The Cingalere children are said to be more beautiful than those of any other race on the four continents, and some of the little girls, even of the very lowest caste, are irresistibly pretty as they run before you in the streets to beg. They cry out in the sweetest and most plaintive of voices, touching the stomach to signify hunger in a way that would be awkward and vulgar in any other being, but in them it is so winsome that before you know it you sacrifice a rupee to the bad cause of encouraging them in begging-knowing quite well that all they want is a good opportunity to pick your pocket for more .-Outing.
