Came to the Republican meeting on Thursday, October 6th. The flag raising is not to be a monopoly, as some writer in the Democrat and Register has made himself believe. If the post master was a low bred sneaking cur he'd be liable to report any and every one he did not feel like letting alone. But every pensioner he did not like he'd report as a fraud upon the list. WHEN MARK TWAIN FELT EMBARRASSED. When Mark Twain was first introduced to General Grant the latter shook hands with him in a courteous manner and immediately relapsed into his customary attitude of reticence. There was an awkward pause; it grew longer and longer as the humorist tried to think of something bright to say. Finally, as if in sheer desperation, Twain looked up with an assumed air of great timidity, and said: "Mr. President, I—I feel a little bit embarrassed. Do you?" The President could not help smiling, and Mark took advantage of the chance the incident presented to give place to others.

Ten years later, when statesman and humorist met again, General Grant, with a twinkle in his eye, said, before Twain had the chance to utter a word: "Mr. Clemens, I don't feel at all embarrassed. Do you?"—October Ladies' Home Journal.

HOG CHOLERA. Bloomfield Times.—The large number of hogs that are dying from this disease show that some good remedy is needed. A farmer who has tried it asks us to republish the following remedy which we published in January 1886:

My hogs became infected through a hog I borrowed from a neighbor. He sickened, died, and was buried. Then one after the other of my sows, shots, and pigs took sick, and not knowing what to do, I consulted my old doctor. He advised me to dig up some May-apple roots, pokeberry and mullein roots, clean them, chop them up, put them into a large kettle, with plenty of water, and boil them for several hours. I gave the dogs nothing to eat for a half a day and that gave them a good part of the decoction to a pair of warm slops with a little bran. I repeated this three times a day for a week or longer, gradually adding more bran to the slops. All recovered but one who could not be induced to drink the slops. My neighbor, of whom I had borrowed the hog, lost 40 head, and another neighbor who took a short home from my farm where it had straggled and mixed with my hogs, lost over twenty head. Neither of them tried my remedy. I have not had a case of hog cholera on my place since. This remedy is so simple and has proved so effective in my case that I hope you will give it to your readers that others may try it, and if it should prove itself to be a remedy against that fearful scourge hog cholera, it should be made known throughout the whole country.

PROHIBITIONISTS IN THE FIELD. THE PROHIBITIONISTS ARE IN THE FIELD OF POLITICS AND HAVE NOMINATED A TICKET AS PER FOLLOWING STATEMENT OF JOURNAL B. MELOY.

PATTERSON, Pa., Sept. 20, 1898. THE SENTINEL AND REPUBLICAN, Mifflintown, Pa. GENTLEMEN: I enclose an article of news which you will please publish in your paper of this week, if desirable.

Respectfully, JOURNAL B. MELOY.

The Prohibitionists of the County have nominated the following County ticket:

For Assembly, Robert H. Patterson, of Peru Mills. For Coroner, F. N. Thomas, of Oakland Mills. For County Surveyor, J. M. Burris, of Mexico.

NEW GRIST OF PENSIONERS. Everyone is pensioned but the Pennsylvania Militia, and the new grist of pension applicants arising out of the war with Spain have filed at the Pension Office. They embrace all classes, including widows claims for injuries, etc. It is the purpose of Commissioner Evans to create a new division for the adjudication of these cases, when they will be taken up and disposed of as rapidly as possible.

SOMETHING FOR THE DEMOCRAT AND REGISTER. For some reason, the Democrat and Register has become roused on the raising of the flag. Come, get off your horse, and rally round the flag, and read this from ATLANTA, GA., Sept. 23.—Flags were raised on all public school buildings here to-day, with ceremonies, which included speeches by prominent citizens and the singing of national airs by the children. The flag raising was in compliance with an order of the City Council passed several months ago.

Letter from a Woman

Dr. David Kennedy's Favorite Remedy frequently cures several members of a family. While it is considered by many to be a Kidney and Bladder Medicine, it is just as certain to cure Dyspepsia, Constipation, Rheumatism, Scrofula and Eczema. This is because it first puts the Kidneys in a healthy condition, so they can sift all impurities from the blood. Healthy blood practically means a completely healthy body. Here is a letter from Mrs. CAPT. PETER RACE, of N. Y.: "My husband was troubled with his kidneys, fearfully with shooting pains through his back. He took Dr. David Kennedy's Favorite Remedy, and is now well and strong. Although seventy years of age, he is as hearty as a man many years younger. I was so troubled with Dyspepsia that it was painful for me to walk. My food did me no good, as my stomach could not digest it. Somebody recommended Favorite Remedy to me, and after taking two bottles of it I was completely cured, and am feeling splendid now. We both attribute our good health to Favorite Remedy."

It is prescribed with unfailing success for Nerve Troubles, and for the Liver and Blood it is a specific. It has cured many that were beyond the aid of other medicine. Ask your druggist for it, and insist upon getting it. Don't take a substitute. It will cost you \$1.00 for a regular full-sized bottle.

Sample Bottle Free. If you want to try Favorite Remedy before buying, send your full post-office address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mention this paper. They will send you a free trial bottle, all charges prepaid. This genuine offer is made to prove to everybody what a wonderful medicine it is.
