The boom of the borough of Brinsford, Clearfield county, has dropped out. A few years ago it was full of life and bustle. It is now almost deserted. Good residences can now be bought for a song and hundreds of houses are empty.

Bixler's water plug was a place of dreadful accident last week. The horrors of the dynamite explosion had not been dispelled from the mind of the public, when on Friday evening, Edward Wilson, night foreman on the steam shovel at work at grading there was struck and instantly killed by fast line westward bound.

"In three rabbit drives this season in Cassia county, Idaho, some 8000 rabbits have been killed. Between 25,000 and 30,000 rabbits were killed on the second day of the annual round-up at Damar, Col."

"A Musical will be given in the Presbyterian church of McElsterville, Jan. 30. An excellent program has been prepared, and with the addition of Misses Orchestra, it will certainly be a grand success. Come one! Come all!"

Colonel Ingersoll wickedly observes that he feels toward those who have been praying for him as the girl did toward the young man who squeezed her hand. She said:—"It pleases him and doesn't hurt me." Better give him up.—Boston Herald.

The Huntingdon Journal of the 24th inst., says:—Last week at Birmingham, thousands of fish could be seen coming to the shore of the river and could be caught with the hands. They were blind. This is caused by the pollution of the water by the towns above.

There were 23,186 horses killed for food in Paris in 1894, also 43 mules and 383 donkeys. The price ranged from 4 to 8 cents a pound. Two-thirds of the meat went into sausages. It was sold at 186 places, which are not allowed to sell any other kind of meat.—Ex.

Capitalists propose to bore for Natural Gas and coal oil near the Pope Ferry, Perry county. The Trenton limestone is the base of the great gas and oil basins of the west. The Trenton limestone lies away beneath the rocks that appear on the surface at the Pope Ferry.

Some one comes forward and says, the reason the girls are leading in many of the pursuits of life, and are leading in school studies, is owing to the fact that the girls do not chew and smoke. Smoking and chewing it is said, blunts the physical energy and mental powers of the men.

The Juniata County Farmers' Institute will be held in the United Presbyterian Church, Mexico, next Friday and Saturday, being January 31 and February 1, 1896, and on the following Monday and Tuesday, February 3 and 4, the Institute will be held in the Presbyterian church at Port Royal.

"A tumor weighing several pounds was removed from a 10 months-old child at a Meadville hospital recently. The operation required the removal of one kidney with the tumor. This is the first case on record of such severe surgery on a child under one year of age. The chances of recovery in the case appear to be good."

An exchange remarks:—The last Legislature passed an Act that compels the election of a constable in every District. The officer so elected will serve three years. The change was made to correct the error and confusion caused by the former act, by which some Districts elected a constable for one year and some for three years. Under the new law each District elects a constable this spring and each third year thereafter.

Harrisburg and Newport people were startled last week by a despatch which stated that the Hagerstown and Potomac Electric Railroad Company, which obtained a charter for an Electric Street Railway in Hagerstown, has announced its abandonment of the road. It has been stated that about \$5,000 has been sunk in the defunct enterprise, \$2,000 of which was secured in Harrisburg and about \$1,400 or \$1,500 in Newport, Pa.

It is a nice theme for the flourishes of rhetoric to dwell upon the universal brotherhood of man and the subject of free trade, but it is a more practical theme to dwell upon the fact that the affairs of a nation are like the affairs of an individual and family, their necessities and wants have first to be provided for before the outsiders are helped. The eyes of the fool are to the ends of the earth and he neglects his home affairs, and so it is with free trade.

The Newport Ledger of the 23rd inst., relates the following singular and fatal accident:—Last Saturday while Jeff Ickes, who lives near Ickesburg, was cutting corn fodder with a horse power cutter, a large cog wheel burst, a piece of which flew out of the barn striking John Rember, a bystander, who was on the horse power driving, knocking him off the power among the horses. The team was stopped as soon as possible and the man pulled from beneath their feet. He sustained an ugly gash in his head from which the brain oozed when picked up. He was taken to the house where he died in the evening.

There will be given away with The Sunday Inquirer of February 2, a toy theatre, complete with stage, proscenium arch and a full cast of characters, necessary for a reproduction in miniature of that most popular melodrama, "The Still Alarm." Included in the scenes depicted is that of a great building in flames, while all around a complete fire department, with fire engine, patrol, aerial ladder and a large corps of firemen are at work. This is only one of the many thrilling scenes in this tiny presentation of this famous play. The theatre will be found a useful method of entertainment to every member of every household. To prevent disappointment, it will be necessary to send in all orders early in the week.

The house of John Underwood and the house of J. B. Wieschman and the house of George Kepner and the house of Mrs. Adie Reynolds in Port Royal, were entered by thieves last Thursday night, and the door of the house of Mrs. Heide was unlocked by the thieves turning the key with some kind of an instrument, but a fastening on the inside of the door, kept the burglars out. They stole more or less things in their round of thievery. They got three pocket books at Mr. Kepner's place, and at Mrs. Reynolds's house they stole two children's bags. Her son bearing them, quickly sprang out of bed, but the thieves hearing him ran and he only got a sight of one of them as he

disappeared in the stable through which they fled from the premises.

Minnie Swanger, a 13 year old girl is under arrest in Altoona for having put poison in the coffee of William McGregor and family. Mr. McGregor died, and all the other members of the family were seriously ill from the effects of drinking the poisoned coffee.

Democrats in town nominated the following ticket:—Judge of Election, John Gushard; Inspector, David Sieber; Justice of the Peace, J. Frank Patterson; Constable, Clayton Stoner; Overseer of Poor, W. E. Auman; Town Council, R. E. Parker, J. Cloyd Gilson, Wm. Rollman, Sam'l H. Showers, Joseph Switzer, Wm. Cresswell, J. Calvin Dimm; School Directors, Ezra C. Doty, George Martin; Auditors, John Hollobaugh, Sr., Harvey Yeakley.

On Tuesday evening Republicans nominated the following borough ticket:—Judge of Election, Adam Weidman; Inspector, H. A. Luck; School Directors, Dr. A. H. L. North; Town Council, D. W. Harley, Joseph Rothrock, J. T. Sieber, B. W. Kaufman, Frederick Espenbach, A. H. Fackel, Tobias Anker; Constable, W. E. Harley; Auditors, Dr. Harry Hollman, T. V. Irwin; Justice of the Peace, C. B. Horning; Overseer of the Poor, William Calbertson.

In pursuance of a call regularly issued, Republicans of Fernanagh township met at their voting place last Saturday afternoon and nominated a ticket as follows:—Judge of Election, Jacob Lanzer; Inspector, Edward Calderon; Supervisors, Wm. B. Lauver, L. A. Remington; Overseer of Poor, John Stoner; Justice of the Peace, John Corbino, D. S. Sieber; Auditor, S. A. Horning; Township Clerk, Edward Brent; School Directors, John F. Moyer and Joseph Brent.

To an observer of the remarks and acts of people in general, it is one of the queerest acts of the average man and woman to criticize other people for this and that, things probably that the critics could in no way as accomplish half as well as the people they criticize. One of the most common things to criticize is the sermons of preachers, which is quite amusing in the light of the fact that the critics themselves could not preach a sermon of any kind, if their ever lasting salvation were at stake. But that is the way with the most of frail humanity. They will talk about things they know the least of.

Some man whose name is not at hand, deliberately stole a hitching strap from the bridle of Levi Ringer's horse that was tied to a post along Main street, last Saturday evening. A number of citizens saw the transaction and soon the culprit was in the hands of the law and before Justice C. B. Horning. Ringer was lenient and settled the case upon promises of reform given and payment of costs. The horse that was untied, never noticed that it had been untied, but if the beast had been started, there is no telling what injury might have been done by a runaway horse dragging a buggy.

The explosion of dynamite that was being thawed at a site at Bixler's water station on the railroad east of Lewisport on the 22nd inst., killed Lawrence Moist of McElsterville, and seriously hurt eleven other men at work there. Eight of the injured are Italians and are known by numbers. The other injured are Thomas Ragen, Howard F. Smith, H. Wade, colored. A correspondent being on the scene shortly after the disaster, despatched as follows to the Altoona Tribune:

Just how the explosion occurred, will probably never be known positively, as Moist, the man in charge of the explosives, is dead. The most correct surmise and statement of the facts are to the effect that he had some powder and dynamite thawing at the fire, and had them too close, when the heat fired them and they exploded with the above result. The force of the explosion was terrific, the noise being heard in town.

Moist was badly burned and cut and had one leg blown off between the knee and ankle, and was otherwise cut up. He only lived about an hour after the accident.

Wade, the colored man, had his arm broken and both legs torn open between the thigh and knee. It is thought he cannot survive.

Smith is cut on the face, hip, shoulder and body and is seriously injured.

Ragen has several bad cuts and flesh wounds on his limbs and body. Two of the Italians are badly injured, being cut in almost every portion of the body that was exposed to the explosion.

The other six have cuts and bruises that are not serious, if properly cared for.

Smith, the injured man, is about the only one from whom information could be secured. His story is that while working, he felt himself struck on the back by something and heard the explosion. He started to run, but before he could get away was struck several times more. After he got out of the way, he saw one of the Italians coming across the road with the blood flowing down his face and saw the others lying around in the vicinity of the explosion, and saw the boot and foot of Moist hanging on a bush with the boot burning from the explosion.

Thomas M. Wallace, time-keeper for the contractor, had the men brought to the Lewisport Junction, where Dr. Harshbarger, Clarkson, Swigert, Walker and Parsons rendered such surgical aid as was possible in a short time. Arrangements were made as quickly as it could be done to have the men sent to the hospitals at Harrisburg and Altoona. They were placed on the trains shortly after 1 o'clock and transferred to those institutions.

GREAT BARGAIN.

For a limited time only. Don't miss it! 1 Doz Cabinet Photographs and one 16x20 Crayon Portrait made by one of the finest Artists in Philadelphia, all for \$3.75 at Hess' Photo Studio, Mifflintown, Pa.

"The Common People."

As Abraham Lincoln called them, do not care to argue about their ailments. What they want is a medicine that will cure them. The simple, honest statement, "I know that Hood's Sarsaparilla cured me," is the best argument in favor of this medicine, and this is what many thousands voluntarily say.

Hood's Pills—Are the best after dinner pills, assist digestion, cure indigestion.

Catarrh in the Head.

It is due to impure blood and cannot be cured with local applications. Hood's Sarsaparilla has cured hundreds of cases of catarrh because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attacks of pneumonia and diphtheria and typhoid fever.

Hood's Pills become the favorite cathartic with everyone who tries them. 55c.

JUNIATA SCOUTS.

There will be a Re-union of the "Old Juniata Scouts" in Mifflintown, on Saturday the 22nd day of February.

Business meeting at 10:30 a. m. Public meeting at 2 p. m. in the Court House.

Addresses by the members of the Company and others. A history of the Company on a full report of the inspection of Officers will be read.

Church Notices.

On Sunday morning, Rev. A. N. Raven will preach on the subject of Confidence.—Rom. 8:28 20. In the evening, he will preach on "Catching Little Foxes." Hunt up the text.

On Sunday afternoon at 2 o'clock, there will be held at the Presbyterian church a special service for children. The pastor will give a talk suitable for children. Infant baptism will be administered. Let all under sixteen come, and as many others come as choose to do so. If the day be stormy, the service will be held one week from Sunday.

A FLYER.

James McCauley and Dr. Harry Patterson, attended the Hibish sale of horses at Freeburg, Snyder county, last Friday, and in the evening came home with the speediest horse ever brought to this town. "You Bet," is the animal's name, and from its record it is a flyer and has never before been seen on the track in the Juniata Valley. "You Bet" is a brown pacer and weighs about 1000 pounds. Since the above named gentlemen have become owners of the beast with a most remarkable record, McCauley looks 10 years younger and the Doctor looks like one of the most substantial turfmen in the country. We wish them success with their venture.

Canal Damage.

Mrs. Mary Hawn of Lewisport, brought a suit against the Pennsylvania Canal Company in the Mifflintown county court for damages sustained in the boating business from the abandonment of the canal after the flood of 1889. Judge Bailey decided as Judge Lyons had decided in a Perry county case, that such claims arising from the abandonment of the canal, can only be brought by the State. The individual cannot bring such claims for damages. In another case against the Pennsylvania Canal Company, brought by Mrs. Hawn for damages sustained in the boating business in the year previous to the flood and the abandonment of the canal, she received a verdict of \$219 damage.

The Conservative Woman.

Writing of "The Conservative Woman," February Ladies' Home Journal, Ruth Ashmore, considering her "as a companion," pays her this pretty tribute: She is the woman who with her husband and her sons is the best companion. She surrounds herself, unconsciously with a spiritual atmosphere that is a rest to the weary, especially to the weary man. She is not a bigot. She is in sympathy with whatever work the man may be doing; in many ways she may help him with it, but when he has thrown off the trammels of labor he finds in her all the sweetness, all the rest and all the happiness that can be given by a woman who sets her life so that it is "like perfect music into perfect words."

AGED 126 YEARS.

A despatch on Sunday from McDonough, Georgia, says:—Hiram Lester, one of the oldest men in the world, died here yesterday at his 126th year. He was born in North Carolina in 1768. Lester is one claim to fame came when he went to the Exposition at Atlanta and there on the Exposition grounds divided attention with President Cleveland. A public ceremony united Lester and a bride over 70 years of age. Lester's daughter lives in Harrisburg, and is 95 years old. His youngest son is in the County Poor House here and is 92 years old.
