Miss Isabella Schweier spent a few days vacation at home, from last Friday and returning this Thursday to Bucknell University, to resume her studies in the Seminary, looking to graduation in June.

The water was not high in the river, compared to the water in the upper Susquehanna last week. It was more than bank full at Lock Haven and Tyrone. Some of the streams in Ohio did great damage.

Go to Meyers for your clothing and furniture he will save you 25 per cent. Read his Bargains in this paper. What justice is there in taking Cuba from Spain? The fate. The same kind of justice that was measured out to the Cubans when Spain annexed the island to the Spanish government.

PERFECT and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy, blood and health-giving blood.

Last Thursday morning Mrs. John Hersh, of Millfort township, died of pneumonia at her home near Patterson. She was aged 68 years. Interment in the Presbyterian cemetery on Sunday afternoon at 2 o'clock.

The season promised to be unseasonably early for oats sowing and potato planting, but the wet weather last week kept farmers back, and the spring crops will be put into the ground at about the usual late time, regardless of the advanced spring.

WONDERFUL are the cures by Hood's Sarsaparilla, and yet they are simple and natural. Hood's Sarsaparilla makes PURE BLOOD.

The equinoctial period last week was mild, with no storm and only moderate rain showers, that fell with intervals sufficiently long between the showers that the streams were never quite bank full. Those who believe they know say the June flood this year will not be a high one.

The Telephone line construction business is booming in Juniata county, from the way the work is now carried on, the whole county will soon have been wired from place to place, and information can be gathered from almost every corner. The lines must needs prove themselves a great convenience.

Dr. David Kennedy's Favorite Remedy CURES ALL RHEUMATISM AND LIVER TROUBLES.

"Is it true, Mr. President," asked the reporter "that war will be declared to-morrow?" "Oh no," replied the president.

And the next day the yellow Journal printed this headline: "The President announces that war may probably be staved off a day longer."

"What are you doing here?" asked Rankin, who had encountered a burglar in his house at 2 o'clock A. M. "Pardon me," replied the marauder "I am in the wrong house."

"That's what you are," said Rankin. "There's not a thing here worth stealing." Don't let the traveling fish warden catch you fishing in an unlawful way. A corporation may wantonly kill fish by the hundred by dumping poison on stuff into the streams, but if you catch one near little lone fish and are found out, down comes the broken law ever to plague and worry you and make you pay a fine. Repeat the same law.

Dr. David Kennedy's Favorite Remedy CURES ALL RHEUMATISM AND LIVER TROUBLES.

They will be enabled to do better shooting in the next war, because of the employment of smokeless powder. The smoke powder, after the first fire to a greater or less degree obscured the eyes. Such will not be the case in the battles to come. In the next fights there will be no overhanging and intervening smoke clouds to maneuver and hide behind. Everything will be done in fair sight.

Dr. David Kennedy's Favorite Remedy CURES ALL RHEUMATISM AND LIVER TROUBLES.

Huntingdon Globe March 24.—Prominent among the colored citizens who are taking active measures towards organizing a colored military company is Robert K. Merrills, the West Huntingdon barber, who is himself an honored veteran of the late war of the Rebellion. It is the object of the leaders of the movement to enlist as many war veterans as possible, and in their efforts to form a volunteer company they are meeting with encouraging success.

CREAT SALES prove the great merit of Hood's Sarsaparilla. Hood's Sarsaparilla sells because it accomplishes GREAT CURES.

The Huntingdon Journal says that society people, in Stone Creek Valley, Huntingdon county, are more unliberal in their habits than in most places, and cities as an illustration that J. G. Hall had a wood chopping on last Friday and a dance at his house in the evening, which beats progressive each other two to one. The society town does had better look to their laurels or they may be eclipsed by the society dons of Stone Creek Valley.

Shanokin, March 24.—While a Reading local freight was ascending on the siding near Locust Dale last evening, brakeman Hanson was sent to the rear to flag approaching trains and as he did not return other members of the crew went in search of him. They found him engaged in a desperate encounter with a wild cat. The animal was full grown, but soon retreated into the woods when Hanson's friends entered into the fight.

People Believe what they read about Hood's Sarsaparilla. They know it is an honest medicine, and that it cures. Get Hood's and only Hood's. Hood's Pills cure all liver ills, relieve constipation, assist digestion, 25c.

Promoters Carl Espenschiede and Alton Schell, have part of their contemplated telephone line in operation. The home office is on third street. They have the line in complete working order to Port Royal and Mexico, and by connection with the T. V. R. R., at Port Royal, Blair Mills, Huntingdon county, can be communicated with. Promoter Schellenberger is justly engaged in pushing the line he represents, east wards. Within a short time McAlisterville can be talked to. From present appearance it cannot be many months till all the county will have been lined over with telephone wires.

Prevention is better than cure. Keep your blood pure, your appetite good and your digestion perfect by taking Hood's Sarsaparilla. Hood's Pills act harmoniously with Hood's Sarsaparilla, gentle, efficient.

Ten sheepman of Drew's valley, Lake county, Or., each agreed to pay a neighbor 25 cents for every wildcat, cougar, or coyote he killed in the vicinity of Drew's gap, and within three months he made nearly \$200 for himself, besides making the surrounding country safer for sheep, and then he doubled his earnings by means of the public bounties.

Lewistown Gazette.—For several years past a gang of poker players composed of traveling men from any old place have been making an annual trip along the Middle division.

While taking a walk Sunday a week Lloyd Stone and Milton Taylor, of Atkinson Mills, found a possum and took it home for the other members of the family to see. After keeping it for a couple of days it was taken to the woods and liberated that night, and the night following it returned and feasted on their chickens, when they succeeded in capturing it and killed it.

The Huntingdon Journal says, a school teacher in Barree township, had taken to the habit of locking the door at a certain minute and all late comers were thereby required to go home and get an excuse explaining their lateness. A day or two after recently awakened the whole school was present on time, but the teacher was late. Some ten minutes elapsed and the door was bolted. Shortly the teacher came panting and tried the door. No go. Open this door! Can't it be too late I say open this door or I will break it in! Have you an excuse? The door was finally unlocked to admit a mad school master.

Photographs advancing in price. Take Notice on and after April 1st, 1898, my price for our best Cabinet Photographs will be 3.00 per dozen, until then April 1st, I will make and sell tickets for these same photo graphs for 1.50 per dozen. I have ordered 5,000 of the highest style cards, printed in gold to supply this work, our efforts in low priced work has not been appreciated, therefore we are obliged to return to our old price \$3.00 per dozen. Tickets sold will be good at any time presented, this is your last and only chance to get high priced work at half price. Don't come in after the time and say you didn't see this ad. It will be too late. Respectfully, JOSEPH HESS.

A middleburg man writes to the Beaver Herald, saying:—"Conscience recently awakened a young man's mind and he wrote a letter to one of our citizens stating that he had made the bible his study for the last three months and that he has learned in order to do right and be a Christian he had to make things right, and says, 'I have no rest till I confess my sins and I now enclose 3 two cent postage stamps for three pieces of tobacco I stole from you.' This young man lived about three miles from our town where he stole the tobacco and so did the man he stole it from. The young man now resides in or near Philadelphia, and is changing his course of life.

There is a scramble among Democratic lawyers in Reading for the nomination of District Attorney, to be made next month. One of them has published a circular, in which he indulges in some strong personalities as to his competitors. He concludes by describing himself as a "Berkshire county Dutchman by birth, a blacksmith by nature, and a lawyer by trade; have always voted the Democratic ticket since I have the right of franchise; never backed it; have unflinchingly supported the party in ward, county, State and national issues, whether right or wrong, preferring to be conscientiously wrong, rather than indifferently right."

Selins Grove Times.—Down in what should be the most quiet part of the county, because it is far removed from railroad and even telephone, Wm. Seiford, a bad young man, has been writing letters to married men and women, disturbing the peace and happiness existing between husband and wife, in many good families near Mt. Pleasant Mills. A number of these letters without an acknowledged author were forwarded to Washington with the request that a detective be put upon the case for the purpose of locating the destroyer of family unity in the north. Seiford is still a young man and is a cobbler by trade, making his home with his mother. When he became cornered by the evidence placed before him, he admitted that he wrote one of the letters, but he denied authorship to the others.

He left home and friends and did not tell them where he went, and he changed his name, but when his father died he turned up for his share of the estate that is what the Lewistown Sentinel of March 24, says in the following.—In regard to the article which appeared in the columns of the Democrat and Sentinel last week headed "Absent for twenty-five years," would just state that the long lost Dorius G. Wyrw, referred to is no other than James Ryan, of this place. Mr. Ryan in conversation with the writer stated he changed his former name to Wyrw shortly after leaving home and was known by that name ever since. He is not a farmer nor a landowner, as the article stated, but labors on the railroad as track hand. It is his intention to recover his portion of his father's estate if possible. His brother Harry visited him at Lockport, Millin county last week.

WESTWARD BOUND.

At noon on Monday, the following Juniata county people took their departure from this station for the west, to North Dakota, Henry Pyle and Mr. Amy, of Monroe township. Henry Benner and family; Oliver Hibbs and family; Josiah Swartz and brother Harvey Swartz and their families from Fayette township. Mr. Benz and wife from Tuscarora Valley. James Alexander and family; George Guss and family; William and Edward Braunen, of Patterson, and Isaac Sieber and family, of Port Royal. Joseph Switzer of this town went with them as a visitor to Dakota.

RICH RED BLOOD is the foundation of good health. That is why Hood's Sarsaparilla, the One True Blood Purifier, gives HEALTH.

TOO DUMB TO SEE IT.

The Juniata Star published the resolution of the Port Royal church council, and then followed with nearly half a column of editorial comment, which abounded in excellent judgment, and above all, true christian character. Just one week before this, the SENTINEL AND REPUBLICAN, and also THE HERALD, were helping to give a lie wings by each publishing allusions to it, while THE STAR said nothing at all about the matter. A newspaper has reached a low level of existence indeed when it stops to publish gossip instead of news; and when it helps to persecute the ministers of the Gospel. Such papers therefore not only fail to fulfill a useful mission, but are positively dangerous in any home. And THE STAR is not only far above such low journalism as this, but is as newsworthy as any and in addition is square on every moral question. Such a paper is a blessing to the county, and ought to be in every home.

The above article, appeared in "The Port Royal Lutheran" an April publication, gotten up and edited by R. V. H. Gilbert, of the Port Royal Lutheran Church, and printed at THE STAR printing office in Millintown. The preacher's article is like the theatrical company that played Hamlet, and left Hamlet out of the play. So the preacher's article plays denunciation and taffy pulling but don't tell what the denunciation is about or give the motive for the taffy pulling, and that very miss play will cause every reader to grab and grub till they find the Hamlet of the play. There are only two points in THE PORT ROYAL LUTHERAN article. First, and last, a dose of taffy for the STAR.

THE STAR is almost smothered with taffy, Josh Billings said, "You can catch more flies with molasses than with vinegar." The Lutheran has laid the taffy so thickly on THE STAR, that the flies themselves are almost sick, and the article looks like a piece of molasses early dotted over with walnut and hickory nut goodies for a Christmas children's entertainment run by Mr. Gilbert.

The second point contains no taffy it is rather superfluous, and smells of brimstone and is for the especial benefit of THE SENTINEL AND REPUBLICAN with a pinch of the vitriolic thrown in for THE HERALD. "The Lutheran says, THE SENTINEL AND REPUBLICAN gave a "lie wings" for using the word lie, for we are not accustomed to use slum words of that kind, and we wish for the Lutheran, for using it here, but we give its author, the author alone is responsible for the use of the word and if a lie was told it was manufactured in Port Royal, and that place and the people who manufactured it must father it. But the article of the Lutheran does not tell its readers what it complains of? Why does it not tell us why he whipping of it sat on the ground? It must have its own thinking readers wonder what the matter can be. The Lutheran has left it to THE SENTINEL AND REPUBLICAN to begin come to the defense of the preacher, and tell what the trouble is. There was no intimation about the article published in THE SENTINEL AND REPUBLICAN, it was a clean cut article that was meant well for the preacher, and for the punishment of the thousand tongued gossips, and it brought its answer for this paper of that issue had scarcely been printed till the Lutheran church an authority of Port Royal instituted an investigation into the gossip that was going on about the minister, and excommunicated him. The preacher should thank THE SENTINEL AND REPUBLICAN for its condemnation of the gossips, and for urging the church authorities to investigate the matter and punish those who were talking falsehoods to the minister. But not withstanding the fact that the authority of the Port Royal Lutheran church have declared their pastor to be innocent of the bad things told about him in Port Royal, the people there who raised the reports against him are unwilfully of justice. But what did THE SENTINEL AND REPUBLICAN say about the case. It said:

A report prevails, that the Lutheran preacher at Port Royal, because it has been ascertained in a way that is no becoming their standing in society. It is hoped the reports may one and all be untrue. "Evil to him who evil thinketh," is a good old saying that people might consider with profit to themselves and to others. People are presumed to be innocent until they have been proven guilty. There is entirely too much unkind talk going on about people in this and other communities. Too many people talk over others that they know little about. It would be an offense to report the things that are said about the Port Royal parties and the Church authorities who are engaged in sifting the case will doubtless spare no means to find out the truth and punish the guilty. If you hear a wrong thing about your neighbor don't repeat it unless you know it to be true.

That article was published in defense of the preacher, and against gossip, and bad talk, but the preacher was too dumb to see it.

Welcome News

Any information that tells how sickness and disease can be overcome is the most welcome news a paper can print. Although this is an advertisement, it contains facts of more vital importance than anything else in this newspaper. It tells of a medicine known for over thirty years as Dr. David Kennedy's Favorite Remedy. It is a medicine that purifies the blood, and restores the Kidneys, Bladder and Urinary Organs to vigor and strength. Its principal ingredient is not alcohol. It does not ruin men's and women's lives by causing intoxication and fostering the appetite for strong drink.

Favorite Remedy cools and purifies the blood. It is not like the many "bitters," "compounds" and "tonics," now so widely sold, which heat and inflame the blood, doing more injury than good.

Favorite Remedy cures troubles of women just as certainly as it cures troubles of men. It restores the Liver to a healthy condition, and cures the worst cases of Constipation. It cures Scrofula, Salt Rheum, Rheumatism, Dyspepsia, all Kidney, Bladder and Urinary Diseases, Gravel, Diabetes and Bright's Disease.

"My complaint was Stone in the Bladder. Physicians said my case was hopeless, but Dr. Kennedy's Favorite Remedy cured me."—D. H. HOAG, Lebanon Springs, N. Y.

Sold in all drug stores for \$1.00 a bottle. One teaspoonful is a dose, and you will experience relief long before first bottle is taken.

Sample Bottle Free! Every person troubled with any of the ailments mentioned above is offered a chance to try Favorite Remedy without any cost whatever. Send your full postal address to the Dr. David Kennedy Corporation, Rondout, N. Y., and a free sample will be sent you. Scrofula A Sore Foot

Insists the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this: "In September, 1884, I made a mistake and injured my ankle. Very soon afterwards,

two inches across formed and in walking to favor it I sprained my ankle. The sore became worse; I could not put my boot on and I thought I should have given up at every step. I could not get any relief and had to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

Hood's Sarsaparilla

is now well and I have been greatly benefited otherwise. I have increased in weight and am in better health. I cannot say enough in praise of Hood's Sarsaparilla." Mrs. H. BLAKE, So. Berwick, Me. This and other similar cures prove that

Three per cent. interest will be paid on certificates of deposit. (Jan 24, 1898)
