Health for Everybody!

When the Kidneys, Bladder and Urinary Organs are in a healthy state, a person is practically disease-proof. Sick ness can hardly find a foothold when those organs are well and strong. The Kidneys sift and strain from the blood poisonous and waste matter. When they are weak and diseased, the poisonous particles do not pass off, but remain in the system. They cause pain in the small of the back, Stone in the Bladder, and Bright's Disease.

It is easy to tell if your Kidneys are disordered. Put some urine in a bottle or glass for 24 hours. If there is a sediment, a desire to urinate often, particularly at night, and a smarting, scalding sensation in passing water.

Organs as Dr. David Kennedy's Favorite Remedy, that grand medicine which has been before the public for over 30 years. It should be taken without delay by men and women who have any of the above symptoms, as the disease
