RICH RED BLOOD is the foundation of good health. That is why Hood's Sarsaparilla, the One True Blood Purifier, gives HEALTH.

Pity the sorrow of an old man, when you read that Daniel Clark, aged 80 years, was sentenced by Judge Hoagland, of Bridgeton, N. J., to six months in the county jail for the illegal sale of beer in the city of Millville.

The Newton Hamilton Watchman keeps on reporting the movements of the Mormon missionaries in that part of Mifflin county. The same it is said are going to vacate that part of the country because of the wicked course, as they call it of the Watchman.

It is a "cheeky" thing for Spain to send a fleet to this side of the sea to fight America. It looks as if she expects to stake Cuba on a naval fight in Cuban waters. War has not yet been declared, but this Tuesday morning the situation has a war like appearance.

Prevention is better than cure. Keep your blood pure, your appetite good and your digestion perfect by taking Hood's Sarsaparilla.

Hood's Pills act harmoniously with Hood's Sarsaparilla, gentle, efficient.

If Germany wants heavy indemnity of Spain for destroying one German sugar refinery on the island of Cuba and for the murder of three German citizens what should America demand of Spain for taking the lives of American citizens and the destruction of their property.

Every one in a while some one gets up and knocks old time information and beliefs all to pieces, for example, a man in Armstrong county, who claims to know says that frogs do not make the noise in spring time in the marshes. The noise that is credited to the frogs is made by lizards that come out of the mud and turn their nose out of water and make the ceaseless chatter that the one who live along bog lands are familiar with.

GERMANY'S CLAIM AGAINST SPAIN FOR DAMAGES TO PROPERTY BELONGING TO GERMAN CITIZENS ON THE ISLAND OF CUBA, and for the killing of three German citizens is backed by a war ship ready for battle. Citizens of the United States have filed claims at Washington, amounting to six teen million dollars against Spain, for injury and loss by the war in Cuba. The loss of stock, burning of sugar plantation property, and so forth.

Here is one that is going the rounds of the jokers: Two men are employed on an ice wagon. They are identically the same as to height, girth and other avoirdupois producing dimensions. What does the other man weigh? He weighs ice, of course, but the man to whom the conundrum is suddenly put never thinks of that until he has puzzled his brain for ten or fifteen minutes in an attempt to find some other solution.

Dr. David Kennedy's Favorite Remedy CURES ALL BILIOUSNESS, STOMACH AND LIVER TROUBLES.

A Pittsburg man recently said: Recently, Speaker Reed wished to see a man on some pending legislation and telegraphed for him to come to Washington. The man took the first train available, but a washout on the road made it impossible for the train to proceed further toward its destination. Going to a telegraph station he sent this despatch to the speaker:

"Washout on the line. Can't come." When Reed read the message he sent back this reply:

"Buy a new shirt and come anyway."

NAVAL WARFARE.

At this writing Tuesday afternoon, April 5, the trouble between the United States and Spain has a war like aspect. The matter in dispute between the two government will be sent by President McKinley to Congress to-morrow. What Congress will do when it receives the Presidents report can only be conjectured. Conjectures are not safe to rely on. In this case the conjectures are almost one sided, they are that the action of Congress will be of such a character that war must soon come. If it does come, it will mostly be a fight on sea. The vessels to engage in the sea warfare are of the latest models and their action on that account will be watched by all civilized people with the keenest attention. The following picture of an American Man of War, is a picture of one of the most powerful ships of modern times and her action in the impending battle will be watched with the keenest interest.

SEAGOING BATTLESHIP IOWA. The Iowa is the navy's most formidable battleship. Her statistics are: Displacement, 11,410 tons; speed, 16 knots; horsepower, 11,000; cost, \$4,010,000; armament, four 12 inch, eight 8 inch, six 4 inch guns and 28 guns of smaller caliber.

Robert Wakefield, of Bratton township, made a narrow escape from being killed by a vicious stallion owned by him on Tuesday a week ago, which result was only averted by the timely arrival of the hired man. Mr. W. was in the act of getting on the horse's back when the horse threw his head around and bit him on the wrist, making a painful wound half an inch deep. The animal then reared up and enclosed him with its front feet and threw him to the ground, and then tried to jump on him and bite him at the same time, but its feet straddled the prostrate body of Mr. W. in several attempts when the hired man appeared and rescued him from certain death. McVeytown Journal.

Beaver Springs Herald, March 31: On Friday night robbers cut-red iced, killing by the house of Amos Focht in Chapman township and the old gentleman went down stairs to see what the noise was in the house. When he came down he saw a man, who grasped a glass pitcher and threw it at Mr. Focht, cutting him badly on one hand by the broken pitcher. By this time his son came down stairs with a gun and fired a shot at the robber, but missed him, who was on the robber grasped or had an ax, with which he made a desperate fight with young Focht who used the gun barrel for his weapon and knocked the robber down. He hit him on the forehead, cutting a gash in the forehead for six hours or more. His wound was dressed by Dr. Bogar. A warrant was issued, and Mr. Robber was brought to the Middleburg jail on Saturday afternoon, and his wound was again dressed on Sunday by Dr. Hassinger. The robber is said to be from Shamokin. He will remain in jail until June term of court. Is a pity that the shot went astray for this country has no use for such characters.

Evans, Indiana, passed through a Johnstown horror on Sunday evening about supper time when the bank of the Ohio river broke and left a wave of water 20 feet high to roll over the town that was built on ground much lower than the river. Houses were swept away just as they were swept away at Johnstown nine years ago. As the frame houses swept away on the bosom of the flood, stoves were upset and a number of houses were set on fire, which added to the horror of the scene. The flooded valley is four miles wide and it is difficult to extend aid to the suffering people. Several hundred people were saved by getting into the Court House, and into the Gallatin county Bank, a 1000 people run to high ground, and many were saved in various ways, but about 400 were drowned.

A CORDIAL INVITATION. Miss Ellie Pannebaker has just returned from Philadelphia with a full line of choice millinery goods, with which to please the most critical taste. The ladies know where the novelties in millinery goods are kept in Patterson, and Miss Pannebaker extends a cordial invitation to them to call and see her stock of goods.

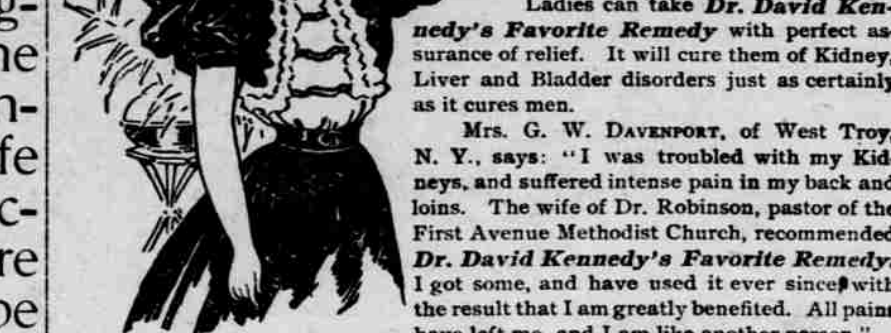

A MAN TELLS A FISH STORY. From the Lewistown (Me.) Journal. David Kelly, of Surry, has had a queer experience, and in consequence believes that a smelt will never die so long as it is kept frozen stiff. Two weeks ago he was fishing on Morgan's Bay, where he captured a dozen or more smelts, which he left in a pail in his little shanty, expecting to return soon and resume work. Being called to Boston to attend the funeral of a relative he did not return for several days. Then he took the pail filled with snow and ice, in which were the smelts, and placed it in a tub, pouring over it a few gallons of warm water in order to get the fish out whole. He then went to the village, where he staid three hours. When he returned every smelt was alive and swimming around in the tub.

A Word of Warning

The trouble with thousands of women is not "female weakness," although many physicians suppose it is. The real trouble lies in the Kidneys, Liver and Bladder. Doctors often fail to effect a cure, simply because they don't give the right remedy. Women as well as men can ascertain for themselves if their Kidneys are diseased. Simply fill a bottle or glass tumbler with urine and let it stand a day and a night. If there is a sediment at the bottom, something is wrong with the Kidneys. If there is a desire to urinate often—if there is a pain in the small of the back—if the urine stains linen—look out! The Kidneys are diseased.

Ladies can take Dr. David Kennedy's Favorite Remedy with perfect assurance of relief. It will cure them of Kidney, Liver and Bladder disorders just as certainly as it cures men.

Mrs. G. W. DAVENPORT, of West Troy, N. Y., says: "I was troubled with my Kidneys, and suffered intense pain in my back and loins. The wife of Dr. Robinson, pastor of the First Avenue Methodist Church, recommended Dr. David Kennedy's Favorite Remedy. I got some, and have used it ever since with the result that I am greatly benefited. All pains have left me, and I am like another person."

Dr. David Kennedy's Favorite Remedy is a perfect blood and nerve medicine. It restores the liver to a healthy condition and cures the worst cases of constipation. It is a certain cure for all diseases peculiar to females.

Infests the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this: "In September, 1894, I made a mistake and injured my ankle. Very soon afterwards,

A Sore

two inches across formed and in walking to favor it I sprained my ankle. The sore became worse; I could not put my boot on and I thought I should have to give up at every step. I could not get any relief and had to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

Foot

is now well and I have been greatly benefited otherwise. I have increased in weight and am in better health. I cannot say enough in praise of Hood's Sarsaparilla." Mrs. H. BLAKE, So. Berwick, Me.
