JOHN I. MITCHELL has been placed on the republican stateticket to fill the vacancy caused by the resignation of Josiah R. Adams. Mr. Adams was unfortunate in confidence swindling corporations. He said he did not know the nature of the schemes when he consented to the use of his name as an officer of the concern. The discovery of his name among the promoters of questionable business enterprises was a great surprise. The republican party is strong in its integrity and if a law is ever passed to prevent the watthe people, it will be the republican party that will have to pass such a law. The quicker such a law is passed the better. There are thousands of confidence swindling corporations launched every year that have not one single honest breath, the whole purpose of the organization is for the promoters to float their worthless paper promises long enough to sell their bonds and stocks, pocket the money and let the worthless thing drop.
