Dr. King's New Life Pills. Edward Bartley, who has had the traveling agency for a horse shoe nail factory for the past seven years says the November just closing has been the mildest November since he has been in the horse shoe nail business. Dr. King's New Life Pills. A recent writer on the Cuban situation says the present generation will have to pass away before self government can be established, because so many people cannot read and write. Perhaps that is true, but what will the writer say when the truth is told that here in Juniata county, Pennsylvania, intelligent voters have elected school directors who cannot read or write.

Dr. King's New Life Pills. On Saturday evening James Bergy, who lives on the chicken farm of John J. Patterson, Esq., came to town and hitched his horse to a post in front of Stewart Ellis's store. The horse and buggy belonged to Mr. Patterson. When Bergy was ready to go home his conveyance was gone. Inquiry on the street soon acquainted him with the fact that it had been driven away in the direction of Lewisburg. A warrant was quickly gotten out by Squire Frank Patterson on the charge of horse stealing and placed in the hands of Sheriff Stoner and Officer Lapp, and they with Messrs. Patterson and Bergy drove hastily in the direction of Lewisburg. About a mile north of town they found the conveyance. The horse was securely tied to a post and he was blanketed. They went into the nearby house and there found Randolph Stutts, who had taken and driven the horse from town to that place. Stutts was in a state of fulfillment, and in his maudlin

condition was brought to town and lodged in jail for a hearing on Monday. Before the Squire on Monday he stated that he had no intention of committing an offense against anyone, and that he did not know that he had taken the horse and buggy, and had no knowledge of having been brought to town and lodged in jail. That he did not know of his confinement till sometime during Saturday night or early on Sunday morning when his maudlin condition was wearing off. He had come to town on Saturday evening on the 5 o'clock train, and soon thereafter did what got him into trouble. There was no evidence to hold him under the charge and he was released.

George McCulloch died alone amidst the rattle of his mill at McCulloch's Mills last Friday morning. The milling business was brisk requiring the mill to be run day and night. Mr. McCulloch himself took a hand at running the mill. He chose for his hours the after midnight part of the day. He knew all about milling and mill machinery. Last Friday morning he went to work at midnight. The next morning at 4 o'clock his lifeless body was found wedged in between a shaft and the wall on the garret where he had gone to oil some of the machinery. His coat had been caught by the swiftly revolving shaft, and he was pulled around and wedged in between the shaft and the wall and squeezed to death. He was a young man about 35 years old, and his loss to his many friends will be greatly felt.

Put sods on a burn and wrap with coal oil. The list of candidates for Commissioner's Clerk is large. Colonel Wm. Bell attended the Bloomfield court last week. Venango county puts her convicts to work on the public roads. The teachers had No. 1 weather at the opening of their institute. A few bushels of potatoes will be taken at this office on subscription. Hon. L. E. Atkinson was in Perry county relative to court business last week. C. rislie meteor watches counted 161 meteors in three hours on the night of 23rd inst.

The frosts have ripened persimmons and the question is no longer asked, "can you whistle, Jamie?" Schools in Phillipsburg, N. Jersey and schools in Greensburg, Pa., have been closed by an epidemic of diphtheria. A number of wheat growers say there are a good many fly in the wheat and their work will be revealed in next year's harvest. Rev. Pickens of the Methodist church, will preach a union Thanksgiving sermon in the Presbyterian church on Thanksgiving Day. Andrew Clouser has the contract for the building of the new United Brethren parsonage in Bloomfield, Perry county. The building is to be 26x32ft.

The Americans captured Aguinaldo's wife, his government office and have him on the run. He'll have to be a good traveler to keep ahead of the Americans who are on his trail. The bicycle craze is over. The wheel will doubtless be used a great deal for business and traveling purposes, but not for fun. The fun of running a bicycle is like the fun of hard work, and no pay for it. A well fixed aged citizen of Monroe county advertised in a Stroudsburg newspaper for a wife. He received a thousand answers from that and adjoining counties and now he is perplexed about making a selection. Rev. Walter K. Harnish has accepted a call for pastoral service in the Lower and Middle Tuscarora churches. Presbytery appointed a committee on installation for the second Thursday in December: Rev. R. M. Campbell to preside and preach the sermon; Rev. Mr. Stoen of Alexandria and Rev. A. N. Raven to deliver the charge to the people. Huntingdon Journal, November 23. For about eighteen months the knitting mill has been running smoothly with steady employment and plenty of orders ahead. Five of the girls have been looping and turning, Mr. Funk believing there would be a better output by having the five girls looping only and cutting down the price per doz., one half cent on looping, issued notice to that effect. The five looper went to the office and demanded the one-half cent should not be taken off or they would quit. Mr. Funk says that in cutting the price one half cent and the girls do looping only there would be no change in the daily pay. The girls were discharged. New hands at looping will reduce the output for awhile. Forty some girls are employed, their pay averaging from 35 to 90 cents a day. The Lutheran congregation in this town have resolved to build a new church where the parsonage stands. The parsonage is to be taken down and the church is to be erected on the corner of the lot with parsonage connecting on the south side. The two buildings are not to cost over thirteen thousand dollars and work on the enterprise is not to begin until ten thousand dollars are within sight. Over eight thousand dollars are subscribed and it is confidently believed that the remaining five thousand can be secured. The present parsonage is a handsome and commodious building, but a crack in the wall has created uneasiness, that perhaps the crack in time may grow larger and necessitate considerable expense to rectify and therefore, all things considered, it is deemed just the thing to do to kill two birds with one stone and build at one time both a house of worship and a house for the preacher under one and the same roof. A. J. Pettit, sold his farm between Port Royal and Mifflintown to Col. Thomas Moorhead, for three thousand dollars.

Letter from a Woman

Dr. David Kennedy's Favorite Remedy frequently cures several members of a family. While it is considered by many to be a Kidney and Bladder Medicine, it is just as certain to cure Dyspepsia, Constipation, Rheumatism, Sciatica and Eczema. This is because it first puts the Kidneys in a healthy condition, so they can sift all impurities from the blood. Healthy blood practically means a completely healthy body.

Here is a letter from Mrs. Capt. PATER RACE, of N. Y.: "My husband was troubled with his kidneys, fearfully with shooting pains through his back. He took David Kennedy's Favorite Remedy, and is now well and strong. Although seventy years of age, he is as hearty as a man many years younger. I was so troubled with Dyspepsia that it was painful for me to walk. My food did me no good, as my stomach could not digest it. Somebody recommended Favorite Remedy to me, and after taking two bottles of it I was completely cured, and am feeling splendid now. We both attribute our good health to Favorite Remedy." It is prescribed with unflinching success for Nerve Troubles, and for the Liver and Blood it is a specific. It has cured many that were beyond the aid of other medicine. Ask your druggist for it, and insist upon getting it. Don't take a substitute. It will cost you \$1.00 for a regular full-sized bottle.

Sample Bottle Free

If you want to try Favorite Remedy before buying, send your full post-office address to the Dr. David Kennedy Corporation, Rondout, N. Y., and mention this paper. They will send you a free trial bottle, all charges prepaid. This genuine offer is made to prove to everybody what a wonderful medicine it is.
