It is only one short year since the bitterest defamatory campaign was waged in this state against the republicans. First came Mr. Jenkins. The theme of his campaign was that republicans obtained money out of the State Treasury to use for individual purposes and for political purposes. Then came Mr. H. W. H. His theme was that republicans obtained money out of the State Treasury to use for individual purposes and for political purposes. Then came Mr. H. W. H. A CIVIL WAR EPISODE
THE RAID UPON PORT GIBSON AND WHAT CAUSED IT.

Fifty Aristocratic Southern Girls Were Taken as Prisoners of War and Were Carried to Vicksburg and There Held as Hostages.

"I was mixed up in one little unrecruited event of the civil war," said General B., "that was interesting from its very unusualness, and which, as I look back upon it, seems strangely picturesque. We were attached to what was known as the marine brigade, a little fleet of 12 "tinclad" river steamboats that piled up and down the Mississippi river after the surrender of Vicksburg. The term "tinclad," by the way, is somewhat misleading, as it is not connected with the white metal, but signifies rather boats heavily planked with oak for the purpose of protecting them, somewhat from the ravages of bullets.

MILLIONS GIVEN AWAY.

It is certain gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. Dr. J. J. Crawford, of the S. P. Crawford Drug Co., has given away over ten million trial bottles of his great medicine; and has the satisfaction of knowing that he has absolutely cured thousands of helpless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs, are cured by Crawford's Great Cough, Croup and Asthma Remedy. Get a free trial bottle. Regular size 60c. and \$1. Every bottle warranted, or price refunded.

TRIBUTE OF RESPECT.

According to appointment by Supt. S. B. Bessley, a committee of four ladies of the Methodist Episcopal Sunday School of East Waterford, Pa., who being members of the class of which the deceased was teacher with the pastor Rev. M. S. Darline as chairman, met on the evening of October 2, 1899, at the M. E. Parsonage and adopted unanimously the following resolutions:—

SINGULAR FISH CRADLES.

A Father Fish Who Hatches His Young in His Mouth.

In the Nile there is a singular fish that has been known from early Bible times. It is dedicated to the Apostle Simon or Peter, is known as Tilapia monis and is especially common in Palestine and the lake of Tiberias. It is a singular method of caring for their young. At the time of spawning the mother fish forms a little nest among the rocks and rushes, in which she deposits perhaps 200 young eggs, about the size of shot, which she immediately deserts. Curiously enough, in all the thousands of fish but three or four instances are known where the mother displays an affection for her young or remains near them.

RELIABLE COWCATCHER.

By this whimsical incident the Chicago News reminded us that in real life as well as in the dictionary words have more than one meaning.

THE PIANO DETECTIVE.
Work That Keeps a Sleuth Busy Most of the Time.

"Did you ever hear of a piano detective?"

The city hall detective scratched his head reflectively and then was compelled to admit that he had never heard of such an individual.

RECIPE FOR RAINMAKING.
Sulphuric Acid, Water and Zinc

Some years ago Kansas was overrun with so-called "rainmakers" who did a thriving business in vicinities afflicted with drought. The Rock Island railroad had a rainmaker who traveled about the country in an open car and made the rain fall in Texas to Iowa. At the time the process employed was guarded as a secret, and no doubt the mystery surrounding the operation had much to do with the interest aroused among the people.
