

By proclamation of President Cleveland, Utah was admitted as a State in the Union last Saturday.

Mrs. Gray, mother of Mrs. A. K. McClure, died at Yeagerstown at an advanced age on Sunday morning. Mrs. Gray was a Juniata county woman, but only the older people have a personal recollection of her.

The Central Hotel and the Street Building in Altoona, were destroyed by a fire that started in the basement of the hotel on Sunday morning about 4 o'clock. Loss \$130,000. Insurance \$70,000. One fireman was killed by a wall falling on him, and a number of others were injured.

It is perfectly stunning how the Cleveland Administration manages affairs. For example, when it gave the \$1,000,000 loan to a set of bankers, their profit in handling the loan was \$10,000,000. If the President gets out a \$200,000,000 loan as it is said he contemplates at the same favorable rates to his friends, that will make \$20,000,000. Such management is almost enough to make the nation wild.

PRESIDENT CLEVELAND'S policy has resulted in another issue of bonds to the amount of one hundred million dollars. If he should be re-nominated and re-elected and keep on borrowing as he has been doing, he would bankrupt the nation. He is very unfortunate in his financing operations by first destroying the revenues or receipts of expenses which Government expenses are paid, and second by increasing the debt of the country by borrowing money to pay the expenses that tariff rates should pay and would have paid, if the tariff had not been lowered by his advice.

PRESIDENT CLEVELAND asked Congress not to adjourn during the holidays, but to stay at the Capitol and pass some act for the financial relief of the Government, but the bill before Congress does not suit the President, and he has determined not to wait, and therefore on Sunday night about 11:55 issued notices for the sale of one hundred million United States 30 year 5 percent coin bonds. The purchaser will pay gold for the bonds and no bonds to be less than \$50. Sealed proposals for the purchase of the bonds will be received till 12 noon, Wednesday, February 5, 1896.

Profits of the United States are all of one mind on the question of the Monroe doctrine. They are all against England or any other European Government colonizing South American States for the purpose of establishing European forms of Government, but that is not the question in dispute between England and Venezuela. The question between them, is that of a boundary line or a fence line. It would be crime to plunge the country into a war on account of a boundary line, and would prove how shallow are the pretenses of the superiority of modern civilization over past systems of religion and civilization.

SOME 800 English adventurers invaded the Boer South African Republic, and on the 1st and 2nd days of January 1896, were met and defeated and the whole of them killed, wounded and captured. The most of the Europeans in that State in South Africa are Germans, and when King William of Germany heard of their victory over the territorial thieving pirates, he sent a despatch to the President of the Boer Republic, congratulating him on the victory over the English. Two hundred and forty of the British land pirates and gold hunters were killed and wounded, and their leaders are in jail. What's England doing to do about it. The King of Germany has taken sides with the Boers, they will likely get their rights and the British will have to sneak out of the base as best they can. The case over-throws the Venezuelan question entirely.

Could Hardly Drag Around. OKONISHO, Pa., Nov. 24, 1895.—I was so weak that I could hardly drag around and always had that tired feeling and sickness at my stomach and no appetite. I have taken five bottles of Hood's Sarsaparilla, and now I am able to do a good day's work. ELLA E. SECRET.

Hood's Pills cure indigestion, biliousness, Catarrh in the Head is due so impure blood and cannot be cured with local applications. Hood's Sarsaparilla has cured hundreds of cases of catarrh because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attacks of pneumonia and diphtheria and typhoid fever.

Hood's Pills become the favorite cathartic with everyone who tries them. 55c.

Nervousness

Is only another name for impure blood, for no person is weak and nervous who whose blood is perfectly pure. When the blood is full of the germs of disease, and lacking in the red corpuscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and nervousness? Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere acknowledged the greatest remedy. Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness. It is a false idea to think you are curing your nervousness when you are actually making it worse. You are taking a preparation which only "draws" your nervousness in the following bowl. They are sure to return. We wish to make most impressive, then, this truth: You cannot purify your blood by DEPLETING or QUIETING your nerves with opiate, narcotic or nerve compounds. If you take such articles you are only making your nervousness worse. There is a remedy for your nervousness which will leave you worse than you were before. Why not then, take the true course, follow the best-line to the state of health, purify your blood, and cure your Nervousness by taking HOOD'S Sarsaparilla.
