John Musser of Fayette township, stopped his team of two horses with a third horse tied to right side of team on Bridge street, on Tuesday, and went into a store. When he came out, the animals started the team. The animals ran up Bridge street. Charles Adams stepped into the street from the corner of the Jacobs House and th-angled the horses to the left side of the street so far that when they passed the fountain the wagon on struck the fountain basin, but at such an angle that the wagon rebounded toward the street side. The top of the fountain was knocked off by the jar, but no serious damage was done. The recoil of the contact of the wagon with the water works checked the team and by the time they got among the posts and trees and horses tied at the side of the pavement, the run-aways had been secured. The satisfaction to Mr. Musser and the many spectators that had come from all directions to see what was to be seen. There being no damage Mr. Musser resumed his journey home as if nothing had taken place, which cannot always be done after a run away.

Senator Hertzler has engaged in the cutting of the bee. The other day there was a swarm unexpectedly. When the swarm took place the Senator's brother merchant John G. Hertzler had his family horse tied to fence along the alley at the rear of the lot. The swarm of bees located on the head and back of that gentle animal. It was more than the animal could patiently endure, and its rubbing and stamping excited the bees and they began to sting the animal. Douglas McLean succeeded in cutting the halter strap, and then came the task of getting free of the bees which was a job that required skill and bravery. The sting of the bee was not equal to the sting of a Mauser bullet, but the combined hum and sting of that swarm seemed to be as "fry" a thing to face as a Filipinos entrenchment. The Senator and his brother the merchant were equal to the occasion and succeeded in brushing off the bees and getting the beast in the stable. A doctor was called for the horse and at last reports he was still on the sod and the Hertzler brothers had also gotten over the bee stings and were again in good health.

The Bloomfield Advocate of the 21st relates as follows:—John P. Steele, Esq., of Duncannon, last Wednesday in crossing Cove mountain, with a horse and buggy, had an experience he will not soon forget. His horse suddenly stopped and refused to proceed further. In looking for the cause of the trouble, Mr. Steele discovered a large black snake lying across the road. He struck it with his whip, when the snake started after him; he seized a stone, but so rapidly did the serpent follow him, that he had no time to throw accurately. Recognizing that he must disable the snake or probably he would be killed in his despair he seized a club and then ensued a fierce battle. Mr. Steele endeavoring to disable the snake and the latter advancing warily and trying to entwine about him. A well-directed stroke finally stunned the varmint and before it could recover he succeeded in killing it. The snake was fully eight feet long, and as thick as a man's arm. Mr. Steele cut open the reptile and discovered that it had lately swallowed a large squirrel. Those familiar with the habits of snakes say, that if the snake had not been practically dormant after its meal of squirrel Mr. Steele would have hardly escaped its possibly fatal coils.

## Welcome News

Any information that tells how sickness and disease can be overcome is the most welcome news a paper can print. Although this is an advertisement, it contains facts of more vital importance than anything else in this newspaper.

It tells of a medicine known for over thirty years as Dr. David Kennedy's Favorite Remedy. It is a medicine that purifies the blood, and restores the Kidneys, Bladder and Urinary Organs to vigor and strength. Its principal ingredient is not alcohol. It does not ruin men's and women's lives by causing intoxication and fostering the appetite for strong drink.

Favorite Remedy cools and purifies the blood. It is not like the many "bitters," "compounds" and "tonics," now so widely sold, which heat and inflame the blood, doing more injury than good.

Favorite Remedy cures troubles of women just as certainly as it cures troubles of men. It restores the Liver to a healthy condition, and cures the worst cases of Constipation. It cures Scrofula, Salt Rheum, Rheumatism, Dyspepsia, all Kidney, Bladder and Urinary Diseases, Gravel, Diabetes and Bright's Disease.

"My complaint was Stone in the Bladder. Physicians said my case was hopeless, but Dr. Kennedy's Favorite Remedy cured me."—D. H. HOAG, Lebanon Springs, N. Y.

Sold in all drug stores for \$1.00 a bottle. One teaspoonful is a dose, and a free sample will be sent you. Please say you saw the advertisement in this paper, so we may know your request is genuine.

Sample Bottle Free! Every person troubled with any of the ailments mentioned above is offered a chance to try Favorite Remedy without any cost whatever. Send your full post-office address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y., and a free sample will be sent you. Please say you saw the advertisement in this paper, so we may know your request is genuine.
