## and President Cleveland-

When America was discovered, col onies from the old world came and possessed the land. The French col onized Canada. The English colonized Massachusetts and Virginia. The Datch colonized New York and Pennsylvania. The Spanish colonized Florida, Mexico and South Amer

Not many years clapsed till the British had by force of arms absorb-That is the way Canada came to be British. If France had won the in camp, with the enemy not far away. fight, the Americans would to-day be speaking French instead of English In the war between France and Ecgland for the mustery of the country, the colonists under the British gov comment learned the art of war. Tho revolutionary Captains who fought sion and won independence, were developed in the French and British war. The revolution could not have taken place, it it had not been for the fight between France and England. The pity is that Canada was not embraced in the tidal wave of revolu

tion of 1776. ized, they bought the Spanish possessions to the boundary line of

But Spain held a firm grip on Mex ico and the South American States until about 1820 when Mexico and the other South American States rose in rebellion and threw off the monarchial yoke of Spain and declarad their independence as separate States. In 1822 the Congress of the the air. United States of America recognized the independence of the colonies in revolt against Spanish kingly rule

The same year that Congress recognized their independence, namely 1822, Russia, P. anda, Austria no t France proposed to laterfare and rein-state Spanish rate in the States in revolt. James Morroz was then President of the United States, and in 1923, he sent a rivelige to Congress, supporting it in recognizing the independence of Mexico and South America, and laid it down as a Rule that: "That the American Con tinents by the free and independent positian which they have assumed and main tained, are henceforth not to be consider ed as subjects for future colonization by any European power.

That is the Monroe dectrine.

But that is not all, England absolutely at that time favored the decbe United States set forth.

Now the present British minister, Salesbury takes a different view from children to the control of the control that of Canning 72 years ago.

the Mouree doctrine and declares that it has no standing in Inter No. ional law-the law between nations. When President Monroe declared the Monroe doctrine, the British minister greatly favored it. The British favored it then because they were not on good terms with the purposes and plans of the Spanish government.

But things are different now.

The British government owns a strip of territory alongside of the State of Venezuela in South America and the Venezuelanders say they have time and again been shoving their line further into the State of Unezuela until they now claim a large strip of werifore of tha! State. The Venezuelean gov rament have protested and protested till they are almost driven to the point of resisting by force of arms the grasping many packages from mothers, wives, propensity of the powerful British sisters and sweethearts. And every
