BRUISERS Fitzimmons and Corbett can't find a place at which to fight. The authorities everywhere prevent them from fighting. There would be no difficulty about the two men going off quietly by themselves and seconds and engaging in a fight. But that is not what they want. They want to live and fight in the public light. They want newspaper public light. The Republican state committee now claim that the plurality of Bushnell will exceed the vote of 1893, with which year's vote they are comparing returns. There are some at their headquarters who say that complete returns will show a Republican plurality almost equal to that of last year (137,000), the high water mark. The Republican state committee saw fit to make a conservative statement to those make a conservative statement to those wanting to bet on over 100,000. Chair-man Kurtz gave out the following: "Returns received at midnight indicate that the Republicans have carried the

state by a plurality not less than that given two years ago and elected a decisive majority of the members to the next general assembly."
Chairman Kurtz will not claim over \$0,000 at the most. Others go higher. Mr. Kurts does not estimate that the Republicans will have two-thirds of the legis-lature, but he says the Republican majority in both branches will be so large that the usual interest is not taken in ascertaining the exact number of Republican and Demo-erats on joint ballot for United States

At the Democratic headquarters an an-nouncement was made that the state had gone Republican by a decisive majority in the legislature, as well as by a large plu-rality on the state ticket. As both parties had the same financial platform, the sliver question was not an issue in the campaign. The tariff was the only national issue between the parties. The Populists cast about 40,000 votes, the Prohibitionists about 20,000, and the Socialists about 2,000. Neither the fourth or fifth parties nor the Stewart Woodward Tuscarora

TRENTON, Nov. 6.—It is a difficult matter to even ferecast the result of the election in New Jersey, for the reason that official figures are not to be had, and also for the reason that Essex county is conceded to be the pivotal point in the absence of trust worthy figures. In this city 349 votes were polled, being less than half the registered votes. Burkett, the Populist candidate for governor, got 14 of this number, and the remainder went to McLaurin, the Democratic candidate.
