The funeral of Thomas Milligan, aged 31 years, took place from his former home in Tuscarora Valley, last Saturday, March 25, at Academia. Mr. Milligan died at the home of his sister, Mr. William Beatty, in Altoona, on Thursday, March 23rd. Months ago he journeyed to New Mexico in the hope that a change of climate might restore his failing health. The change was not beneficial, and he was hastening his return to Juniata county. A short time off with his sister in Altoona, it was hoped would not fail of improving his health, but that was disappointing, he grew worse instead of better, and passed away before getting back for a last longed look of his native valley.

SHAKES THE CATS OF THE PHILIPPINES.
The snakes are the professional rat catchers in the Philippine archipelago, and every well-regulated household must have its snakes. "Nearly all of the other bungalow in Manila," a correspondent writes, "possess what are called house snakes—huge reptiles, twelve or fourteen feet long, and as thick as a fire engine hose, that permanently reside in the roof and live on rats. These big creatures are harmless and rarely, if ever, leave their abodes. Judging from the noise over my cloth ceiling, a pair of these pets find pasturage up above, and I can hear them whacking around about once a week in their class after rats. They are good, though noisy, rat catchers, but since they must be kept at all they catch, their filthiness seems to be limited to their length of stomach. The only way to get rid of the rats seems to be to buy more snakes, and this is simple enough, for you often see the natives hawking them around in town, the boxes curled up around bamboo poles, to which their heads are tied."—Public Opinion.

GOVERNOR STONE EXPLAINS.
Harrisburg, March 24.—Governor Stone to day was the following letter to J. B. Harshy, of McKeesport, who asked him for his views on the proposed reduction of the public school appropriation:
"I have been very much misquoted in the newspapers. I am not opposed to the appropriation to the public schools and regard it a very wise and judicious appropriation of the public revenue, but the amount heretofore appropriated is not in proportion to the amount of revenue received by the State. We have appropriated five and one-half millions annually, while our revenues are only eleven million dollars, and generally less than that, so that the appropriation to the public schools is more than one-half of the entire revenues received by the State. We have accumulated a floating indebtedness over and above the State funded debt of nearly \$4,000,000 which the State has not paid and cannot pay. This appropriation to the public schools is unreasonable, considering the revenue raised.
"Now we have reached a condition that is not an easy one. Past Legislatures have been appropriating more than the revenue anticipated. I am simply trying to do one of two things, and, of course, the Legislature must elect which it will be. Either increase the revenue or reduce the appropriations. I find that cutting off appropriations to a few schools and erecting private charities will not give us enough money to pay our debts, even in instalments of a million dollars a year, and continue this large appropriation to the public schools and maintain the institutions of the State to which the State is beholden. The State treasury now is nearly out of available cash. The Treasurer of the State is compelled to request corporations to advance money on taxes that are not due until the next fiscal year, in order to pay the necessary expenses of the State.
"This is a deplorable condition, and one for which there is no excuse. I am simply trying to preserve the credit of the State, which can only be done by paying the honest debts of the State. If the Legislature refuses to provide additional revenue, I think it better to reduce the appropriations to the public schools a little than to go on increasing our floating debt. We must be just before we can be charitable. This is my position. It is the only position I have ever taken."

Letter from a Woman

Dr. David Kennedy's Favorite Remedy frequently cures several members of a family. While it is considered by many to be a Kidney and Bladder Medicine, it is just as certain to cure Dyspepsia, Constipation, Rheumatism, Scrofula and Eczema. This is because it first puts the Kidneys in the healthy condition, so they can sift all impurities from the blood.
Here is a letter from Mrs. Capt. FERRA RACE, of N. Y.: "My husband was troubled with his kidneys, fearfully with shooting pains through his back. He took Dr. David Kennedy's Favorite Remedy, and is now well and strong. Although seventy years of age, he is as hearty as a man many years younger. I was so troubled with Dyspepsia that it was painful for me to walk. My food did me no good, as my stomach could not digest it. Somebody recommended Favorite Remedy to me, and after taking two bottles of it I was completely cured, and am feeling splendid now. We both attribute our good health to Favorite Remedy."
It is prescribed with unfailing success for Nerve Troubles, and for the Liver and Blood it is a specific. It has cured many that were beyond the aid of other medicine. Ask your druggist for it, and insist upon getting it. Don't take a substitute. It will cost you \$1.00 for a regular full-sized bottle.

Sample Bottle Free

If you want to try Favorite Remedy before buying, send your full post-office address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mention this paper. They will send you a free trial bottle, all charges prepaid. This genuine offer is made to prove to everybody what a wonderful medicine it is.
