AWAY with expansion abouts Mr. Bryan, but Mr. Bryan is a practical expansionist. He expanded in the west and grew up with the country.

AMERICAN dealers in booze have begun to ship their drinks to Manila where saloons and bars like in America are opened. What effect American club life will have upon the inhabitants of the far away part of the world, time alone can tell. A large percentage of Americans like club life as represented in its various phases, from the open saloon and bar-room to the more exclusive club room where only those are admitted who are members.

KENTUCKY is now undergoing a new attack of uncivilization over the question of the Governorship in which Wm. Goebel one of the two contestants for the office of Governor lost his life from a steel bullet shot from a Krag-Jorgensen rifle by a murderer in ambush. The bullet pierced the coat of mail that Goebel wore, and passed through his right lung and with the links of the broken coat of mail made a frightful wound. Goebel was shot as he was passing across the Capitol grounds at Frankfort, Ky., on the 30th of January and died on the 3rd of February. Goebel was one of two democratic candidates last fall for the Governorship against the republican candidate W. S. Taylor; the democrats being divided Taylor carried the state by two thousand three hundred and eighty-three votes and was installed Governor on the 12th day of December 1899. Goebel had contested his election before all of the tribunals made and provided for such cases and when the Legislature convened he came forward in that body as a contestant. It appears that the Legislature at a previous session had passed a law to meet cases of contest for the Governorship and lodged the settlement of contested cases with the legislature. When the present Legislature convened the Goebel had a majority of 32 on joint ballot, and using their majority they declared Goebel the Governor of Kentucky and preparations were being made to seat him as the chief executive of the state when the assassin's bullet laid him low. The youth of office was administered to him while he lay on his death-bed. The Chief Justice of the Court of Appeals administered the oath. The candidate for the Lieutenant Governorship Beckham on the ticket with Goebel was also sworn in as Governor. At first the assassination was believed to be of a political nature by some half hearted democrat or republican, but it is now believed that politics had nothing to do with the murder. It grew out of a business transaction of some years ago when an effort was made to reduce the toll on a bridge across the Ohio river between Mifflintown, Pa. and Belmont, Ohio. Goebel had the bridge toll reduced to one cent by act of legislature. A man named John Sanford owned stock in the bridge. He was enraged at Goebel for having the bridge toll reduced and berated Goebel in a newspaper article. Goebel replied through a newspaper in such a way that Sanford declared that he would shoot Goebel on sight. Not many days afterwards Goebel was passing a bank just as Sanford came out of the place. "Did you write that article?" asked Sanford. "Yes," replied Goebel. Sanford swung his hand to his pistol pocket. Goebel was to quick for him, drew his pistol and shot Colonel Sanford dead. Goebel was arrested and tried for murder, but was acquitted on the plea that the shooting had been done in self defense. It is now said that one of Sanford's friends took advantage of the political disturbance to shoot Goebel, believing that the shooting would be attributed to some other person for political reasons. There is excitement in Kentucky at this writing, Tuesday, February 5, and the outcome is not clear. An effort is being made to settle the trouble in the courts. Governor Taylor has called the Legislature to meet at London. The Goebel members have scattered and will not attend at London.

Mr. Frederic Espenschied has shipped five car-loads of walnut logs from this station. The logs were collected from fields on farms within a distance of six miles of Mifflintown.

Bucklen's Arnica Salve. A long train of horses and carts from railroad tunnel work at Spruce Creek passed through town on Sunday. It is said the train belonged to contractor Tennis of Thompsonston.

The grave of President John Tyler is unmarked in a cemetery at Richmond, Virginia, except by a small head-stone that the cemetery association set up to mark the grave for sight seeing strangers.

Dr. King's New Discovery. The disappearance of Mabel Amand an 18 year old school girl from her home at Burnham, Mifflintown, is a mystery that has aroused in that community the greatest attention and sympathy toward the girl and her parents.

Bucklen's Arnica Salve. The 43rd and 47th regiments in the Philippine Islands have recently captured 9 towns. They overcame the Filipino army of 5000, 1000 had rifles; 4000 were armed with wooden implements of war. About 75 of the enemy were killed.

Dr. King's New Life Pills. Rev. A. N. Raven took his departure at 5 p. m., on Monday for Seattle, Washington State, a place where the roses bloom out-doors the year round. He'll preach in Seattle next Sunday if the Lord's willing. A number of church members friends were at the station to bid him farewell.

Dr. King's New Life Pills. How lightly people talk about war; how lightly they talk about making common cause against England and wiping her off the map of nations. What an awful calamity that would be to involve millions of innocent people in deadly strife. The people of the world should be well nigh on far enough in intelligence to stand up for their rights and see to it that war is not engaged in or started by the office-holders without the expressed consent of the people. If the people were consulted before engaging in war few wars would be engaged in.

The island of Cuba has a population of a million and a half of people. That is fifty thousand less than when the last census was taken by the Spanish in 1887.

Washington's birth-day will be made interesting at Harrisburg by the occasion to officially receive on the part of Governor Stone, a number of cannon captured from the Spaniards during the late war for humanity and free government.

Jacob H. Stoner who lives near Shade mountain north of town says a bear came down into the valley the other night and invaded France Hower's barn-yard and tried to break into the hog-pen. It caught and devoured a pea-fowl that was about the hog-pen.

The sun came up in a cloudless atmosphere in this valley on the morning of ground-hog day, which according to old time story means six weeks more of winter. The ground-hog story comes from the barlesque of Protestants on the credulity of the Catholics.

A few more weeks and the long holiday that the farmers have during the winter months will have passed and they will be busy with their farm work. The farmer's life is the best, if he is contented. However, if a man is discontented any calling he pursues is misery to him.

Hollobaugh & Son have been uncommonly successful in conducting the clothing business and find their present quarters too small for their expanding business. On the 1st of April 1900, they will open in the large store room formerly occupied by Joseph Pennell in Patterson. Great bargains may be obtained now from them. You know where they do business, always obliging and ready to suit you with whatever you want. Drop in and learn for yourself. After April 1st, 1900, they will be in their new and enlarged quarters with a new stock, but you can get a bargain before they move as well as after they move.

Rev. A. N. Raven late pastor of Westminster Presbyterian church in this town is on his way to Seattle, Washington State, having been called there to preach for a Presbyterian congregation. He preached his last sermon in this town on Sunday evening. The evening was marked with rain and sleet, but with all that a large congregation was present to hear his last sermon and wish him farewell. His sermon was from the 20th chapter, 32nd verse of the Acts of the Apostles: "And now, brethren I commend you to God, and to the word of his grace which is able to build you up, and to give you an inheritance among all them which are sanctified." Mr. Raven leaves under better conditions than any of his predecessors since Rev. Matthew Allison, who after many years preaching died pastor of the congregation.

A Word of Warning

The trouble with thousands of women is not "female weakness," although many physicians suppose it is. The real trouble lies in the Kidneys, Liver and Bladder. Doctors often fail to effect a cure, simply because they don't as men can ascertain for themselves the right remedy. Women as well as men should be careful of their Kidneys if they are diseased.

Simply fill a bottle or glass tumbler with urine and let it stand a day and a night. If there is a sediment at the bottom, something is wrong with the Kidneys. If there is a desire to urinate often—if there is a pain in the small of the back—if the urine stains linen—look out! The Kidneys are diseased.

Ladies can take Dr. David Kennedy's Favorite Remedy with perfect assurance of relief. It will cure them of Kidney, Liver and Bladder disorders just as certainly as it cures men.

Mrs. G. W. DAVENPORT, of West Troy, N. Y., says: "I was troubled with my Kidneys, and suffered intense pain in my back and joints. The wife of Dr. Robinson, pastor of the First Avenue Methodist Church, recommended Dr. David Kennedy's Favorite Remedy. I got some, and have used it ever since, with the result that I am greatly benefited. All pains have left me, and I am like another person."

Dr. David Kennedy's Favorite Remedy is a perfect blood and nerve medicine. It restores the liver to a healthy condition and cures the worst cases of constipation. It is a certain cure for all diseases peculiar to females.

Sample Bottle Free

Favorite Remedy is such a certain cure that the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y., will forward, prepaid, a free sample bottle to every sufferer who sends his or her full postoffice address and mentions this paper. The fact that our liberal offer appears in this paper is a guarantee of its genuineness.
