Give them the little finger and they'll take the whole hand, holds good in common school matters as well as in other things. On the common school question, the adoption of the system of compulsory education school law adopted. We see the school term extended without the consent of the people of the respective districts. What next? Every right aimed at of the citizen is trampled upon by the common school law of today.
The man who was advertised to envelope himself in a sheet of fire and slide down a wire from the bridge to the island on Friday evening was prevented from doing so by foul weather. On Saturday evening he could have done so, but he had shaken the dust of the place from his feet, and left for parts unknown to his landlady who mourns for a week's board bill, and for parts unknown to Daniel Pannaker, whose wire he suspended between the blue Juniata below and the blue Heaven above.

There is a great deal of good in Chicago but there is a great deal of bad there. A writer on one of the newspapers of that city, says, that among other bad things there are no less than 1,850 disorderly houses. There are 1,000 state beer joints. There are 150 opium joints. There are more than 100,000 saloons. There are in the neighborhood of 50 panel and ladder joints. There are more than 800 wide-open gambling houses and there are alleged to be 1,000 criminals plying their vocation of theft and violence, all under protection. Houses and stores are robbed. Citizens are knocked down and robbed at night and even in broad daylight are murdered, sneaked thieves and pickpockets reap a harvest.
Ex-Sheriff Walls was in Harrisburg last week and looked in upon the law makers. On the question of the raising of money for the completion of the Capitol building, his views were, "Every-one is pleased with the plan of the building. If the State is pressed for business let the Capitol remain unfinished for this and next year, and the next if need be, will not spoil, and men will be as anxious to go to Harrisburg and make laws, unfinished as it is, as if it were in the most completely rate. When times improve finish the building." The Sheriff did not but how nicely he could have enlarged upon the matter, and urged that the common schools be dispensed with for a period of three years, and State appropriation taken to square up the public indebtedness. Three years without school would not hurt the children. School matters at the best are only mental training, text book learning, and text book learning does not add a single quality to the making of a good man or a good honest woman.

A PRESIDENT'S RECEIPTS.
President Lobbet, of France would seem to be blessed with a keen sense of humor, if an anecdote be true which is being told about him. When he returned from Versailles he went to the ministry of foreign affairs, and there, in a big hall, one end of which was bounded by a glazed partition, he received the official compliments of all "constituted bodies." As is always the case in these stories—though this particular one seems likely enough to be founded on fact—there was some one, a servant probably, on the other side of the glass partition. He had a perfect view of the long solemn, ceremonious procession of functionaries of all sorts, ages and sizes defiling, saying the correct little prayer and moving off again; for the hall was brilliantly lit up and the corridor was in darkness. When the presentations were over, the president remained behind with the secretary for a few moments, and this is what happened. The two men looked at one another, and—burst out laughing!
An Expensive Duck Egg.
Ducks' eggs are not usually expensive, but Levi Slater, of Butler, will have to pay over \$1,950 for one. Incidentally there was a suit for slanderous attachment. Last winter Slater accused a boy who lives with Mr. Olive Miller with stealing a duck egg. Slater was not overly polite in his accusation; consequently Mr. Miller had him arrested. A Justice of the Peace fined Slater \$25 and costs. Then Mr. Miller sued for slander and the jury recently awarded her \$1,950.

THE WAR.
The war in the Philippine Islands goes on, and while no general engagement has taken place, every day there is more or less firing along the picket lines, and every day adds to the list of wounded, and occasionally a soldier is killed. The Filipinos seem disposed to scatter when our men advance, and that has led to a disposition on the part of our commanders to divide companies into squads of a dozen soldiers and in that way follow up the Filipinos wherever they go, hunt them in their hiding places. There was considerable of a battle on Monday when the Santa Cruz on Lake Laguna De Bay was captured, six American soldiers were wounded, many of the enemy were killed and wounded. The American gun boats took a part in the fight. A considerable battle took place at 3 o'clock in the morning on Tuesday, 5 Americans were killed and 14 wounded.
DEWEY DAY.
By authority of the concurrent resolution of the legislature of Pennsylvania, approved March 21, 1899, which recognizes Monday, May 1, 1899, as the first anniversary of the capture of the Spanish fleet by Commodore D. W. Dewey, the State of Pennsylvania, in honor of the greatest achievement in naval warfare the world has ever known, and to enable the people of the Commonwealth of Pennsylvania to take part with the citizens of other States in the proper observance of said day, I, William A. Stone, governor of the Commonwealth of Pennsylvania, do hereby name Monday, May 1, 1899, as Dewey Day and designate the same as a legal holiday and recommend to the people of the State its proper observance.

SCHOOL DIRECTORS PAY AN ACT
Providing for the payment of school directors for attending the triennial convention for the election of county superintendent, and for the punishment of candidates who pay directors' expenses.
Section 1. Be it enacted, &c., That hereafter school directors of this Commonwealth who shall attend the triennial convention of directors for the purpose of electing a county superintendent, as provided by act of May eighth, one thousand eight hundred and fifty-four, shall receive one dollar each, and, in addition, the sum of three cents for every mile necessary to be traveled in going to and returning from the place where the election shall be held, the amount to be paid by the school treasurers of the respective districts on the proper vouchers, and the account to be audited as other expenses.
Section 2. And be it further enacted, that it shall be deemed a misdemeanor for any candidate for the office of county superintendent to pay or cause to be paid, directly or indirectly, any part of the expenses of any director who shall attend the triennial convention, and on conviction thereof such candidate shall be fined a sum not less than fifty nor more than three hundred dollars, at the discretion of the court.
Approved—The 18th day of March, A. D. 1899.

Negro's Skin Turning White
NEWARK, N. J., April 9.—Dinah Thompson, an old colored woman at the almshouse, was as black as ebony when she entered that institution fifteen years ago. To-day her skin is perfectly white, except for a few small patches of brown. She is eighty-five years old. The doctors say it is a case of "Addison's disease," which destroys the color in pigment of the skin. Her general health is excellent.

Letter from a Woman

Dr. David Kennedy's Favorite Remedy frequently cures several members of a family. While it is considered by many to be a Kidney and Bladder Medicine, it is just as certain to cure Dyspepsia, Constipation, Rheumatism, Sciatica and Eczema. This is because it first puts the Kidneys in a healthy condition, so they can sit all impurities from the blood. Healthy blood practically means a completely healthy body. Head, and sufficient took Dr. Kennedy's Favorite Remedy, and is now well and strong. Although seventy years of age, he is as hearty as a man many years younger. I was troubled with Dyspepsia that it was painful for me to walk. My food did me no good, as my stomach could not digest it. Somebody recommended Favorite Remedy to me, and after taking two bottles of it I was completely cured, and am feeling splendid now. We both attribute our good health to Favorite Remedy."

It is prescribed with unfailing success for Nerve Troubles, and for the Liver and Blood it is a specific. It has cured many that were beyond the aid of other medicine. Ask your druggist for it, and insist upon getting it. Don't take a substitute. It will cost you \$1.00 for a regular full-sized bottle.

If you want to try Favorite Remedy before buying, send your full post-office address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mention this paper. They will send you a free trial bottle, all charges prepaid. This genuine offer is made to prove to everybody what a wonderful medicine it is.
