Gold Cheaper than Silver-

Rich gold bearing rock has been discovered in the mountains skirting the Rio Grande River in New Mexico about 30 miles south of Albuquerque. It is claimed that the ore will run \$50 to \$800 a ton. The find is considered the wonder of the age. It is said there are 10,000 million dollars of gold in sight, in the 40 miles range of mountains, and that the gold bugs are scared for if that is true, it will not be many years till gold will be cheaper than silver. But the report may be only a Western story.

GETTYSBURG.

The Railroad Man, The Clergyman, The Business Man, and all other men who have to look neat while at work, should

know about "CELLULOID" COL LARS AND CUFFS. They look exactly like linen, wear well and being waterproof do not wilt down with heat and moisture. They do not soil easily and can be cleaned in a moment by sim ply wiping off with a wet sponge or cloth. Do not confuse these in your mind with composition goods. Every piece of the genu-ine is stamped like this:

ELLULO Ask for these and refuse anything

else if you wish satisfaction. Re member that goods so marked are the only waterproof goods made by coating a linen collar with waterproof "Celluloid," thus giving strength and durability. If your dealer should not have the "Celluloid" send amount direct to us and we will mail you sample post-paid. Collars 25c. each. Cuffs, 50c. pair. State size and whether

down collar is wanted. THE CELLULOID COMPANY, 427-29 Broadway, New York.
