Ellis Griffith, wife and child of Kansas, are visiting Squire C. B. Horning and wife. Mrs. Horning is a sister of Mr. Griffith, who left Junata for the west years ago. Bloomfield Democrat of last week: —During the prevalence of the severe thunder storm which passed over a portion of this county on last Saturday evening the barn of Geo. Lickel, near Roseburg, in Saville township, was struck by lightning and totally destroyed. Mr. and Mrs. Lickel were in the barn at the time it was struck and escaped injury, but a buggy and a wagon were removed, but all the rest of the contents of the barn were consumed.

On last Sunday evening when returning from Blair where he had been to church, Geo. S. Bryner, Esq., noticed a number of bolts of lightning which seemed to strike near the brick residence belonging to himself and brother Jacob. He hastened home ward. When about to step upon the porch there was a blinding flash, followed by a tremendous report, and at the same instant he appeared to be struck on the top of the head by a stone falling from a considerable distance. He was dazed and stunned, but his wife and children, who were on the porch felt no shock. There was a smell of smoke, but, on examination, no fire was found. His sisters living near by, saw the bolt, saw the bolt descend and it appeared to them as if the building was enveloped in a sheet of flame. Several jars of fruit in the cellar were broken and a chicken was found dead near the point where the lightning rod enters the ground at one end of the building. On last Wednesday evening, while Mrs. Harper and family, on next door neighbors, were at prayer meeting some bold thief climbed from the garden fence to the roof of the out-kitchen, removed the screen from a window in the main building, entered the rooms on the 2nd floor, ransacked the bureau drawers and stole therefrom between five and six dollars in money belonging to Miss Margaret Harper and her cousin; Miss Mary Harper of Shippensburg, and a gold watch, the property of Miss Carrie Harper. Evidently the thief was no stranger, had seen the family leave the house and knew exactly how to accomplish his purpose. During their absence a light was seen in the room from which the stolen articles were taken. Sooner or later somebody from this town will don a striped suit in the Eastern Penitentiary.

That Tired Feeling is a dangerous condition directly due to depleted or impure blood. Hood's Sarsaparilla is the remedy for such a condition, and also for that weakness which prevails at the change of season, climate or life.

Hood's Pills are purely vegetable, carefully prepared from the best ingredients. 25c.

Rebecca Wilkinson, of Browns valley, Ind., says: "I have been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and Indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nervine which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy; a few bottles of it has cured me completely. I consider it the grandest medicine in the world." War rated the most wonderful stomach and nerve cure ever known. Trial bottle 15 cents. Sold by L. Banks & Co., Druggists, Mifflintown, Pa. Feb. 1, 93-ly.

A Good Appetite. always accompanies good health, and an absence of appetite is an indication of something wrong.
