Do you desire to pay off a mortgage and reborrow the money at 5 per cent. interest annually.

Would you care to be so situated that you could reduce the mortgage against your outme by paying off a small amount month ly and at the end of each year receive cred-it for all paud? With interest being charged only on remaining portion of loan. Would you like to buy your family a home! If so, read the following:
I represent a Company that has embodied in its plan all the features enumerated

above and many more. Can you see any reason why you should pay a large interest for money when you have good security? Can you present any good reason why it is not as well to receive profits yearly as to wait from 7 to 10 years as one does in many as each \$1 90 paid on the loan is credited on the mortgage, thereby reducing it in proportion to the amount paid.

Building Associations have benefited hundreds of thousands, so did the old cars but those seeking information for the bet terment of their condition will receive full information promptly. We offer an invest-
