Saved from the Surgeon's Knife

No organs are of greater importance to the human body than the Kidneys. Their duty is to sift and strain the poisonous and waste matter from the blood, and if they fail to do this, the trouble shows in the nervous system, and even in the brain. Your life is at stake when there are pains in the small of your back—when you are compelled to get up at night to urinate—when the passing of water causes scalding pain—when there is a sediment in the urine in the vessel, or when it appears white or milky. When so afflicted, you can conquer the trouble with Dr. David Kennedy's Favorite Remedy, the greatest medicine that civilization has ever known for curing Kidney, Bladder, Blood and Liver Diseases.

James Lettice, of Canajoharie, N. Y., tells of his wonderful cure: "Some years ago I was attacked with pains in my back and sides that were fearful. I could not control my kidneys, and what came from me was filled with mucus and blood. An Albany doctor was to perform an operation upon me, and said my home doctor could take care of me after. I saw an advertisement of Dr. David Kennedy's Favorite Remedy, which seemed to fit my case, so I decided to try that before I submitted to the operation. I began its use. When I had taken about two bottles the flow from the bladder grew clearer, and the pain stopped, and in a short time I was saved from the surgeon's knife, and am now well."

Favorite Remedy also cures Eczema, Gout, Rheumatism, Dyspepsia and Constipation. For Female Troubles it is unequalled. It is sold for \$1.00 a bottle at all drug stores.

Sample Bottle Free! In order that sufferers may be convinced of the curative virtues of Favorite Remedy, a free sample bottle will be sent, prepaid, to those who send their full postoffice address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y. It is necessary to say that you saw the advertisement in this paper if you wish to take advantage of this genuine and liberal offer. Send today.
