Every one knows what foolscap paper is, but not every one knows why it was so called...

Two Little Girls. The lady little girl that shivers all day in the winter, comes her little girl. With a dreadful pin in her head...

The Sun Worship. The most complete system of sun-worship that we have any account of was that existing in Peru when discovered by the Spaniards in 1526...

At the Buttons. Grandma could not believe her eyes. She had herself sewed buttons on Margaret's and Dorothy's new clothes...

His Serious Studies. "What study are you pursuing?" asked the landlady of the new boarder, who had told her he was a student...

He Won the Game. "How is your brother, Tommy?" "Wick in bed," he's hurt himself. "How did he do that?"

Those who read every book they can hold of, swallowing them whole, contract a literary dyspepsia that is hard to cure.
