Wheat dropped 75 cents, on the 1st of June, from its highest price in May, and rallied in New York to \$1.15 on the 4th of June.

The Secretary of war wants Congress to appropriate fifty million dollars more for the prosecution of the war for humanity's sake.

Philanthropist—"My poor man, here is a half dollar for you."

Lap-Up-the-Drinks—"Jee! Say, mister, come in an' have something with me."

The Carlisle Sentinel says one of the teachers whipped a boy and warned him so well that she set on fire a handful of matches in his hip pocket. When the conflagration broke out she applied water vigorously and saved his bacon.

The Red-villa, Mifflin county flag, suspended from mountain to mountain, has been so hoisted by the act of a malicious person, who, one night, put a shot through the flag, the breeze soon enlarged the gun shot hole and the first wind ripped the flag in twain.

At the present rate of expenditure, if the war continues one year the debt will have been increased one billion dollars; that is a thousand million dollars; how can Spain pay that sum. France paid more than that to Germany to move her armies out of France in 1870.

The hottest months in Manila are May and June, they are oppressively hot. The winter months are said to be perfect. In the summer time, work is done early in the morning, and late in the evening and night. During the day time, from 8 a. m., to 5 p. m., work is not done out doors.

L. H. Miles, of Howe township, showed a Ledger representative a corn cob last Saturday, that was a perfect resemblance of a human hand. Formations of the cob made the shape of the fingers natural and of normal proportions. Mr. Miles found this peculiar shaped cob in his corn bin.—Newport Ledger.

The published marriage announcement of Elmer J. Warner and Cora A. Gillford, was not correct. They were not married. The person who had the notice published was misinformed, and that misinformed led to the publication. It is hoped the young people do not feel aggrieved over the misinformed announcement.

It is a source of regret that annoyance has been caused by the notice. It is one of the unpleasant things about publishing a newspaper, that mischievous people, do send false statements about their neighbors to the press for publication. It is oftentimes done in what is called a joke, but it is always censurable and is as much condemned by the publisher as by the party for whom the joke is intended.

A flag raising will take place at Coburn, Centre county, Saturday evening, June 11, when a wire will be stretched from one mountain peak to another and from it a huge flag will be suspended. The flag will be suspended about 600 feet above the ground. The length of the wire will be about 1,600 feet. The size of the flag will be 27x42 feet.

Irvin Beachler, lost a valuable saddle horse on Monday forenoon. His four horse team was sent to Stouffer's ridge for a load of small flat stones or gravel. In coming down the ridge with a load on the wagon, the lock broke and the wagon ran forward on the horses, and a hind leg of the saddle horse was crushed, from the back down to the pastern joint. The beast lay on the ground and was pushed in front of the wagon to the bottom of the hill more than a hundred yards. The other three horses in the team were not injured. To put the horse out of a state of misery it was shot.

A western exchange says, it is not any wonder that the brave soldier boys want to go to the Philippine islands for they have read, "The women are extravagantly beautiful, they wear ablated dresses, have a long black hair, large, languorous eyes, small, bare feet, and they all smoke cigars. They are Oriental summer girls."

We don't like that cigar vice in women, but the rest of it is all right. The abbreviated dress is merely the custom of the country, and for that there is always a charity. What a fine time our soldier boys will have out there after they have conquered the islands and have time to turn their attention to the affairs of Cupid's court.

William Stoner, living in Fernwagh township, close by Shade mountain was in town on Saturday with a curiosity that he found under a stump that had been turned over, for fish bait. The object that he found was several inches long and shaped like the skeleton of a bird's head. Two curved bones project backwards from the side of the back part of the head. The projections were half as thick as a lead pencil were joined to the head and tapered to the thickness of a knitting needle at the end of the curve, which was about 3 inches from the back part of the head. It could not be determined whether the object was wood or bone. If a skeleton it was bone. The question "what it is" remains undetermined.

William Murray, has become the owner of a handsome piece of horse flesh; believing that a nip of fresh grass would be good for the animal he turned it to graze on the juicy grass on Cross street. It was a paradise for the beast and so delighted had the animal become with the place that on Saturday morning when Mr. William Murray and Mr. Samuel Meyers on their way to Lost Creek Valley, came to East Point, the animal insisted in going down Cross street to where it had nipped the grass the previous day. The beast was not ugly, did not kick, only wanted to have its way to the utter disgust of its owner and Mr. Meyers. Moral snasion had no effect on the beast, and the more it was urged to stay where it had stopped. Some friends suggested the building of a little fire under the animal to move it, but before that was done, Murray's application of the rule, "spare not the rod and spoil the child" had its effect, and the animal was got on away in fine style. It may be sleightful time before the handsome animal forgets the delightful nip of grass it got on Cross street.

Jonas Kaufman, died at his beautiful home, about 2 miles east of this town at 12 o'clock, last Friday morning aged 73 years, 11 months, 21 days. He had been an invalid several years, a sufferer from a stroke of paralysis that left one side limp and helpless. He was a member of the Mennonite church. His remains were interred in the Mennonite cemetery in Lost Creek Valley on Sunday. The funeral procession was a mile long. He was a son of Jacob Kaufman, a member of the Juniata Kaufman family who owned many valuable farms in Juniata county. Five children survive Jacob Kaufman. Phebe, Mrs. David Herzler, now deceased, Isaac, deceased, Sara, Mrs. Jacob A. Knoll, Kurtz, who lives a mile east of Mifflintown, and Jonas, the subject of this obituary notice. Jonas Kaufman was a first rate citizen; upon the death of his father he became the owner of the homestead farm on which he lived and died. He was married to Mrs. Eliza Moist, a daughter of Rev. David Moist deceased. Their children are Banks W., residing in Mifflintown, David K., residing in Colorado, Sarah residing with her mother, Eliza J., Mrs. W. H. Harley residing in Mifflintown, Mary E., Mrs. Samuel Hetrick, residing in Walker township, Isabella, Mrs. David Siobar, residing in Walker township, Lincoln S., residing in and conducting the home stead farm. Though Mr. Jonas Kaufman is dead his memory will be cherished for his many sterling qualities.

REPUBLICAN STATE CONVENTION.

The Republican state convention met at Harrisburg last Thursday and nominated William A. Stone, of Allegheny county, for Governor, on first ballot. Before the ballot was taken, John Wanamaker withdrew his name as a candidate, for the reason that a number of his friends who had urged him to run for governor, deemed it best that he should withdraw his name from the convention as a candidate. Ex-Secretary of State, Reeder, was a candidate for the complimentary vote of the delegates of the county that he lives in. C. W. Stone, of Warren county, was the only competitor for the nomination after Wanamaker withdrew. William A. received 198 votes and C. W. Stone received 164 votes. William A. Stone was declared the nominee. The ticket is largely soldier. One of the claims that will be put forward for William is that he was a soldier. Soldier, General J. P. S. Gobin was nominated for Lieutenant Governor, soldier General James W. Latta was nominated for Secretary of Internal Affairs. William W. Porter, of Philadelphia, a corporation lawyer was nominated for Judge of the Superior Court, Galusha A. Grow, Statesman, and Samuel A. Cavenport, a lawyer from Erie, were nominated for Congress at Large. They are the nominees of the party. There are many things in the Republican party that are objectionable but where are the people to turn for relief. The Democratic party was thoroughly tried under Mr. Cleveland. The result was such a general prostration of the business affairs of every section of the nation that half the people were on the edge of bankruptcy and a large percentage of the balance of the people were brought to a halt in all profitable work in field, in office, in shop, in store. The convention was not largely attended and was quiet throughout.

PERU MILLS NOTES.

John Vangien and William Rodgers have about bought a large engine to run their cider press, William can run it. W. P. Bell is having his large dwelling house repaired for Harrisburg folks this coming summer. Mollie Parsons takes charge of the house. The military drilling in this community still goes on.

Hear the nation's bugle call,
Blue and gray,
Hark the cannon thunders call,
Blue and gray,
Not against a brother's breast,
Shall the bayonet be pressed.

He is a funny little man
And saddle says so too.
Around the gravel hill he goes,
Apon the hill oad.

I wish I was like some race,
I would not stop on the place,
Alfred says, he would not care
If he would come in the there.

He came to our town to see,
The boys would holla, holla,
You are the little doll boy,
And around the gravel hill.

He came to Besgar low,
But flesher said he stood no show,
She would kick him in the snout,
Oh I am sure I treat'd well
With candy lozengers,
Oh yes, but that was too late,
When she kicked him out the gate.

And Another Scheme.

A swindler has been working in the upper end of the county thus: He calls upon an old soldier, claiming that he is raising money to have a \$15,000 monument erected on the Gettysburg battlefield, and every soldier contributor will have a share in it. He asked from \$1 to \$6. Several veterans have been victimized. Look out for him; he is a fraud.—Liverpool Sun.

A Letter from Fort M'Pherson.

A letter from J. M. Pannebaker, from Fort M'Pherson, says, the Second United States Cavalry Company in which are himself, Clarence P. Hooper, A. P. Louder, H. N. Koons, H. S. Hoops, Oscar Shover, William Ryser, William Yester, James Pannebaker, Frank Jones, J. H. Eberzaller, Charles I. Jenkins, Gilbert Datt, S. M. Shelby, R. G. Reynolds, and Herman Browand, all Juniata county boys, will start for Manila on Thursday, May 9,—tomorrow.

The Boy's Definition.

Some school boys were asked to define certain words, and to illustrate their meaning.

Here are a few:

Frantic means wild; I picked some frantic flowers.

Athletic, strong; the vinegar was too athletic to use.

Tandem, one behind another; the boys sit tandem at school.

Then some single words were furnished explained by this same class of boys.

Dust is mud with the wet squeezed out; fins are fishes' wings; circumference is distance around the middle of the outside.

The boys' definitions showed that they possessed one prominent quality, to say the least; that of being original.—Michigan Christian Advocate.

Americans Killed.

A telegram from London, England, under date of the 25th of May states that American missionaries were killed at Rotfunk, Africa, and gives part of the letter that recites the act of barbarity as follows:

"We started to walk to Sierra Leone, but had only gone half a mile when we met war boys, who blocked the way. The Rev. Mr. Cain tried to frighten them by firing a revolver over their heads; but, seeing they were determined to do mischief, he cast his revolver away and said he would not have anybody's blood on his hands. The war boys then seized the party and Miss Hatfield, Archer and Kent (Shenk?), stripped them of their clothing, dragged them back to the mission house, in front of the war boys cut down the Rev. Mr. Cain and hacked him to death, and then treated Miss Archer and Miss Kent in the same way. Miss Hatfield, who was very ill, was thrown on a barbed wire netting, and finally her throat was cut. Mrs. Cain escaped to the bush with a native girl; but the war boys went out seeking for them and they were afterward killed."

Language of Flags.

To "strike the flag" to lower the national colors in token of submission. Flags are used as the symbol of rank and command, the officers using them being called flag officers. Such flags are square to distinguish them from other banners.

A "flag of truce" is a white flag displayed to the enemy to indicate a desire for a parley or consultation.

The white flag is the sign of peace. After a battle parties from both sides often go out to the field to rescue the wounded or bury the dead, under the protection of a white flag.

The red flag is a sign of defiance and is often used by revolutionists. In our service it is a mark of danger, and shows a vessel to be receiving or discharging her powder.

The black flag is the sign of piracy. The yellow flag shows a vessel to be in quarantine, and it is a sign of contagious disease. A flag at half-mast mourning. Fishing and other vessels return with a flag at half-mast to announce the loss or death of some of the men. Dipping the flag is lowering it slightly and then hoisting it again, to salute a vessel or fort.

If the President of the United States goes aloft the American flag is carried in the bows of his barge or hoisted at the main of the vessel on board which he is.—School Journal.

A Word of Warning

The trouble with thousands of women is not "female weakness," although many physicians suppose it is. The real trouble lies in the Kidneys, Liver and Bladder. Doctors often fail to effect a cure, simply because they don't give the right remedy. Women as well as men can ascertain for themselves if their kidneys are diseased.

Simply fill a bottle or glass tumbler with urine and let it stand a day and a night. If there is a sediment at the bottom, something is wrong with the kidneys. If there is a desire to urinate often—if there is a pain in the small of the back—if the urine stains linen—look out! The kidneys are diseased.

Ladies can take Dr. David Kennedy's Favorite Remedy with perfect assurance of relief. It will cure them of Kidney, Liver and Bladder disorders just as certainly as it cures men.

Mrs. G. W. Davenport, of West Troy, N. Y., says: "I was troubled with my kidneys, and suffered intense pain in my back and joints. The wife of Dr. Robinson, pastor of the First Avenue Methodist Church, recommended Dr. David Kennedy's Favorite Remedy. I got some, and have used it ever since, with the result that I am greatly benefited. All pains have left me, and I am like another person."

Dr. David Kennedy's Favorite Remedy is a perfect blood and nerve medicine. It restores the liver to a healthy condition and cures the worst cases of constipation. It is a certain cure for all diseases peculiar to females.

Sample Bottle Free

Scrofula

Infects the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this: "In September, 1894, I made a mistake and injured my ankle. Very soon afterwards,

A Sore

two inches across formed and in walking to favor it I sprained my ankle. The sore became worse; I could not put my boot on and I thought I should have to give up at every step. I could not get any relief at all to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

Foot

is now well and I have been greatly benefited otherwise. I have increased in weight and am in better health. I cannot say enough in praise of Hood's Sarsaparilla." Mrs. H. Blake, So. Berwick, Me.
