# WEDNESDAY, NOV 4, 1896.

B. F. SCHWEIER EDITOR AND PROPRIETOR.

The national election on Tuesday was grandly overwhelming in its result. There is now no danger in sight to the financial system, and when the new Republican congress comes into power it will be with Mr. McKinley in accord on the tariff question which will insure a higher tariff and more revenue with which to run the government. A halt has been called in the panic. The large majority in Juniata county for Mc-Kinley is political good cheer for the republicans who in good faith stood up for the ticket from one end of the line to the other, but to the treacherous gang who clouded the victory by knifing the county ticket it must be a bitter dose. The party had all the county offices in their hand, and would have presented an honorable solid front if it had not been for the treachery of a little ring in certain districts to destroy the ticket. It is a source of regret that the unity of the party has thus been broken shire gives about 20,000, Massachusette They have sown the thistle from which they will never be able to for McKinley. New York is estimated at above 250,000 and Pennsylvania reacher McKinley is 2057, for Bryan 1797
McKinley's majority 260. Mahon's vote is 2016, Kearn's vote is 1788, Mahon's majority is 228. The vote for Hertzler was 1968, for Parcels 1862 Hertzler's majority over Parcels 106. Espenschades vote was 1755.

MacKinley is 2057, for Bryan 1797
Maryland has been carried for the Bepublican candidate for president by a majority exceeding 20,000, and Delaware is confidently claimed by both, apparently in dispute, although the plurality is not likely to exceed 1,000.

The returns from West Virginia are not president in 1893: 1862 Hertzler's majority over Parcels 106. Espenschade's vote was 1755, Keller's vote was 2087, Keller's safficient to justify the claim of either party. Ohio has given a very large Republican plurality, and Kentucky is apparently assured to the McKinley column, although later returns may not justify this claim. Tennessee seems to have been carried for Bryan, notwithstanding the confidential assertions to the contrary of the Republican managers, and the same is probably true of North Carolina. Indiana and Michigan, as well as Minnesota, indicate heavy Republican gains and a strong probability that they have gone for McCachren is 1799, majority for Landis 246, Sterrett had 1884 votes, Mawger had 1843 votes, Weiser had 1824 votes, Swartz had 2011 votes, the vote for Hartman is 2005, vote for Beaver is 1965, the vote Dimm is 1821, the vote of Harris is 1820

**614** Hulks That Are Profitably Utilized

In a New Industry.

## SAND SUCKERS.

As the steamers pass along St. Clair flats, between Lake Huron and Detroit river, the passengers see numbers of old hulks anchored off in shallow water and invariably ask the steward or one of the deck boys what they are there for. The answer always is given in a gruff and contemptaous tone, as if it were a fool's question:

"They're sand suckers." "What's a sand sucker?"

"Old tubs that suck up sand." "How do they suck up sand?"

Then the oracle looks at you and grins. He doesn't quite know whether you're a farmer yourself or are guying him, and it takes a great deal more questioning to find out the fact that a new industry has been found to utilize ancient and leaky hulks that are not fit

to go to sea. The bottom of Lake St. Clair and th flats that surround it are covered with beautiful white sand, and these boats | that the Republicans have carried Michi go out every morning, anchor in a favorable place near the channel, and drop overboard large hose pipes of canvas or rubber, with iron tips, which sink of their own weight. Then they set the pumps going and suck up the eand, which brings a good deal of water with it, and is deposited in the bottom of the boat. The sand sinks, and the water rises to the surface and returns to the river through holes pierced for its accommodation. Thus, before sunset the hatches are filled with pure, clear sand at a nominal cost, which is unloaded on the docks at Detroit and sold for building purposes.

In early days there was a community of Frenchmen who made a business of gathering this sand and hauling it to the city, but they had to work very hard because of their ignorance of hydraulics and their lack of boats. They poled and rowed up flatboats, which they would fill by jumping overboard in shallow water and shoveling in the sand. They would work a month with the water up to their waists and not get as large a cargo as a modern sand sucker, operated by two men, can pick up in a single day.—Chicago Record.

CRICAGO, Nov. 4.—The returns received by the Associated Press up to midnight indicate the probable election of MeKinley and Hobert, although returns are se meagre from a number of doubtful states that this conclusion can only be reached by an estimate based upon the gains and losses. The best estimates obtainable indicate that Maine and Vermont have given majorities somewhat reduced from the September elections; that New Hampshire gives about 20,000, Massachusett about 120,000 and Rhode Island and Connecticut by proportionate majorities, all for McKinley. New York is estimated at above 220,000 and Pennsylvania reaches 186,980.

PRILADELPHIA, Nov. 4.—Six judges of the court of common pleas were elected in this state yesterday, as follows: First district, Abraham M. Beitler, James Gay Gordon and Charles B. McKinley has carried Allegheny by about 40,000, a Republican gain of 25,000.

C. L. Magee, for state senator, will probably have a majority over Phelan of 3,000. The entire legislative ticket, with the exception of one assemblyman, has been carried by the Republicans with about the same proportion as the head of the ticket. Congressman John Dalzell, in the Twenty-second, and W. A. Stone, in the Twenty-third districts, have been re-elected. The vote in the county was the heaviest in its history.

State senators were elected in twenty-five of the fifty senatorial districts today. Based on the returns thus far received the next senate will stand: Republicans, 44; Democrats, 6. Of the holdover senators, 20 are Republicans and 5 are Democrats.

The bitter local struggle over the election for sheriff resulted in a victory for Alexander Crow, Jr., the Independent Republican and Democratic candidate. He has swept the city by a majority of 18, 281 votes.

Harri'n's plu 63747 McKinley's plurality, 208,950. IN M'HINLEY'S STATE.

Ohio Made Unprecedented Gains for He Chosen Son. COLUMBUS, O., Nov. 4.—On the compa ison of the vote with that of the last presidential election, Ohio made unprecedented gains yesterday for McKinley. In 1893 Harrison carried Ohio by an average plu-rality for the Republican electors of 1,072. In that year one of the Cleveland and Stevenson electors was elected. In 1893 McKinley had a plurality of over 80,000, and the Republicans carried Ohio in 1894 by 137,000, and last year Bushnell, rep.,

was elected governor by over 92,000.

The Republicans have had phenomenally large pluralities in Ohio the past three years, commencing with McKinley's reelection as governor in 1893, while in 1893 the result was very close. The state in ever given a Republican presidential ticket in Ohio was \$4,000 for Garfield in

RALFIGH, Nov. 4.—The election passed off very quietly. Bryan, so far as heard from, was supported by both the Demo-crats and Populists, and has carried the electoral vote of the state by majorities variously estimated at between 10,000 and \$0,000. Holton, Republican chairman, however, claims the state for McKinley by between 8,000 and 10,000.

Reports are too meagre to sacts the re-sult for congressmen.

The Populists have earlied the First, Third, Fourth, Sixth and Seventh disricts. The Republicans have carried the fricts. The Republicans have carried the Second district certain, electing White (colored) over Woodward. Pearson, rep., in the Ninth, is probably elected. McHinley's Majority May Reach 10,000 Breckinridge Elected to Congress. Louisville, Nov. 4.—The returns from the state indicate that Kentucky will give the McKinley electors a majority of from 10,000 to 12,000. Republicans are claiming it by 15,000, while Chairman Sommer, of the Democratic committee, says all turns show Democratic gains.

Eight of the twelve wards of the city and Jefferson county, with exception of one precinct, give McKinley a majority of 9,258. All returns from eastern and central Kentucky are favorable to the Republicans. The Democrate have proba-bly carried but three congressional dis-tricts. Breekenridge's election is probable. Maine's Degreesed Republican Vote.

HARTFORD, Nov. 4.—Chairman Fyler, of the Hepublican state central committee, says that if the present ratio of gains continue in towns and cities yet to be heard from McKinley will have at least 50,000 plursity in this state. The legislature will be overwhelmingly Republican, and the four Republican congressmen are elected.

the four Republican congressmen are elected.

Connecticut's campaign closed with a vote that stands out as a record breaker, a vote that stands out as a record breaker, a vote of approximately 175,000. The Democratic party was divided into two wings of gold and silver, with the silver forces aided by a small nucleus of the Populist party. Connecticut gives a great plurality for McKinley, elects the entire state ticket for the Ropublican party, chooses a Republican general assembly and state senate, which will elect to the United States senate Hon. Orville H. Platt as hiown successor, and returns to congress own successor, and returns to congress the present Republican members from each of the four districts.

Enormous Republican gains are reported in almost every section of the state. The Republican state ticket is elected by majorities ranging from 30,000 to 40,000. The four Republican congressmen are elected by largely increased majorities,

sected by largely increased majorities, and the state legislature will be overwhelmingly Republican.

IN WEST VIRGINIA.

Republicans Claim the State by a Majority of 23,000.

WHEELING, W. Va., Nov. 4.—Figures on which to base a correct estimate of the result in West Virginia are not yet available. MASSACHUSETTS' BIG VOTE The Republicans Carry Every City and

BOSTON, Nov. 4.-McKinley's majority in Massachusetts is now placed at 124,000. The Republican candidates for president and governor have carried every city and town for the first time in the history of the state. The congressional delegation is unchanged, there being twelve Republicans and one Democrat, the latter the easy one in New England. The gold vote was about 3 per cent. There is listle difference in the vote between Reyan and Williams. The vote on the blennial amendments is very close. The legislature is more strongly Republican than ever.

Boston, Nov. 4.-McKinley carried this city by a majority of 18,695, with eighteen precincts to be heard from, and for the first time in many years Boston has endorsed Ropublican caudidates for president and governor. The vote throughout was as heavy as anticipated. McKinley and Wolcott ran far shead of the ticket in every ward. George Fred Williams is everwhelmingly defeated in his contest

The Besult in Florida Jacksonville, Nov. 4.—Bryan and Sewall carry Florida by a majority over McKinley closely estimated at 18,000 to 14,500. The returns received, covering one-fourth of the state, show a loss of about 4 per cent. in the Democratic vote and a gain of 39 per cent. in the Republi-can. The gold standard Democratic ticket developed no strength outside of the cities and large towns.

IN NEW JERSON. Republicans Carry the State by s Jority et 57,000.

TRENTON, Nov. 4.—Reports received from all parts of New Jersey indicate that the state has gone Republican by 57,000 on president. Several of the Republican candidates for congress appear to be alcoted. The state legislature will probable and the second of the Republican and the state legislature will probable and the second of the state legislature will probable and the second of the state legislature will probable and the second of the state legislature will probable and the second of the state legislature will probable and the second of the second

The election made no change in The election made no change in the political complexion of the New Jersey state senate. The senate in 1897 will stand 18 Republicans, 3 Democrats. This is the same as last year. Seven Republicans retired and either succeeded themselves or were succeeded by Republicans. One Democrat retired and a Democrat was elected in his place.

There will be six new faces in the house. Herbert A. Johnson, rep., of Camden, was elected to succeed Maurice A. Rogers. Solomon H. Stanger, rep., of Gloucester, in place of Daniel G. Packer. C. Ass Francis, rep., was elected from Monmouth to succeed James A. Bradley. Charles A. Heid was elected from Somerset to succeed Lewis A. Thompson, and Isaac Barber, dam., was elected from Warren county to succeed Christopher F. Staates. Forster M. Voorbees, rep., of Union, and George W. Ketcham, rep., of Essex, were elected to succeed themselves.

Revised estimates, based on the returns

will be far from as large as at first estimated. Probably not reach \$,000.

Maine's Decreased Republican Vete.

PORTLAND, Me., Nov. 4.—Maine's plurality for McKinley, according to estimates made on the basis of returns from cities and towns in all quarters of the state, will probably fall short of the immense plurality at the September election by from 1,500 to 2,000 votes. The returns indicate a Republican plurality in the state of 46,000, while the plurality in September was 48,377 for governor.
