Mr. B. W. Kaufman the enterprising carpet factory proprietor met with a painful accident recently by having his right foot caught in the machinery of the factory engine. One toe was clipped off and the adjoining great toe was so crushed that amputation became necessary. It is hoped Mr. Kaufman may soon be about in his usual useful way.

Dr. King's New Discovery.
C. P. Huntington one of the rich men in the United States gives this recipe for getting rich. "The best way to become rich is not to talk during business hours. Don't let your competitors know what your next move is. Eight hours sleep every day and twelve work. Do a little more than you agree. Meet bills as they fall due. Put by a \$1 bill out of every five you earn and invest it in some sound banking, railroad or real estate enterprise."

Dr. King's New Discovery.
At White Cloud, Mich., on the 31st of July, a threshing engine exploded and was blown 150 feet, driving it through the barn where it was at work. Half of the separator was carried with the engine through the barn. Six of the threshing crew were killed and two were severely injured. Low water in the boiler caused the explosion. The engineer knew the water was low and raked out the fire before turning on water, but the boiler was too hot when the water was turned on.

Bucklen's Arnica Salve.
"The testimony against you," said the police justice, "is clear and conclusive. You spend your time committing petty thefts." "Yes, your Honor," responded the prisoner, venturing to wink at the Court, "I am an embodied protest against the existing condition of things. I am a round robin, your Honor." But his Honor was equal to the emergency. "For the next sixty days, anyhow," he said, frowning at the prisoner, "you won't be around robbing. You'll be a jailbird. Call the next case."—Exchange.

Dr. King's New Life Pills.
While crossing the fields north of town last Monday, Rev. Wm. Pickens found an ancient looking "land turtle," but when he turned it to look on the under side he was more surprised at the ancient date that was plainly visible on the under shell. The old date surprised him more than the old appearance of the turtle. There was plainly to be seen the letter "C," and under the "C" were the letters "W. A.," and the figures or date 1776. The marks of letters and figures indicate that they were put on the turtle years ago, but it is an unsettled question whether they were placed there in the year 1776 or at a later date.

Dr. King's New Discovery.
Mr. Kurtz Kaufman another prominent and highly respected citizen of Fermanagh township, died about 6 o'clock on Monday morning, July 31, 1899, aged about 65 years. Mr. Kaufman lived on his farm about a mile south-east of town. He was an industrious and capable man, able to manage his affairs satisfactorily and for the good of himself and the public generally. The community is the better for his having lived in it. It all men were as he was, the prison house and the poor house would be institutions unknown in the land. In his early manhood days he did business with Squire George Jacobs, Sr., deceased as a merchant, in a building that stood on the corner of Main and Bridge streets. The corner is now vacant. The building was destroyed by one of the fires that swept that part of the town. But the life of a merchant was not as congenial to Mr. Kaufman's taste as farming and he retired from the store business and purchased what was once the Henry Moist farm and there lived the life of a farmer the past many years. His illness was not of long duration. On the 27th inst., he took cholera morbus. By the 28th he had greatly improved, but a relapse set in and was aggravated by heart complications. On Sunday he became unconscious in which condition he remained till on Monday morning when his spirit passed into a better world. A wife and three daughters survive him. One of his daughters is the wife of Senator Wm. Hertzler. The funeral takes place this Wednesday. Interment in Lost Creek Mennonite graveyard.

Critics of Bob Ingersoll are expressing the regret that he did not pass the ordeal of a long illness so that they might know what effect a surgical approach to the parasite of death would have had on his opinions.
On the 25th day of July at St. Cloud, Minn., James Hasen of Freepport and Agnes Herzog of Millwood, were seated on a porch at the house of a friend. The lightning struck the corner of the house and killed both. They were engaged to be married.
It is only about a dozen years since electricity began to be used in railroading. To-day the electric roads supply one hundred and seventy-five thousand men. Taking all the employees in the electric works of different kinds the number of people employed is about one million people.
Moses Pryor and John Matthews, both colored, fell out over a game of cards at Spruce Creek on the evening of the 22nd day of July. Matthews put three revolver shots into Pryor's body from the effects of which the latter died. Pryor's wife took up a pistol shot at Matthews, hitting him in the leg, but he escaped.

When the fire eating Canadian said in the Canadian Parliament that the Alaskan boundary line would be settled by war, he was rash in expression. Canada certainly does not desire war and the prime minister would think of all men would not want war. War to him would mean loss of a situation for the Americans would not be many years over-running Canada, and that would put him out of a job. He evidently did not look at the situation in that light when he delivered his war talk.

The Upper Tuscarora and Pail Valley Harvest Home Association will hold its 17th Annual Picnic in Leonard's Grove on Saturday, August 26th, 1899. This is one of the most beautiful groves in the Tuscarora Valley and is the most accessible. The T. V. R. runs through it and offers low excursion rates from all points.

Christian Neal languishes in Huntingdon jail on account of too much familiarity with another man's property. Without consent he took a horse and buggy owned by Lewis C. Giffard below Mt. Union and drove to Orbisonia and there turned the horse loose. If they had Neal in the west he'd be hung to the limb of the first tree big enough to hold him. In Huntingdon they'll only give him a few years in prison for horse stealing.

The horseless carriage is rapidly coming into use, and that will give another back-set to the horse trade. It will not be many years till almost all the hauling will be done on the streets of cities by the horseless wagons. Already express companies in a number of places have adopted the method. The distance has recently been made from Cleveland to New York, 707 miles in 47 hours at the rate of about 15 miles an hour. A man owning a horseless carriage in Mifflintown could go to Philadelphia in 12 hours. Starting at midnight on a moonlight night, arriving there next noon. The next thing will be an invention to take the place of the horse for plowing purposes. The adoption of the horseless wagon must needs affect the price of corn and oats, for such things do not eat oats and corn, and every horseless carriage that is made is just that much less demand on the corn, oats and hay crop.

Saved from the Surgeon's Knife

No organs are of greater importance to the human body than the Kidneys. Their duty is to sift and strain the poisonous and waste matter from the blood, and if they fail to do this, the trouble shows in the nervous system, and even in the brain. Your life is at stake when there are pains in the small of your back—when you are compelled to get up at night to urinate—when the passing of water causes scalding pain—when there is a sediment in the urine in the vessel, or when it appears white or milky. When so afflicted, you can conquer the trouble with Dr. David Kennedy's Favorite Remedy, the greatest medicine that civilization has ever known for curing Kidney, Bladder, Blood and Liver Diseases.

James Lettice, of Canajoharie, N. Y., tells of his wonderful cure: "Some years ago I was attacked with pains in my back and sides that were fearful. I could not control my kidneys, and what came from me was filled with mucus and blood. An Albany doctor was to perform an operation upon me, and said my home doctor could take care of me after. I saw an advertisement of Dr. David Kennedy's Favorite Remedy, which seemed to fit my case, so I decided to try that before I submitted to the operation. I began its use. When I had taken about two bottles the flow from the bladder grew clearer, and the pain stopped, and in a short time I was saved from the surgeon's knife, and am now well."

Favorite Remedy also cures Ecsema, Scrofula, Rheumatism, Dyspepsia and Constipation. For Female Troubles it is unequalled. It is sold for \$1.00 a bottle at all drug stores.

Sample Bottle Free! In order that sufferers may be convinced of the curative virtues of Favorite Remedy, a free sample bottle will be sent, prepaid, to those who send their full postoffice address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y. It is necessary to say that you saw the advertisement in this paper if you wish to take advantage of this genuine and liberal offer. Send today.
