollars, and it resorts to war taxes and increased internal and direct taxes to make up the deficiency it needlessly creates.

DEMOCRATIC ASSAULT. We denounce this Democratic assault upon the American protective system because its effect already has been to reduce to idleness two millions of workmen, and values to an amount greater than the national debt, because of the suppression of the rebellion, because it entitles a free list only upon products which employ the greatest number of American workmen; because it strikes with equal cruelty the farmer, the miner, the lumberman, the iron, the glass and the textile worker; because it transfers work from our own mills, mines and workshops to foreign countries; because it is sectional and aimed directly at Northern industries, and fosters the plantation system, and destroys the farm; because it is vicious in its charges from specific to ad valorem duties, in its reduction of the revenues of Government by many millions of dollars, and it resorts to war taxes and increased internal and direct taxes to make up the deficiency it needlessly creates.

APPROVE REPUBLICAN EFFORTS. We commend for the approval of the efforts of our Senators and members of Congress to delay and defeat the passage of legislation hostile to any American industry, and we denounce the treatment of our workmen by the Democratic committee of the Senate, which, in violation of courtesy and all legislative tradition, denied them a hearing, when they demonstrated in constitutional manner to demonstrate against this destructive legislation.

THE STRAYAL OF THE SOLDIER. We denounce the selection of a Southern Democrat for the Secretaryship of the Interior as a deliberate betrayal of the welfare of our soldiers and sailors, and deplore the needless persecutions, suspicions and privations to which they have been subjected under that hostile administration.

DEMOCRATIC FOREIGN POLICY ANNOUNCED. We denounce the unpatriotic and un-American management of our foreign relations by the Democratic National administration, which surrenders American treaty rights and vital interests in Samoa and which has unjustifiably planned and labored to subvert and destroy our colonies in Hawaii and prevent the establishment of a sister Republic in conflict with that principle of self government upon which our own Republic was founded.

DEMOCRATIC PATRIOTISM. We demand the enactment of such legislation as will prevent the immigration of paupers, criminals and persons incapable, either physically or mentally, of self support.

DEMOCRATIC NATURALIZATION. We demand such change in our naturalization system as will deny the rights of American citizenship to anarchists and all other persons hostile to our government, and that liberty of law upon which it is based.

INCAPACITY OF CLEVELAND'S ADMINISTRATION. The Cleveland administration has verified the worst apprehensions of those who opposed its entrance into office. It has demonstrated its incapacity to govern both foreign and domestic affairs. It has shown its powerlessness to counsel wisely even its own party followers, so that Democratic Congressmen are adrift upon all questions where the power of public patronage does not compel them to act alike. Immediately upon its accession to power the Democratic party repudiated the principles which its platform announced, betrayed the confidence which the American people had reposed in it, and since then it has continually shown itself so thoroughly unequal to and faithless in the discharge of the high trust committed to its care that its history excites the contempt and distrust of every thoughtful citizen.

and when admitted to the bar, began to practice in town. General Beaver put him on his staff during the riot of 1877, and that was his first military training, and when General Beaver became Governor he was appointed Adjutant General of Pennsylvania. His management of the affairs about Johnston at the close of the horrible flood of 1889, gave him great prominence and displayed his executive ability to the public and made him an available candidate from that time to this.

WALTER LYON. Walter Lyon is at present a member of the upper house of the Legislature. He was born in Allegheny county, April 27, 1863. After attending the public schools he received some private education, studied law and was admitted to the bar in January, 1877, and has prosecuted his business since that time. My Lyon was appointed United States District Attorney for the Western district of Pennsylvania by President Harrison in June 1889, serving in that office until elected State Senator to succeed the late John N. Neeb, in 1893.

AMOS H. MYLIN. Amos H. Mylin, the candidate for Auditor General, was born in West Lancaster township, Lancaster county, on September 29, 1837. He was reared on a farm. He was accorded a liberal education at public and private schools, and finished his scholastic education at Andover, Mass. In 1872 Mr. Mylin was elected to the lower branch of the Legislature, and was continued in that body for four years. At the expiration of his second term he was nominated for the State Senate, and was continuously re-elected Lancaster county in that body from 1876 to 1892. He served as President pro tem. in 1883 and 1885.

GENERAL LATTA. General Latta was born in Philadelphia April 19, 1839, and was educated in the public schools, graduating from the Central High School in 1856. He then studied law and was admitted to the bar in 1862. On the 1st of September, 1862, he entered the military service of his country as first lieutenant of Company E of the One Hundred and Nineteenth Regiment, Pennsylvania Volunteers, and was promoted to be captain of Company B of the same regiment on March 4, 1864. On May 21, following he was made captain and assistant adjutant general of volunteers and was mustered out of the service on January 30, 1865, with the rank of lieutenant colonel. After the war he returned to the practice of law by the legal profession in his native city. General Latta was first appointed adjutant general of the State by Governor Hartranft on June 2, 1873, and was reappointed under the same administration in April, 1876, and by Governor Hoyt for a third consecutive term in May, 1879.

GALINSKA A. GROW. Galinska A. Grow has been known to the people of the State for nearly half a century. He was born in Connecticut in 1824. As an early age his parents removed to Susquehanna county, Pa. Arriving at maturity he studied law, was admitted to the bar and soon became active in politics. He was elected to Congress in 1850, and served in that body continuously for twelve years, being Speaker of the House during the last term, 1861 and 1862. For thirty years thereafter Mr. Grow held no public office. In February last the ex-senator was elected to succeed the late General Lilly, Congressman-at-Large from this State, his plurality being over 180,000 votes, the largest ever given to any candidate for Congress.

GEORGE F. HUFF. George Franklin Huff, the other candidate for Congressman-at-Large, was born at Norristown, Montgomery county, July 16, 1832. After receiving a common school education he learned the trade of car finishing at Altoona, and subsequently entered the banking house of William M. Lloyd & Co., in that city. In 1867 he removed to Westmoreland county and engaged in the banking business at Greensburg. Mr. Huff was a member of the National Republican Convention at Chicago in 1880 as one of the 27 electors. He was elected to the Senate of Pennsylvania in November, 1884. In 1890 he was elected to the Fifty-second Congress, serving only one term.
