ENTINEL & REPUBLICAN

MIFFLINTOWN.
WEDNESDAY, FEB. 19, 1896.

B. F. SCHWEIER,
EDITOR AND PROPRIETOR.

SENATOR QUAY in all probability will be the Republican candidate for President from Pennsylvania before the Republican National Convention.

AN effort will be made to put the Compulsory Education law into operation next fall. The next Legislature will do itself credit as a Representative American Legislature, if it repeals the no-American law.

IF Dr. Nansen has found the North Pole, will the pole belong to Norway by the right of discovery. It will be something that no one will be jealous of Norway for owning, unless it be England. England might covet the spot and raise a fuss over the ownership of the place.

EX GOVERNOR PATTISON may be the Democratic candidate from Pennsylvania before the Democratic National Convention. It is among the probabilities that the nominee for President for both the Democratic and Republican parties will be from Pennsylvania—Quay and Pattison.

WHILE the United States Senate is in favor of restoring silver to its old time place as a redeeming coin with gold, the Lower House last Thursday, showed by its vote against silver, that the gold bugs held an influence over the members to such a degree, that a majority of them will vote every time in favor of the interests of the inter-National gold trust.

ROENTGEN'S discovery of the use of the cathode ray of electric light is a revelation to electricians and the world generally. By the use of the cathode ray—electric rays through tubes—the working of the animal heart and stomach may be seen, and the movement of a watch may be seen through the cases. Who knows, electricity may be the medium by which the Divine mind is all-seeing, all hearing and all knowing.

THE inter-National gold trust sale of United States 4 per cent. bonds, recently sold at Washington, proved a rich harvest to such as understood how to work the speculation. Large sums of money were made by certain parties without their placing a penny in the purchase. They bought at a certain percentage, and as they have some days in which to pay, they sold their right to whatever they bought for a higher percentage than they paid, and pocketed the differences between what they bought and sold at.

**GOOD OPENING**

## A School Teacher Fined.

On the 11th of February a young school teacher named Hedricks, residing in Honeybrook township, Chester county, was arrested upon a complaint of a resident of that place, who charged him with uttering 12 oaths. At a hearing before a Magistrate, the school teacher was fined 67 cents per oath, a total of $8.04. The defendant maintains that he is innocent, and will test the case in Court.

## An Expensive Ride.

It is becoming expensive to travel by freight. Tuesday Samuel McCormick concluded to travel in this manner from this place to Hoppingsford, but Officer Andy Bay saw him as he got off the train at the latter place and raced him across the river, where he caught McCormick and brought him to this place. He was given a hearing before Justice Walters and fined $15 38. A little more of this medicine may break up the practice.—Lewistown Gazette.

## BAPTIST ANNIVERSARY AT PORTLAND, OREGON.

For this meeting, which is to be held in May next, the Chicago, Milwaukee & St. Paul Railway will sell excursion tickets at one fare for the round trip. This Company has its own line between Chicago and St. Paul and Chicago and Omaha, and runs solid vestibuled electric lighted trains every day in the year. Close connection is made at both Omaha and St. Paul with through trans continental trains on connecting roads.

Any information desired concerning routes, rates, &c., will be cheerfully furnished on application to John R. Pott, District Passenger Agent, Williamsport, Pa., or to any coupon ticket agent in the United States or Canada. 2t.

## PROSPEROUS FARMERS.

Yankton Press and Dakotian: In Yankton county, South Dakota, there are at least one thousand farmers who came here poor as the proverbial turkey of Job, and who to-day count their worldly possessions by thousands. Many of them started in with a house built of sod, and almost empty handed so far as horses and cattle go. To day they occupy fine dwelling houses, have large barns, fine horses, cattle, hogs and sheep, granaries filled with grain, fruit, orchards and money in hand. We mention this to show that South Dakota farmers are the prosperous class. Prosperity is the rule—not the exception. With fair prices for grain and live stock, they would be rolling in wealth. Prices, however, have nothing to do with the fertility of the soil and the favorable character of the climate. These natural advantages are here to stay and as sure prosperity to the farming classes.

A copy of an illustrated pamphlet on "Irrigation in South Dakota," just issued by the Chicago, Milwaukee and St. Paul Railway, can be had by addressing John R. Pott, District Passenger Agent, Williamsport, Pa.

### The Proper Time

when the most benefit is to be derived from a good medicine, is early in the year. This is the season when the tired body, weakened organs and nervous system yearn for a building-up medicine like Hood's Sarsaparilla. Many wait for the open spring weather and, in fact, delay giving attention to their physical condition so long that a long siege of sickness is inevitable. To rid the system of impurities accumulated during the winter season, to purify the blood and to invigorate the whole system, there is nothing equal to Hood's Sarsaparilla. It will do you good. Read the testimonials published in behalf of Hood's Sarsaparilla, all from reliable, grateful people. They tell the story.
